Please provide as much information as possible to support the application (please read guidance note 3)

This review application outlines a recent incident of serious crime and disorder that took place at the premises. During the course of the investigation into the matter, several concerning licence breaches have been identified.

Malones Bar public house is situated at 35a Lichfield Street, Bilston, Wolverhampton. It is an outer city property that is situated on the main thoroughfare between Wolverhampton and Bilston. It is surrounded by mainly commercial premises and is a short distance from Bilston High Street.

The hours of trading are Monday to Sunday; 10:00hrs to 00:30hrs with alcohol sales between 10:00hrs to 00:00hrs.

The premises licence holder is Mr Phillip ADAMS of 7 Linton Croft, Bilston, Wolverhampton, WV14 0QE.

Mr Garfield McDONALD is the DPS; he has been in post since December 2013. Mr McDONALD holds a current valid personal licence; reference number WS/PEL/1674 issued by Walsall Council.

**On Saturday the 7th of November 2015 at 02:48 hours**, a 999 call was made from the callers' home address, stating that her son has been beaten up outside the Spread Eagle and the offender is known to them. The offender is then named by the caller. The caller then requests an ambulance and claims her son has had his face smashed in and knuckles injured.

Officers were despatched to the address and have spoken with the victim of the assault and obtained clarity on the details however, due to the victim being intoxicated and having injuries he was taken by ambulance to hospital for treatment. During his initial explanation of the incident, the victim stated he had been at Malones, 35a Lichfield Street and had been set upon by a group of males. He then names the main offender and describes being attacked and having his mobile phone and house keys stolen.

The victim attended Wolverhampton Police station at around 16:30 hours on the 7<sup>th</sup> of November 2015 and provided a full witness statement, a redacted copy of which is attached.

A crime number for Robbery was issued under reference number 20WV/205140F/15 with a copy attached (redacted accordingly).

Log number 315 – 07/11/2015 refers and is attached (redacted accordingly).

**Summary of male victim witness statement:** (From now on referred to as MV) MV reports that he had been out drinking in Wolverhampton with his father and had been out since 21:30 hours on Friday the 6<sup>th</sup> of November 2015. When the pub they were in closed at around 02:00 hours, they got into a taxi and went to a venue later identified as being Malones Bar. MV states that when they arrived, he went to the cashpoint and withdrew some money. The MV's father waited outside Malones for him. When MV joined his father, he knocked the door to the pub and they were let

inside. He describes there being heavy smoke inside the pub due to the people smoking in there. He states there were around ten people at the bar area, 10 people at the rear of the pub and two Asian men working behind the bar. MV describes how he ordered a Southern Comfort and lemonade and a pint of lager for his father and paid the barman with a ten pound note.

He then states that he saw a male who he recognised from school days and named him, giving a description. MV approached this male, who he later identifies as his assailant, and strikes up a conversation. Very soon after, the assailant punches him to the left side of his face with such force, it knocked him backwards causing his hat to fall off. MV picked himself up and went to leave the premises but the door was locked from inside. He was eventually allowed out after asking someone and began running towards Bilston police station. MV realises at this point he is being chased by the male who punched him. The male tripped him up, causing him to fall down and injuring his knees and elbows. He then describes being punched numerous times to the head and face and the main assailant being joined by other males who began kicking him to the head and face. It is at this stage MV describes the main assailant going through his pockets and removing his mobile telephone. MV remembers being searched and also having his cash taken from his pockets. After his father intervened, the assailants ran back to Malones Bar. MV and his father left the location and went to McDonalds nearby where his father called for a taxi to take them home. It is at this point that MV describes the injuries he sustained and treatment he received.

There is a further statement obtained from MV that clarifies the address of the incident being at Malones Bar and some further details regarding his mobile phone.

This investigation is live and on-going at the time of writing and the identified offender is actively being sought by police.

It is noteworthy to raise at this stage that no call to the police was made by Mr McDONALD or indeed anyone else at the location at the time the incident was taking place or anytime afterwards.

As part of the criminal investigation into this offence of robbery, CCTV footage has been provided by Mr McDONALD from the venue which clearly shows the incident inside Malones Bar in its entirety.

**CCTV Summary:**

The CCTV footage is very clear although there are some of the cameras on the system that do not work. The main areas are covered and do capture the initial assault and some other blatant disregards not only of the license conditions of the premises, but the law.

It has been established that the timestamp on the system has not been adjusted since the clocks went back in October therefore, the time display is an hour fast. The footage is from internal and external cameras and begins at 03:00hours And runs until 03:30hours (02:00hours and 02:30hours real time).

