**PWC REVIEW OF THE EFFECTIVENESS OF INTERNAL AUDIT –
PROGRESS REPORT**

RECOMMENDATION

That the Action Plan be received and noted with regard to the recent PWC Review of the Effectiveness of Internal Audit.

1. PURPOSE AND BACKGROUND

- 1.1 Members will recall that the Council's external auditor, PwC was commissioned to undertake a review of the effectiveness of the internal audit function and the role of the Audit Committee in late 2010.
- 1.2 The Comprehensive Spending Review (CSR) on 20 October 2010 announced cuts across local government equating to 7.1% per annum until 2013/14, placing a significant burden for savings on authorities which were to be met across all services. Additional pressure was placed on back office functions to prove their value and against this background, PwC was commissioned to independently and objectively assess the effectiveness of the internal audit function against best practices.

2. DETAILS

- 2.1 In assessing the effectiveness of internal audit at Wolverhampton, the review consisted of :

- A review of quantitative data – cost, days and CIPFA benchmarks.
- Review of the 2010/11 internal audit plan.
- Review of how the plan is delivered, including work on fraud.
- Review of assignment and audit reporting.
- An assessment of the quality of internal audit files, and quality procedures in the team.
- Holding workshops with the internal audit team.
- Considering the role of the Audit Committee.
- Considering the governance and management of the service.
- Ten questionnaires from officers and members, providing evidence for each part of our work.

A summary of the findings was subsequently presented in a report under four headings of effectiveness - role, scope, value and quality.

- 2.2 The report has previously been presented to members of Corporate Management Team (now Strategic Executive Board) and the Audit Committee on 11 April 2011 when it was agreed that regular progress reports would be provided to demonstrate that actions were being taken to address recommendations where considered appropriate.
- 2.3 This is the second progress report produced since receipt of the original report from PwC and the outline Action Plan has been updated to show progress to the 4 November 2011 as detailed in Appendix A.

3. FINANCIAL IMPLICATIONS

- 3.1 There are no direct financial implications arising from this report although there may be additional costs arising and opportunities for achieving savings over the action plan timeframe as opportunities for improving effectiveness are identified.
