Title ADULT DELIVERY BOARD – PROGRESS REPORT

\_\_\_\_\_

# **SUMMARY**

That the Health and Well Being Board note the progress of the Adult Delivery Board's work plan for 2013/14.

## 1. PURPOSE

1.1 To keep members of the Health and Well Being Board abreast of the work of the Adult Delivery Board in regard to the board's work plan for 2013/14.

## 2. BACKGROUND

- 1.2 Over the past few months members of the Adult Delivery Board have been deliberating over the key priorities which would form part of their annual work plan for 2013/14.
- 2.2 In progressing this work, the Board received presentations from Lead Officers on their corresponding action plans against the following priority areas:
  - Dementia
  - Long term conditions (incl. Diabetes)
  - Urgent Care
  - Mental Health
  - Supported Housing
  - Reablement and Prevention
- 2.4 It was noted that the majority of the above mentioned strategies were either up for refresh or at early stage of development. The Board placed great emphasis on the need to ensure that all strategies and corresponding action plans were joined up to capture partnership activities across the Board's membership. This would not only help to reduce duplication and ensure better use of resources, but above all, provide a more holistic approach to the individual strands of the work plans.
- 2.5 Lead Officers were requested to revisit the membership of their respective working groups to ensure multi-agency representation.
- 2.6 It was agreed that the Adult Delivery Board would be the main vehicle for receiving and channelling updates on the development of strategies to the Health and Well Being Board.
