Subject: RE: The Hangar, Pountney Street, WV2 4HX

Dear Elizabeth

Name Of Applicant : The Hangar

Address : Pountney Street ,Wolverhampton ,WV2 4HX

I am writing to register my objection to the application for a premises license by Steven Simpson.

Public safety & Public Nuisance

The number of people in the road is a danger to them & other road users (see photo 1 28 09 18)

Prevention of Public Nuisance

Littering (from people attending the events held at the Hanger Friday 28th & Saturday 29th sept)

Urinating in our fire exit

Parking on our property

Parking over dropped curbs

Parking over fire hydrant

(see videos)

Enabling the premises a license would bring even more parking problems to the area.

The Problems Encountered are the illegal parking of cars Both sides of Pountney street & both sides of Stevens Gate & on My Property (see photo SG220918)

This is Mainly When The Royale Banqueting Suite hold an event I have spoken to them but to no avail

The Sheer number of people if both The hanger & the Banqueting Suite hold events on the same day would be a major problem

There is no off street parking for this Premise.

This is supposed to be an industrial area. We need the roads clear for lorry access to & from our business.

In view of the above, I would urge the Licensing Authority to refuse the application.

Yours faithfully

Mark Merrick
