SECTION 1: Adult Social Care, Children and Young People Social Care and Public Health Complaints Activity 1 April 2018 to 30 June 2018

1.0 Background

- 1.1 Complaints activity concerning Adult, Children and Young People's Services and Public Health are governed by legislative framework and have to be dealt with in accordance with statutory guidance.
- 1.2 For Children's and Family Services, Regulation 14 (1) of The Children Act 1989 Representations Procedure (England) Regulations 2006 places a 10 working day time limit for resolution, most stage one complaints should ideally be concluded within this time limit.
- 1.3 Where the service cannot provide a complete response, it can implement a further ten days' extension (regulation 14(5)). If necessary, the Customer Engagement Manager may also suspend stage one until an advocate has been appointed (regulation 14 (3)). The maximum amount of time that stage one should take is 20 working days. After this deadline, the complainant can request consideration at stage two if they so wish.
- 1.4 Where the complainant feels that they have not received a satisfactory outcome they will be informed that he/she has the right to move on to stage two if they wish.
- 1.5 In Early Help, which is not governed by the legislation of the Children Act 1989, the authority has adopted the legislative guidelines for timescales for response to and closure of complaints across all service areas in order to provide a continuity of service.
- 1.6 Adult Social Care and Health complaints have to be dealt with in accordance with the Local Authority Social Services and National Health Service Complaints (England) Regulations 2009. The Local Authority currently has a joint protocol for the handling of cross boundary complaints.
- 1.7 Public Health Complaints have to be dealt with in accordance with The NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012.
- 1.8 Whilst the regulations do not stipulate timescales for resolution to complaints, the People Directorate operate a ten day organisational timescale. This can be extended to 20 working days for more complex cases.
- 1.9 Non statutory People Directorate complaints are dealt with in accordance with the Corporate Complaints Procedure.
- 1.10 Details of the appropriate complaints procedures can be found on the Council internet site.

2.0 Complaints Intervention

2.1 The following actions are in operation to monitor satisfactory resolution of complaints in a timely manner:

- proactive chasing of managers responding to complaints, in accordance with escalation plan in operation
- mediation between complainants and investigating officers
- quality assurance checks undertaken of complaint response letters
- weekly reporting to Service Directors and Heads of Services on the status of complaints, detailing any areas for concern where managers will need to prioritise outstanding complaints and resolution in order to receive a satisfactory prompt outcome for the complainant.

Customer Feedback Activity: 1 April 2018 to 30 June 2018

3.0 Children and Young People

3.1 **Formal Complaints:** During Quarter 1 (1 April to 30 June 2018) the Council received 16 formal children and young people social care complaints compared to 18 in the previous quarter; a decrease of 2.

Formal Complaints Received

3.2 The 16 complaints we received during this first quarter refers to 12 separate service areas. No service area received a disproportionate amount of complaints, the highest figure of three referring to Social Work Unit 4.

Stage 1 Complaints Received Breakdown by Quarter

3.3 Timescales

Overall, 17 complaints were responded to and concluded during this first quarter. Six complaints were responded to within 10 working days, seven within 20 working days, and the remaining four in just over 21 working days.

- 3.4 However, it should be noted that of the 17 complaints resolved during this period 11 were dealt with in accordance with the Children's Act and the average timescale is a pleasing 10 days. Six complaints were dealt with in accordance with the Corporate Complaint's Procedure (Non Children's Act) – which states complaints should be responded to within 21 calendar days – and the average timescale is 27 days.

3.5 Complaint Nature

These are the headings under which we register the complaint against, based on the complaint details received.

Stage 1 Complaints Received Breakdown by Category

3.6 Complaint Outcomes

At the conclusion of each complaint we ask that the manager / senior manager who has enquired into it; reaches a finding. This is to decide if the complaint is Upheld. Not Upheld or Partially upheld. This in turn assists in setting out the actions required to resolve the complaint, such as an apology, explanation, review of service, etc.

Complaints Where The Council Is At Fault (Upheld)

Issues have been identified from upheld complaints and have been addressed; remedies have been provided to the customers by apologising and informing them of the improvements that have been made.

Complaints Where The Council Is Partially At Fault

Issues have been identified from partially upheld complaints and have been addressed; remedies have been provided to the customers by apologising and informing them of the improvements that have been made.

Complaints Where The Council Is Not At Fault

Customer advised of outcome; including rationale.

