Recommendation(s) for action or decision:

- 1. The Cabinet recommends that Council:
 - a) Approves the revised medium term General Fund capital programme of £221.2 million, an increase of £1.5 million from the previously approved programme (paragraph 4.1), reflecting the latest projected expenditure for the medium term.
 - b) Approves the projected changes in expenditure for ten existing projects totalling £1.5 million (paragraph 4.5).

- 2. The Cabinet is recommended to:
 - a) Approve a virement of £285,000 within the Education and Enterprise directorate from the Targeted Disposals programme to the Westside project (paragraph 4.6).
 - b) Approve the updated schedules of works for the capital projects under the following directorates;
 - i) Community: Urban parks refurbishment, Sports Investment Strategy, Short breaks for disabled children and Co-location programme (appendix B1)
 - ii) Delivery: ICTS, Leisure centres, Disposals and Corporate Asset Management (appendices B2-B5)
 - Education and Enterprise: BSF, Capital Maintenance, Universal Infant Free School Meals, Primary School Expansion programme and Targeted Disposals (appendices B6-B10)
 - c) Delegate authority to the Cabinet Member for Resources in consultation with the Director of Finance to approve the allocation of the provision of the 'Corporate Asset Management Programme' to reserve capital projects in order so that they may be progressed in a timely manner if priority projects are delivered under budget or do not proceed (see also paragraph 4.9).

Recommendations for noting:

The Cabinet is asked to note:

- 1. The expenditure position for quarter three of 2014/15 which stands at 43.0% of the approved General Fund capital budget (paragraph 3.3).
- The revised budgets for the Primary School Expansion programme which were subject to a separate report to Cabinet (Resources) Panel on the 10 February 2015 (paragraph 4.7).

1.0 Purpose

- 2.1 To provide Cabinet with an update on the financial performance of the General Fund capital programme as at quarter three of 2014/15 and the budget strategy for 2015/16.
- 2.2 To recommend a revised General Fund capital programme for the period 2014/15 to 2019/20.

2.0 Executive Summary

- 2.1 At its meeting on 17 December 2014, Council approved a General Fund capital programme totalling £219.7 million for the period 2014/15 to 2018/19.
- 2.2 Table 1 below shows the changes proposed when comparing the approved budget with that proposed, along with the resources identified to finance the proposed change.

| General Fund | 2014/15 £000 | 2015/16 £000 | 2016/17 £000 | 2017/18 £000 | 2018/19 £000 | 2019/20 £000 | Total £000 |

Table 1: Summary of the forecast budgets compared to approved

- 2.3 This report recommends variations to the approved programme totalling an increase of £1.5 million bringing the total revised capital programme to £221.2 million.
- 2.4 The approved General Fund capital budget for 2014/15 amounts to £122.7 million. Expenditure to the end of quarter three 2014/15 totals £52.8 million. This represents 43.0% of the approved budget.
- 2.5 Information provided within this report refers to the previous council structure in place at the end of quarter three. Future reports will reflect the new current structure.

3.0 2014/15 General Fund capital programme

- 3.1 At its meeting on 17 December 2014, Council approved a 2014/15 General Fund capital programme totalling £122.7 million.
- 3.2 Table 2 provides an analysis of General Fund capital expenditure to the end of quarter three compared to the approved budget.

| Directorate | Approved budget | Expenditure to the end of quarter three | Variance over / (under) | Expenditure as % of budget | |
|--------------------------|--------------------|--|-------------------------------|----------------------------------|--|
| | £000 | £000 | £000 | % | |
| Delivery | 23,902 | 4,610 | (19,292) | 19.3% | |
| Community | 7,891 | 2,230 | (5,661) | 28.3% | |
| Education and Enterprise | 85,892 | 44,390 | (41,502) | 51.7% | |
| Private Sector Housing | 5,007 | 1,555 | (3,452) | 31.1% | |
| Total | 122,692 | 52,785 | (69,907) | 43.0% | |

Table 2: Expenditure to the end of quarter three of 2014/15

- 3.3 General Fund expenditure to the end of quarter three stands at £52.8 million, against a budget of £122.7 million, which represents 43.0% of the approved budget for 2014/15.
- 3.4 The latest financial monitoring information indicates that capital expenditure during 2014/15 will be lower than the approved budget at £91.6 million, a reduction of £31.0 million. This reflects an increase of £132,000 in planned expenditure offset by a £31.2 million decrease in expenditure as a result of project re-profiling over subsequent years.
- 3.5 To understand the impact that this might have on the Council's capital resources it is necessary for 2014/15 requirements to be considered alongside the medium term capital programme. An analysis of the medium term projected expenditure compared to budget is provided in Table 1 and a more detailed analysis is provided in Section 4.

