BACKGROUND AND FUND STRUCTURE

The West Midlands Pension Fund is one of the largest pension funds in the United Kingdom with over 650 contributing employers. To maintain a high level of customer service, it is essential that the Fund develops strong partnerships with its stakeholders.

The City of Wolverhampton Council is the administering authority for the West Midlands Pension Fund under the Local Government Pension Scheme (LGPS). The LGPS is established by statute and its purpose is to provide death and retirement benefits for all eligible employees.

The Fund is not a legal body in its own right, and all contracts and assets are held in the name of the City of Wolverhampton Council who became the administering authority under the Local Government Act 1985.

The Fund's participating employers include the seven districts in the West Midlands together with numerous other public sector employers. A full list of the employers within the Fund is contained within the Fund's annual report, available on request.

The City of Wolverhampton Council delegates responsibility for the administration and management of the Fund to the Pensions Committee which comprises 20 trustees (ten City of Wolverhampton Council members, one elected member from each of the six district councils and four (non-voting) trade union representatives), together with 12 Pensions Board members and 135 full-time equivalent staff.

The Managing Director of the City of Wolverhampton Council, who is also the Head of Paid Service, delegates certain responsibilities to the Director of Pensions who, in turn, delegates to officers.

In addition, the Fund has the statutory Local Pensions Board whose role is to assist in the good governance of the scheme by ensuring compliance with statutory and regulatory duty; they have no decision-making powers. The Local Pensions Board consists of an equal number of employer (6) and member (6) representatives.

One of the Fund's key objectives is to provide a customer-focused, quality service delivered cost-effectively, with the aim of securing the future of its members pensions:

This document has been created to define the methods by which the Fund will support employers in attaining the expected standards and to formalise the ways in which it will support performance and monitor compliance. Furthermore, the Employer Engagement Roadmap has been designed to compliment both the *Pension Administration Strategy* and the *Customer Engagement Strategy* to improve outcomes for all stakeholders of the Fund.

PURPOSE OF THE ENGAGEMENT ROADMAP

The Fund needs to ensure that employers are providing accurate, relevant and timely information to ensure compliance with the Local Government Pension Scheme Regulations 2013, the Occupational and Personal Pension Schemes (Disclosure of Information) Regulations 2013 and other statutory requirements. The purpose of the Engagement Roadmap is to outline the framework the Fund has implemented to enhance the performance of both the Fund and its employers through partnering and support.

The Fund is dedicated to evolving, developing and communicating effectively with its members and employers to drive efficiencies and deliver value-for-money services.

The intentions of the Engagement Roadmap are:

- to ensure the Fund is able provide a high-quality pension service to members and employers in line with the agreed standards outlined in the Pension Administration Strategy (PAS);
- to develop a collaborative partnership with the Fund and scheme employers to improve efficiency, quality and service to Fund members;
- to ensure the performance standards expected from employers are reasonable, monitored and delivered ensuring both the Fund and its employers are able to meet statutory responsibilities whilst ensuring the delivery of good customer service to Fund members;
- to ensure the Fund has an efficient and effective monitoring procedure for ensuring employer performance in line with the PAS;
- to provide feedback and support to help aid improvement and where appropriate levy charges where the Fund identifies a failure to meet the required standards as required by the PAS; and
- to provide transparency and clarity to employers outlining the actions that may be taken where performance standards are not met and/or when persistent non-compliance occurs.

RESPONSIBILITIES OF THE FUND

- The Fund will endeavor to maintain accurate and up-to-date employer contact information through the regular feedback and contact it has with its employers, noting the reliance on employers to inform the Fund of any changes.
- The Fund will provide ongoing support tools for employers to include but not limited to:
 - employer coaching
 - employer peer group
 - Employer Brief (quarterly newsletter)
 - web portal access including online support guides
 - employer surveys
 - telephone and email support
 - technical pensions support/regulatory updates
 - bulk data import functionality via the web portal

EXPECTATIONS OF THE EMPLOYER BY THE FUND

The Fund requests that employers recognise the importance of ensuring the following:

