[Please read guidance note 2]

The Talisman public house is situated between Wildtree Avenue, and Underhill Lane Wolverhampton. It is a detached property situated a short drive off the A460 Cannock Road and is located directly opposite Berrybrook Primary School. It is surrounded mainly by residential properties.

The hours of trading are Monday to Thursday; 10:00 to 01:30. Friday and Saturday; 10:00 until 02:30 and Sunday; 10:00 to 00:30.

Alcohol sales are Monday to Thursday; 10:00 to 01:00. Friday and Saturday; 10:00 to 02:00 and Sunday; between 10:00 to 00:00.

The premises licence holder is Punch Taverns Plc. Jubilee House, Second Avenue, Burton Upon Trent, DE14 2WF.

The DPS is Mr Peter THACKER who lives in the residential space above the premises.

This application outlines an incident of serious crime identified at the premises, highlighted by a recent intelligence led Police raid.

**The brief circumstances of the matter is as follows:**

On Friday the 4<sup>th</sup> of March 2016 at around 19:20 hours, officers from the West Midlands police executed a drugs warrant under S.23 of the Misuse of Drugs Act, at The Talisman public house. The entire premises, including the residential area above, were subject of the warrant.

Upon initial entry, all occupants of the premises were detained for the purposes of a search under powers conferred by the warrant.

It has been noted by attending officers that upon entering the rear lounge area, it was clear that cannabis was openly being smoked. This was due to heavy smoke in the air and the overpowering odour of the drug.

A systematic search of the; location, patrons and staff was conducted; the following items of police interest were found and seized. Two boxes containing large quantities of herbal cannabis in the living quarters. One large whole rock of "crack cocaine" was found in the bar area, along with a set of digital scales. A small self-seal bag of cocaine and two further self-seal bags of cannabis were also found in the bar area. There were also numerous empty self-seal packets littered around the floor and in the male toilets, indicating heavy and regular drug use. Upon inspection of the storage areas, items of equipment consistent with cannabis production were found being stored.

Officers from Wolverhampton trading standards also attended and listed the following items of interest; a large amount of Golden Virginia tobacco pouches, believed to be contraband. A quantity of suspected counterfeit clothing and evidence of supplying non duty paid alcohol to customers.

There were four arrests made by police following the warrant. Two of those were the staff of the premises. Namely, the DPS Mr Peter THACKER who lives in the residential flat above the pub and another member of bar staff. Both were arrested on suspicion of possessing a controlled drug with intent to supply.

One customer was arrested for possession of a Class "A" substance; another was issued a street caution for possession of cannabis.

Another customer was arrested for failing to appear at Court.

Investigations into these offences are live and on-going at the time of writing. If convicted of offences of possessing with intent to supply a controlled drug of Class "B", Mr THACKER and his staff could be sentenced to a maximum 14 years in prison. This clearly constitutes serious crime as defined by the licensing act.

West Midlands Police are gravely concerned regarding the findings of the executed warrant. Not only has it identified serious crime during the operating hours of the venue, we believe there is a criminal culture being allowed to fester unchallenged at the premises.

It appears that the DPS and staff of The Talisman are either implicit in serious criminal activity or, equally as alarmingly, are turning a blind eye to it. On this basis we will be seeking interim steps of an immediate suspension of the premises licence, pending the evidence gathering prior to full review.

Annex A

**CERTIFICATE UNDER SECTION 53A(1)(b) OF THE LICENSING ACT 2003**

I hereby certify that in my opinion the premises described below are associated with serious crime;

**The Talisman  
Wildtree Avenue  
Low Hill  
Wolverhampton  
West Midlands  
WV10 8LL**

Premises licence number (if known): **WN/05/003613**

Name of premises supervisor (if known): **Mr Peter THACKER**

I am a superintendent in the West Midlands Police. I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropriate in this case because procedures such as a standard review process are not thought to be sufficient to promote public safety or the prevention of crime licensing objectives due to the seriousness of the crime associated with this case.

There are two procedures used to determine the weight of a substance. The first is to weigh the substance directly on a balance. The second is to weigh the substance in a container of known weight. The second method is used when the substance is not pure or when it is difficult to weigh directly.

**Procedure:**

1. Weigh the container (tare weight).
2. Add the substance to the container.
3. Weigh the container with the substance.
4. Subtract the tare weight from the total weight to find the weight of the substance.

**Calculation:**

Weight of substance = Total weight - Tare weight

**Notes:**

- Always use a clean, dry container.
- Handle the substance with care to avoid contamination.
- Use a balance that is calibrated and accurate.
- Record all measurements to the correct number of significant figures.