4.0 Medium term General Fund capital programme and budget strategy

- 4.1 A revised medium term capital programme, covering the period 2014/15 to 2019/20, of £221.2 million is proposed (see Table 1) with a projected increase of £1.5 million.
- 4.2 The projected increase has been analysed over existing directorates and is detailed in Table 3.

| Directorate | Approved budget 2014/15 to 2018/19 | Forecast budget 2014/15 to 2019/20 | Variance over / (under) | |
|--------------------------|---|---|-------------------------------|--|
| | £000 | £000 | £000 | |
| Community | 9,283 | 9,285 | 2 | |
| Delivery | 51,342 | 51,342 | - | |
| Education and Enterprise | 143,954 | 144,038 | 84 | |
| Private Sector Housing | 15,131 | 16,522 | 1,391 | |
| Total | 219,710 | 221,187 | 1,477 | |

Table 3: Variance analysis of 2014/15 to 2019/20 projected budgets by Directorate

- 4.3 The projected increase of £1.5 million reflects additional expenditure of £377,000 not already assumed in the approved capital programme requiring Council approval, and the inclusion of projected Private Sector Housing budgets for the 2019/20 financial year of £1.1 million.
- 4.4 Cabinet on 8 January 2014 approved the recommendation to review the capital programme to identify further savings. As a consequence of this review, with the exception of Private Sector Housing, no new schemes have been included in the 2019/20 financial year. Capital expenditure has a direct impact upon the Council's revenue budgets and therefore needs to be restricted to projects essential to the Council's priorities. Any proposals to increase the level of the capital programme are considered via a capital appraisal mechanism, prior to approval being sought from Councillors, for value for money and appropriateness based on the current financial climate.
- 4.5 Table 4 provides a summary of the projected changes in expenditure for new and existing projects requiring Council approval. Specific project details in relation to these changes are provided at appendix A.

| | Projected | | |
|------------------------|-----------------|----------------------|--|
| Directorate | New projects | Existing projects | Total increase / (decrease) in expenditure |
| | £000 | £000 | £000 |
| Community | - | 2 | 2 |
| Delivery | - | - | - |
| Education & Enterprise | - | 84 | 84 |
| Private Sector Housing | - | 1,391 | 1,391 |
| Total | - | 1,477 | 1,477 |

Table 4: Summary analysis of the projected change in expenditure

- 4.6 A virement requiring approval of £285,000 is proposed in 2015/16 within the Education and Enterprise directorate; from Targeted Disposals to the Westside project. This virement will facilitate ICT works in relation to the relocation of Urban Traffic Control (UTC).
- 4.7 Cabinet (Resources) Panel on the 10 February 2015 received a report on the 2015 Primary Expansion Programme. This identified an additional project at St Mary's RC Primary at a cost of £3.1 million and approved virements of £200,000 and £653,000 from the 2014 Primary Expansion programme, and the use of £847,000 contingency to fund the shortfall on the budget set aside for an unidentified project within the 2015 Primary Expansion Programme.
- 4.8 Ancillary schedules of works for approval are detailed in appendices B1 to B10.
- 4.9 Approval is sought to delegate authority to the Cabinet Member for Resources in consultation with the Director of Finance to approve the allocation of the provision of the 'Corporate Asset Management Programme' to reserve capital projects in order that they may be progressed in a timely manner if priority projects are delivered under budget or do not proceed.
- 4.10 Table 5 analyses the type of resources identified to finance the projected change in expenditure.

| Summary | Internal resources £000 | External resources £000 | Projected change in resources £000 | |
|-------------------|-------------------------------|-------------------------------|---|--|
| New projects | - | - | - | |
| Existing projects | (361) | 1,838 | 1,477 | |
| Total | (361) | 1,838 | 1,477 | |

Table 5: Summary of financing for projected change in expenditure

- 4.11 The programme is financed through internal and external resources. Internal resources reflect expenditure that requires the use of Council resources and over which the Council therefore has absolute discretion. Capital receipts are only assumed where there is reasonable certainty that they will be received within the required timeframe. External resources is funding secured from external organisations e.g. central government.
- 4.12 The implications of the levels of borrowing required have been fully reflected in the revenue budget and medium term financial strategy.
- 4.13 Details of the financing of the revised capital programme are shown in Table 6.

| | 2014/15 to 2019/20 | | | | | | | |

Table 6: Summary of recommended changes to financing of the General Fund capital programme

Note: The use of Revenue contributions will be reviewed at year end to identify whether this is the appropriate option or whether borrowing will provide the opportunity to deliver in year savings.