Only the relevant footage has been cut together from the working cameras to show the incident and begins with an external view at 03:05hrs with the MV and his father and a further unidentified female arriving outside Malones in a taxi. There is a short

delay as MV moves off screen but when he returns, both he and his father knock on the front door of the venue and are allowed access. The internal footage the shows MV and his father move inside and approach the bar. A transaction is made and MV then approaches his assailant. A short conversation takes place resulting in the assailant punching MV in the face. MV falls backwards, striking his head on the bar and falls to the floor. The assailant then pours a drink over MV and swings another punch but misses. MV walks towards the door he came in and leaves the venue. The camera then switches to an alternate view of the above described assault and shows the same but from a different angle.

MV leaves the location and runs out into the street. After a few moments, the assailant runs after MV and also out of the venue. The rest of the attack is not caught on Malones Bar footage.

At 03:10hrs the offender returns to Malones and is allowed access back into the venue by one of the bar staff who appears to have been stood in the doorway outside, watching the robbery take place.

The footage that follows is a snapshot of the 30 minutes of video provided. It shows patrons coming and going, smoking inside the venue not only by customers but by bar staff and more worryingly, drug dealing and drug taking openly taking place.

On Monday the 30<sup>th</sup> of November 2015, Mr Garfield McDONALD attended a meeting with police licensing officers at Wolverhampton Police station. He was cautioned, shown the CCTV footage and asked a number of questions. His answers were recorded and everyone present was invited to sign the interview transcript. A full copy of the contemporaneous interview is attached labelled; MG15 - record of interview.

On Tuesday the 1<sup>st</sup> of December 2015, the police licensing department received a written police statement from PC 8391 SHERAR. The statement relates to the officer stopping a vehicle at around 01:20 hours on Saturday the 28<sup>th</sup> November 2015 on Bow Street car park, Bilston, which is the car park at the rear of Malones. The officer describes an interaction with the vehicle occupants who stated to him they were going to Malones Bar. The officer also describes seeing a number of cars pulling up and people walking into Malones Bar from the rear. Once the vehicle occupants had finished with PC SHERAR, they also went into Malones Bar. The officer describes driving past the premises from the front and stated that it appeared locked up.

West Midlands Police are gravely concerned regarding the running and operation of these premises and the nature of incidents that go on there. The identified breaches of the premises licence are clearly a regular occurrence.

Police cannot support this venue when there is a blatant disregard and deliberate non-compliance towards the licensing objectives and seek revocation of the premises licence accordingly, to ensure the promotion of the licensing objectives.

I am making this statement regarding an incident that occurred on 7th November 2015 at approximately 0200 hours.

I had been drinking in the Ash Tree Pub, Dudley Road Wolverhampton with my dad [redacted] and some other friends. At approximately 0200 hours we got into a taxi along with a blonde lady who I do not know the name of to the Spread Eagle Public House in Bilston. I had been drinking since approximately 2130 hours on the 6th November 2015.

When we arrived in Bilston I ran over to the Bouclays Bank and withdrew £30. My dad had waited outside the pub for us and then we knocked the door of the pub and we were let inside. There was heavy smoke inside the pub because people had been smoking inside. In total I think there was approximately 10 people at the bar area, 10 people at the rear of the pub and two Asians.

gentleman working behind the bar. I ordered a double scullion cocktail and fenugreek for me and a pint of Carling for my dad. I paid the man behind the bar with a £10 note.

Before I had reached the bar I recognised [REDACTED], who is approximately [REDACTED] years old. He was about 2 metres away from the door and standing at the bar. I do not remember what he was wearing. He is an [REDACTED]

[REDACTED] I can't remember if he had any other distinguishing marks or tattoos. I have known [REDACTED] for approximately 8 years because we went to the same school which is [REDACTED]

When I first saw him he seemed very agitated and angry. I do not know if he was angry with me but I could tell that he recognised me as soon as I walked in.

After I ordered my drink I walked over to [REDACTED] and said "WHAT YOU SAYING [REDACTED] ITS [REDACTED]" I said this in a friendly way. He replied with "I know who you are". My dad was still at the part of the bar where we ordered the drinks about 2 metres away. I thought [REDACTED] was stood on his own.

[REDACTED] then punched me to the left side of my jaw. I believe it was totally unprovoked. The force knocked me backwards and my hat came off. My first instinct was to get out. The hat I was wearing was a black snap back cap saying "DON'T SPONSOR" in white righting writing.

Continuation of Statement of: [redacted]

The front door of the pub was locked, there was a man and a woman stood by the door. I went to open the top bolts, but I was <sup>is</sup> ~~was~~ <sup>in</sup> ~~was~~ bolted but the door was locked with a key. So I said to the man by the door "CAN YOU OPEN THE DOOR? I NEED TO GET OUT" The man then let me out. I then began running towards BILSTON POLICE STATION. As I was running I looked behind and I saw [redacted] chasing me and he was approaching very quickly.

He then kicked my legs so I fell forward to the floor causing me to graze my right knee and both elbows. I then felt a number of punches to my face, I can not remember how many but I think there was loads. I was focused on [redacted] who was punching me to the head and face but I noticed more males join in and they started kicking me to the head and face.