3.7 Informal Complaints

The complaint regulations provides an opportunity for children/young people, parents and carers to raise issues of concern without those matters being treated as formal complaints as long as they are speedily and effectively addressed. These are referred to as informal complaints; 15 informal complaints were received during Quarter 1 (1 April to 30 June 2018) compared to 22 in the previous quarter; a decrease of seven.

Informal Complaints

Informal complaints resolved through mediation.

3.8 Stage 2 Complaints

More than 90% of all complaints are resolved at an early stage due to the exceptional efforts that are made to resolve them. However, where the complainant is dissatisfied with the written response at Stage 1 they have the right to request that matters should proceed to Stage 2 (a formal independent complaint investigation).

- 3.9 For Children Services complaints, a Stage 2 investigation requires the appointment of two independent people to carry out a detailed, thorough complaint investigation, the average cost of which is between £3,500 to £4,500 and takes on average three months to conclude.
- 3.10 So far in 2018/19 we have had one Stage 2 complaint investigation. Several other complaints that could have proceeded down this route were resolved after significant intervention and problem solving. However, it is anticipated that the requests to proceed to Stage 2 will increase steadily in the coming year.

3.11 Stage 3 Complaints

Independent Complaint Review Panel. Where a Stage 2 complaint investigation has been carried out and the complainant remains dissatisfied they have the right to request matters proceed to the final stage of the complaints procedures – a Stage 3 Complaint Review Panel. Few are requested; however, the growing complexities of complaints means there is a likelihood of an increase in Panels taking place.

- 3.12 **Compliments:** All compliments are recorded by the Customer Feedback Team and reported as part of the team's quarterly monitoring process. During this first quarter, 17 compliments were received for Children and Young People, compared to 18 in the previous quarter. Looked After Children Team 3 received five, followed by Safeguarding who received three.

Compliments

EXAMPLES

"I would like to add my many thanks to the COPE team who are brilliant. XX has been invaluable with supporting with PEPS."

"Social Worker has been an absolute breath of fresh air in two cases that had become very stagnant."

"The social worker is extremely professional. We could not ask for a better social worker. She is knowledgeable, decisive and has excellent communication skills and always attends appointments on time."

"When Social Worker started working with the family they were lacking in respect and faith in the Local Authority due to previous experiences. During her involvement, and then together with mine, we have been able to work extremely well with X... and X..., and you will see this from his comments. I have already given Social Worker a recognition of good practice for her managing of this case and the brilliant work she has done with the children; particularly her planning around the together or apart assessment and her relationship based approach to the family. It has been a pleasure working with the Social Worker. She shares the passion and enthusiasm I have for ensuring children are happy and safe and that their needs are put before anything else. Too often in this job we are reminded of what we don't do, hence why I think it is important to recognise when a job is done well."

"Thank you X, I know I can always rely on you. You are a great IRO and you don't mess about which is a good skill to have and that's why I like you because you always try to help me."

4.0 Public Health Complaints

Regionally and Nationally, Councils receive very few complaints in relation to Public Health Services. A typical complaint would be where a Council has commissioned a service for local people through a Clinic or GP practice. Complaints in relation to GP's and Hospitals are dealt with through an entirely separate complaint process managed by Health Services.

- 4.1 In relation to Public Health services there was 1 complaint received in Quarter 1 (1 April to 30 June 2018); which was in relation to the lack of support services in Wolverhampton for stopping smoking.

5.0 Adult Social Care Complaints

During Quarter 1 the Council received 18 formal complaints compared with 11 in the previous quarter; representing an increase of seven complaints this quarter.

- 5.1 Of the 18 formal complaints received, there was only one complaint received in relation to the Independent Providers. This is where Adult Social Care commission an independent agency to deliver a service on it's behalf, such as a domiciliary care service.

HARP received 7 followed by Adult Community Team West, Adult Community Team East and Ernest Bold each receiving 5.

EXAMPLES

“Manager at the Brokerage Team (Personalised Support Team) was very helpful and arranged care to commence the next day.”

“Social Worker has been extremely supportive of the situation and has stepped in to ensure my wife’s care is satisfactory; and additionally managing my needs. We could not have managed the last three months without her support.”

“I am sending this email to express my thanks and gratitude to staff at Alfred Squire Road Adult Care Team North; in particular the Student Social Worker who dealt with the transfer of my mother from very sheltered housing to a residential home. His level of professionalism, caring, and helpfulness was outstanding; always keeping us up to date at every stage and returning calls very promptly. This move did not take as long as we

thought and it was due to his swift and competent work. This was a very pleasant experience at a worrying time. We were exceptionally happy with mom's and our treatment from him and only hope if ever for any reason we have to move again that he will still be around somewhere to help. Thank you so much."