- The Fund is to be kept informed of any personnel/resource changes to facilitate engagement. Changes to contact details are to be communicated to the Fund in a timely manner to avoid delays in the transfer and exchange of information.
- Engage with the Fund at an early stage where issues are identified that may impact on performance and/or data quality. Changes to the organisational structure which may impact on the Employers ability to perform its statutory functions are to be communicated at the earliest opportunity.
- Embrace the Fund's provision of support. By actively participating with the Fund, employers can help shape the future service provision and become partners for success. Through effective partnership working the identification of new working practices and solutions will help meet member expectations.
- Keep the Fund updated on significant movement of membership profile. Notification should be given to the Fund in advance where possible of any employer initiatives, policy decisions or practices which impact on member benefits.

IMPLICATIONS OF POOR PERFORMANCE AND LOW LEVELS OF ENGAGEMENT

Where performance issues exist or levels of engagement are deemed to be low, the Fund will work with employers. However, if improvement is not seen there could be the following implications:

- Members may not receive accurate benefit information and/or benefits may not be paid on time.
- Increased complaints from members where information and/or benefits are unable to be provided in a timely manner or are incorrect.
- Payments being made to members in recognition of distress and inconvenience (as and when directed by the Pension Ombudsman) where poor performance impacts on the ability to provide correct information and/or benefits.
- Reputational and potential financial consequences for the Fund and/or its employers where under performance results in a breach report being made to The Pensions Regulator.
- Reduced capacity for the Fund and/or employer to be able to carry out statutory functions
- Increased administration costs for the Fund, which may be passed to the relevant employer.

WHAT TYPES OF ENGAGEMENT ACTIVITIES WILL THE FUND UNDERTAKE?

The Fund will provide support and training to employers to aid improvement and increases performance levels using the following channels:

- Employer dashboards
- Employer coaching
- Bespoke training sessions and workshops
- One-to-one meeting attendance at the Fund's office or employer premises.
- Employer Peer Group
- Online Videos
- Employer consultation groups
- Online guidance and assistance
- Webinars

HOW WILL THE FUND MONITOR AND COMMUNICATE AREAS OF IMPROVEMENT WITH EMPLOYERS?

Data Improvement Plan

The Fund's Data Improvement Plan sets down its responsibilities in relation to record keeping and data quality, providing assurance to members that their data is managed in compliance with the statutory obligations placed upon the Fund.

The plan identifies areas for improvement in the Fund's record keeping based on complex analysis of the information the Fund holds and receives from its employers about its members.

Trustees and Scheme Managers should review their data at least once a year and if there are any issues, put an improvement plan in place to address them. The improvement plan clearly sets out the steps to be taken to improve the data held.

Failure to maintain accurate records can put the Fund and its officers at risk of failing to meet their legal obligations which could result in the Regulator taking enforcement action to remedy and rectify inaccurate data. There is therefore both a legal and reputational risk to holding inaccurate data.

Employer Brief

The Fund's quarterly newsletter will be used to communicate on areas of interest and benefit to its entire employer base – to include but not limited to:

- Technical, regulatory and legislative updates
- Provide details on upcoming member and employer events
- Feedback on employer events
- Top tips to drive efficiencies and increase capacity
- Information regarding the Fund's current focus and workloads
- Information deemed useful to aid employer administration

Next Steps

Where the Fund identifies a need for intervention, it will monitor performance and the rate of improvement with regards to data quality and timeliness of employer requirements via the use of employer dashboards initially. The Fund will request to meet with the employer to discuss a way forward.

Where all options have been exhausted with respect to support or where the offer of assistance from the Fund is declined or ignored by the employer, the Fund may use its powers under the LGPS Regulations 2013 which can extend to consideration of a report to The Pension Regulator.

The following circumstances may result in the Fund taking more formal action against an employer:

- Performance continues to fall below that expected, and no improvement can be measured.
- All reasonable steps have been taken and exhausted by the Fund to improve employer performance.
- The Fund's ability to perform statutory functions and/or measures has been impacted.
- Additional costs are being incurred by the Fund due to employer underperformance.

The Appendices to this document provide clarification of the escalation procedures the Fund intends to follow where the performance of an employer falls below the required level, and where one or more of the above situations has or is liable to occur.