4.14 General Fund capital receipts totalling £16.6 million have been assumed within the capital programme for quarter three and can be seen in Table 7. These receipts reduce the need for Prudential Borrowing.

Table 7: Receipts assumed in the revised capital programme

5.0 Key budget risks

5.1 Appendix C provides an analysis of the risks associated with the capital programme, along with the details of the risk control measures that are in place in order to manage and mitigate these risks as far as possible. The overall risk associated with the programme continues to be quantified as amber.

6.0 Financial implications

6.1 The financial implications are discussed in the body of this report.

[SH/11022015/Q]

7.0 Legal implications

- 7.1 Section 151 of the Local Government Act 1972 requires local authorities to make arrangements for the proper administration of their financial affairs.
- 7.2 The Local Government Act 2003 brought in the current regime for capital finance for local authorities. It reduced the level of central control over local authority borrowing and capital expenditure.
- 7.3 The Council is required to comply with statutory codes of practice including current Financial Procedure Rules and the Prudential Code for Capital Finance in Local Authorities and Treasury Management in Public Services.
- 7.4 The legal framework therefore places a greater responsibility on Cabinet Members to ensure properly managed borrowing and capital expenditure without the need for government consent.
- 7.5 The main principles of the framework are prudence, sustainability and affordability. These statutory requirements are taken into account when making recommendations about the revised medium term General Fund capital programme.

[RB/19012015/D]

8.0 Corporate landlord implications

8.1 Projects funded and delivered through the Council's capital programme typically have significant impact on the Council's property portfolio. Corporate landlord implications must be considered and included in relevant documents and reports when individual capital projects and programmes are being developed.

9.0 Equalities implications

- 9.1 Under the Equality Act 2010, the Council has a statutory duty to pay due regard to the impact of how it carries out its business on different groups of people. This is designed to help the Council identify the particular needs of different groups and reduce the likelihood of discrimination; the nine equality strands covered by the legislation are:
 - Age
 - Disability

- Gender reassignment
- Pregnancy and Maternity
- Religion or Belief
- Race
- Sex
- Sexual Orientation
- Marriage and Civil Partnership (this strand only applies to employment and not to service delivery).

These strands include everyone.

- 9.2 Cabinet Members should also be aware that under the Equality Act 2010, they must have due regard to the Public Sector Equality Duty when making budget decisions. What this means in practice is that Cabinet Members must consciously think about the three aims of the Public Sector Equality Duty as part of the decision making process, the three aims are to have due regard to the need to:
 - Eliminate discrimination, harassment and victimisation.
 - Advance equality of opportunity by removing or minimising disadvantages, meet differing needs and encourage participation.
 - Foster good relations between people from different groups.
- 9.3 Consideration of equality issues must influence the decisions reached by public bodies including:
 - How they act as employers.
 - How they design, deliver and evaluate services.
 - How they commission and procure from others.
- 9.4 The Brown Principles, established as a result of a legal case concerning Post Offices closures in 2008, provide an important checklist when making decisions:
 - Decision makers must be made aware of their duty to have due regard to the identified goals.
 - Due regard must be fulfilled before and at the time that a particular decision is being considered, not afterwards.
 - The duty must be exercised in substance, with rigour and with an open mind. It is not a question of ticking boxes.
 - The duty is not delegable; it must be fulfilled by the organisation in question rather than through the use of an external body to do it to the organisation.
 - The duty is a continuing one.
 - It is good practice to keep an adequate record showing that it has considered the identified needs.
- 9.5 There is a range of individual projects delivered through the Council's capital programme that have significant impacts on specific groups and equality implications should be considered when individual capital schemes are being developed.

9.6 This requirement would also apply if there were to be any redirection of capital funding in year so as to ensure that the impact of any changes is considered.

10.0 Environmental implications

10.1 A wide range of projects delivered through the capital programme have significant environmental implications and are geared to promote improvements to the physical environment.

11.0 Schedule of background papers

- 11.1 Capital programme 2014/15 to 2018/19 quarter two review Report to Cabinet (Resources) Panel on 9 December 2014, Council on 17 December 2014.
- 11.2 2015 Primary school expansion programme Funding strategy / programme enlargement Report to Cabinet (Resources) Panel on 10 February 2015.