I heard one of the males say "GET HIS PHONE" and at the same time I saw [redacted] reaching into my front right pocket and watched him take my phone out which was a SAMSUNG GALAXY NOTE 3, valued at approximately £300. [redacted] was to the right of me and I was lay on my right side curled up to try and defend myself.

I then saw another hand go into my left front pocket. It was an asian hand. I was left with a £5 note in that pocket so I believe the male took £55 out of my front left pocket. I also could feel someone go through my socks on both feet.

To my right I could see a computer shop with a green sign and a gate at the side of the road

Continuation of Statement of [REDACTED]

I believe I was on Bilsden High Street. I could hear my Dad shout "THATS MY SON". The punches and kicks had stopped and I saw the males, including [REDACTED] run towards MALONEY'S BAR. I then felt my Dad help me up and then [REDACTED] and the other males were gone out of sight.

At this point I wanted to run off again because I thought [REDACTED] and the males were going to come back and finish me off but my Dad wouldn't let me go. I managed to break out of my Dad's grasp and run towards NORRISONS SUPERMARKET past BARCLAYS BANK. I saw a station wagon lying with a red cabin, I touched on the door of the cab and said "CALL THE POLICE, SEND THEM TO MALONEY'S BAR."

I've run back across the dual carriageway towards the bus station heading back towards my Dad near the Barclays Bank but he'd already walked towards me and I met him near the bus station. I then used my Dad's phone to call my mom who called a taxi that picked us up from McDonald's and took us to my Dad's house at [REDACTED].

[REDACTED] My Mother then called the ambulance and the Police.

Continuation of Statement of: [REDACTED]

The ambulance arrived and checked me over, they thought I may have a broken jaw and took me to hospital. I had an x-ray on my hand and jaw. Nothing was broken but I had badly bruised bones.

I have a badly bruised lip that is swollen, grazes and bruising to my forehead and also to the right side of my head near my temple. My nose is bruised. I have a bruise and swelling to my left eye by my eyebrow and left temple which is bruised and grazed.

I give permission for West Midlands Police to access my medical records regarding this incident.

I think the whole incident lasted approximately 10 minutes, however, I may have blacked out from the blows to my face and head.

I clearly remember seeing [REDACTED] as he was right next to me and I would recognise him straight away if I saw him again. I would not recognise any of the other males as I did not see any of them clearly. [REDACTED]

Date 01/12/15

I am a serving police Officer in the West Midlands Policer force currently stationed at Wolverhampton Central Polioce station.

On Saturday 28<sup>th</sup> November 2015 I was on full uniform mobile patrol in company with PC 9957 HOUGH when I had cause to stop a vehicle containing two males known to me during my time in the Police Force.

This was at approximately 0120 hours on BOW STREET CAR PARK, BILSTON where I was in the company of these males for approximately 15 minutes or so.

Whilst in there company they stated that they were going to MALONES BAR which this car park was at the rear of. I also noticed that there were a number of cars pulling up and persons walking into the premises from the rear.

Once I had finished my contact with these two males they also made there way into the premises. I can't remember hearing any music, however as we drove off we passed the front of the public house where I noted that in appearance it appeared all locked up as the front doors were shut with no apparent signs of any light.

It was not until later, around 0200 hours when there was a call of disorder officers could not trace that I became aware that the premises should not have been open at the time I was there earlier as I believe they only have a licence till midnight.

On Saturday the 7th of November 2015 at 02:48 hours, a 999 call was made stating a male had been beaten up outside the premises and the offender was known to the victim. The caller then requests an ambulance and claims the male had his face smashed in and knuckles injured.

At this point, a criminal investigation was launched by police.

During the initial explanation of the incident, the victim stated he had been at Malones, 35a Lichfield Street and had been set upon by a group of males. He then names the main offender and describes being attacked and having his mobile phone and house keys stolen.

Witness statements have been provided by those involved in the incident and CCTV evidence has been obtained from the venue in question.

This investigation is live and on-going at the time of writing and the offender is actively being sought by police.

A licensing investigation commenced by police into the identified breaches of the premises licence and subsequently, a review application was submitted by West Midlands police on the 7<sup>th</sup> of December 2015.

During this process a transfer Designated Premises Supervisor application was received from the Premises Licence Holder, nominating a new person for the post.

Police have made extensive enquiries into the proposed DPS and it is the result of these enquiries that give rise to this expedited review application.

To allow the operation of this venue under the current structure with the proposed applicant in place, would allow serious criminal activity to continue at the premises.

The initial review application was bought due to an incident of serious crime that occurred in the venue, outside of its' operating hours.

West Midlands Police fear for the safety of both the public and customers of the venue, should it remain open and continue operating. On this basis police will be seeking interim steps of an immediate suspension of the premises licence pending the full review.
