### Summary of Meeting

- Two members of School Council attended (with support from Michelle Keay) to present the views of the 7 School Council members; gathered during their last School Council Meeting on 11.03.19
- TK introduced the proposals, outlined the current pressures on the City's specialist education estate and emphasised the importance of working in partnership to meet students' needs.
- TK welcomed the comments and queries from the School Council members.

The following questions and comments were raised on behalf of School Council members:

- Of the 7 members asked, 5 were happy with the idea and 2 were sad.
- Overall the students felt that it would be a good idea.
- One of the students said that she likes to sing and would like to have more room for musical instruments.
- The students that were happy with the idea felt the proposal would mean more friends to play with and that would make them happy.
- Two students thought that too many people would mean not enough space.
