Summary of Applications Determined Under Officer Delegation

Introduction

- 1.1 The attached schedule comprises planning and other applications that have been determined by authorised officers under delegated powers given by Committee, or those that have been withdrawn by the applicant or determined in other ways; as detailed in the schedule.
- 1.2 Most major applications and those that are significant or controversial are reported to Members for decision (in accordance with the Constitution). All other applications are dealt with by Officers. This summary gives a brief overview of the applications granted and highlights some of these cases; particular in relation to development that may involve the creation or retention of jobs, either in construction or as part of the built development.
- 1.3 Between 17th September 2011 and 21st October 2011 there were 102 planning applications granted under delegated powers. This period represents approximately one twelfth of the total number of applications granted under delegated powers in a year.

Applications Granted

- 2.1 Of the 104 granted planning applications, 36 (35 %) were for householder applications, mostly for house extensions. It is worth noting the majority of extensions to houses do not require planning permission. Permission is only required generally for the larger or more obvious extensions that may have some impact on neighbours or the street scene. These [Report – Householder totals] granted applications mean a significant number of occupiers in the City will be able to make substantial improvements to their homes. These house extensions often involve significant personal investment by the owners that will also support jobs in the local building trade.
- 2.2 There were 47 (45 %) non-householder applications granted under delegated powers between 17th September 2011 and 21st October 2011. These included commercial development, new residential properties and public sector development.
- 2.3 Planning permission (10/01114/OUT) has been granted for outline planning permission with all matters reserved for demolition of existing industrial buildings and redevelopment of site to provide five dwellings (amended plans received) at Taylor York, Lower Street. The proposal will result in the redevelopment of dwellings on the site currently under utilised.
- 2.4 Planning permission (11/00778/FUL) has been granted for the change of use from class A1 to classes A3 & A5 and construction of extract flue to the rear at 40 Birch Street. The proposal will bring back a vacant unit into an economic use.
- 2.5 Planning permission (11/00697/FUL) has been granted for a change of use of part ground floor from B2 (General Industrial) to use as a function hall with associated internal alterations to both floors (expansion of existing conferencing/banqueting facilities) at industrial units bounded by Thomas Street/Pountney Street/Bell Place Dobbs Street. The proposal results in bringing back into use a derelict building, results in inward investment through the refurbishment of the building and results in 50 part time jobs.
- 2.6 Planning permission (11/00771/FUL) has been granted for a change of use of existing doctor's surgery into private residential dormer bungalow including external works at 97 Blackhalve Lane. The proposal will convert a vacated doctors surgery into a family home.

- 2.7 Planning permission (11/00750/EXT) has been granted to extend the time limit for implementing approved application 08/01293/FUL demolition of existing bungalow and erection of a pair of semi detached family houses at 84 Bhylls Lane.
- 2.8 Planning permission (11/00723/FUL) has been granted for a change of use of first floor to A4 (Drinking Establishments) at The Prince Albert Public House, Railway Street. The proposal will provide 173m² of net additional floorspace which was previously vacant, for use as a Public House.
- 2.9 Planning permission (11/00789/FUL) has been granted for erection of two, three bedroom dwellings at land at former 21 and 23 Hughes Road.
- 2.10 Planning permission (11/00794/FUL) has been granted for the erection of two three bedroom semi detached dwellings at land between 9 and 15 Beach Road.
- 2.11 Planning permission (11/00696/FUL) has been granted for a change of use from a public house to a domestic dwelling at Samson and Lion, Newbolt Road. The proposal will preserve a locally listed building.
- 2.12 Planning permission (11/00537/FUL) has been granted for the demolition and reconstruction of an industrial unit (Use Class B2 - General Industrial) at Bilston Engineering (Finishing Ltd), Price Street. The proposal will redevelop an outdated industrial unit with employment for ten persons.

Conclusion

- 3.1 The above information briefly summarises the applications that have been granted under delegated powers in Wolverhampton over a period of approximately one month. The schedule which follows gives details of each individual application. Each application is accompanied by the name of the planning officer dealing with that case. Their contact telephone numbers are printed on the front of this report should you have any queries about a particular case.
