Summary of Applications Determined Under Officer Delegation

Introduction

- 1.1 The attached schedule comprises planning and other applications that have been determined by authorised officers under delegated powers given by Committee, or those that have been withdrawn by the applicant or determined in other ways; as detailed in the schedule.
- 1.2 Most major applications and those that are significant or controversial are reported to Members for decision (in accordance with the Constitution). All other applications are dealt with by Officers. This summary gives a brief overview of the applications granted and highlights some of these cases; particular in relation to development that may involve the creation or retention of jobs, either in construction or as part of the built development.
- 1.3 Between 22nd October 2011 and 18th November 2011 there were 74 planning applications granted under delegated powers. This period represents approximately one twelfth of the total number of applications granted under delegated powers in a year.

Applications Granted

- 2.1 Of the 74 granted planning applications, 27 (36 %) were for householder applications, mostly for house extensions. It is worth noting the majority of extensions to houses do not require planning permission. Permission is only required generally for the larger or more obvious extensions that may have some impact on neighbours or the street scene. These [Report – Householder totals] granted applications mean a significant number of occupiers in the City will be able to make substantial improvements to their homes. These house extensions often involve significant personal investment by the owners that will also support jobs in the local building trade.
- 2.2 There were 30 (41 %) non-householder applications granted under delegated powers between 22nd October 2011 and 18th November 2011. These included commercial development, new residential properties and public sector development.
- 2.3 Planning permission 11/00891/FUL - has been granted for this public house and restaurant. This proposal represents a significant investment in the city which will create a number of jobs during and after construction. The proposal will introduce vitality to the area and continue the development of this key regeneration site.
- 2.4 Planning permission 11/00812/FUL has been granted for a Shisha smoking shelter at 7 St George's Parade which will bring back into use currently vacant premises in the City Centre.
- 2.5 Planning permission 11/00899/FUL has been granted to convert underused upper floor space at Trafalgar House, Market Street into nine flats. This will bring disused space back into use and living accommodation into the city centre.
- 2.6 Planning permission 11/01048/NMA has been granted –amendment to the rear of building allowing authorised construction to continue and Public House to re-open

Conclusion

- 3.1 The above information briefly summarises the applications that have been granted under delegated powers in Wolverhampton over a period of approximately one month. The schedule which follows gives details of each individual application. Each application is accompanied by the name of the planning officer dealing with that case. Their contact telephone numbers are printed on the front of this report should you have any queries about a particular case.