"Just a brief note to thank the social worker for her prompt assistance in sorting out emergency respite for my mother - it was sorted in days. A good job, well done.."

"I would like to compliment the staff of Bradley Resource Centre for their help and care in improving my mobility after leaving hospital. I was there for four weeks and my ability to walk was helped by the attention from the staff which was invaluable."

6.0 Areas of Learning from Complaints

Before a complaint is closed the complaints team, together with the service areas involved, look at each complaint to assess any learning that can take place and specific actions to follow up. The intention in future performance reports is to have a specific Learning from Section to demonstrate the learning that has taken place, and the actions followed up, across all services areas and covering all complaint activity.

EXAMPLES

C & YP – *Complainant feels her son should be entitled to more hours to help and support the family than what has been given.*

Learning: Part of our learning and improving our services will be to ensure that families are informed that any assessment which is completed by social cared; the ultimate decision to agree or not agree a care plan lies with the Disability Funding Panel. This will enable families to raise their concerns sooner if it is not the outcome they expect. This will hopefully reduce families feeling upset.

C & YP – *Complaint in relation to the conduct and attitude of the social workers.*

Learning: To remind professionals of the importance of speaking to service users with dignity.

C & YP – *Complaint in relation to not being allocated a social worker for months and when I was allocated one I did not hear anything from her – and yet I am on a Child in Need Plan.*

Learning: To ensure the work is completed within a reasonable period of time and that the case is not further allocated. Also to ensure full and open communication.

Adult SC – *Complaint in relation to the breakdown of finances.*

Learning: There was a delay in invoicing the customer as a result of an omission from the CareFirst reports received. Information requested from the customer was inconsistent and caused delays in the process. However, a more timely follow up and action may have avoided the complaint.

Adult SC – *Complaint about the handling of the case of one of our former tenants. We did not receive any payment of rent at all for the property, despite repeatedly attempting to contact the social worker and also her manager and still received no response.*

Learning: Learning has taken place in relation to managing the workload of team members off sick. It is difficult to reallocate due to resources, but management oversight needs to be more robust and communication between managers and with partners improved. This will be discussed in our team management meetings.

Adult SC – *Complaint in relation to the lack of help and support given to her son by the social worker; and also lack of communication.*

Learning: As a result of the complaint, feedback will be given to the social worker and the team so that our service can be improved. 1:1 discussion with social worker regarding her practice.

Public Health – *I'm very unhappy about the lack of support services in Wolverhampton for stopping smoking.*

Learning: Confirm appropriate signposting via national helpline. Promotion of self-help resources and support signposting.

may have been one of the groundsmen whose name was X, he was so kind and went to so much trouble in going to the office getting a map and taking us to the exact location we were looking for, without his help we would never have found this small plaque in such a vast area. I would like you to pass on our thanks for his help and what a wonderful example he is, a true ambassador for City of Wolverhampton Council. Thank you

Waste Management - *I would like to thank the refuse team who found my wallet on Florence Avenue this morning. They are great credit to your team and to the council. I don't have their names but I did take a photo of them which will be attached to this email, plus I did speak to an Officer at your Hickman Avenue depot who also was a great help in tracking down the crew so I could find them and collect my lost wallet. You should be very proud of the team you have working for Wolves city council, makes me proud to be a Wulfrunian myself. Many many many thanks*

Planning - *I would like to say I was very impressed how you handled my planning application from inception to completion. In all my 18 year of working with planning officers I have never met an officer that has kept up to date so much from start to completion of the planning process. You introduced you self personally when you was assigned for the application, and you called me to make arrangements for the site visit. You also took the time let me know if there were issues with what had been submitted. I really appreciate the amount of communications that you made to enable the process to be so smooth. Please let your senior be made aware that I was very impressed with the level of service you provided through the planning process.*

Revenues and Benefits – *I would like to make you aware of fantastic customer services from your employee who works in debt management she went out of her way to help and was professional and courteous at all times. The Officer is a credit to City of Wolverhampton Council and I thought she deserved to be recognised for the outstanding service that she provided.*

Customer Services - *I just wanted to pass on a compliment for an Officer who takes WV active calls. My mom called the line today and said her customer service was exceptional. She said she was polite, professional and took an genuine interest in to my mom's query. She also said she was a credit to the service. Thought I'd pass this on*
