Recommendations for noting:

The Scrutiny Board is asked to note:

1. The Statutory Complaints Activity for Children's Services, Adult Services and Public Health, as detailed in Appendix 3 (Section 1).
2. All the other complaints activity governed by the Corporate Complaints Procedures as detailed in Appendix 3 (Section 2).

1.0 Background

- 1.1 The Council's Customer Feedback Team handles complaints, compliments and service enquiries from members of the public. Those relating to social care and public health matters fall under a statutory framework, while the remainder are handled under the council's corporate policy and procedures.
- 1.2 This report provides an overview of the complaints, including Local Government and Social Care/Housing Ombudsman enquiries received during 1 April 2020 to 31 March 2021.

2.0 Attachments

- 2.1 Appended to this covering report are the following documents:

Appendix 1 – Statutory Customer Feedback Dashboard

Appendix 2 – Corporate Customer Feedback Dashboard

Appendix 3 – Notes to the dashboard – Statutory (Section 1); Corporate (Section 2), Local Government and Social Care Ombudsman (LGSCO) and Housing Ombudsman (HO)

Appendix 4 – Learning from stage one complaints (corporate, adults, children's and public health)

3.0 Complaint Training

- 3.1 The Customer Feedback Team has compiled mandatory corporate complaint training and children's complaint handling for council officers, which is available via the council's learning hub. The team has worked with the Council's organisational development team and is compiling an online training module for Adult's complaint handling; this will be launched during 2021/22.

4.0 Monitoring Information

- 4.1 There are no concerns with the data analysis or evidence of any groups being disproportionately affected. The Council, being under the Public-Sector Equality Duty must, on an on-going basis, consider how its policies are working for the diverse communities a Council serves.

5.0 Managing Unreasonable Customer Behaviour Procedure

- 5.1 The management of unreasonable complainant behaviour procedure has been active since February 2015. During this period, the Customer Feedback Team has managed a total of five cases in line with this procedure.

6.0 Complaint Policy/Procedures

The customer feedback team carries out regular reviews of the council's corporate complaints policy and Children's, Adults and Public Health complaint procedures to

reflect current working practices and legislation. All policies and procedures are presented to the relevant leadership teams and democratic panel/board for approval.

7.0 Financial Implications

- 7.1 There are no financial implications associated with the recommendation in this report. [MH/17082021/T]

8.0 Legal Implications

- 8.1 The statutory complaints procedure must comply with various statutes. These include:
- Children and Family Services - The Children Act 1989, Representations Procedure (England) Regulations 2006. The Local Authority functions covered include services provided under Parts III, IV and V of the Children Act 1989
 - Adult Social Care – The Local Authority Social Services and National Health Service Complaints (England) Regulations 2009; which came into force on 1 April 2009.
 - Public Health - The NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012.

Legal Code: [JB/16082021/P]

9.0 Equalities Implications

- 9.1 There are no equalities implications associated with this report.

10.0 Environmental Implications

- 10.1 There are no environmental implications associated with this report.

11.0 Human Resources Implications

- 11.1 There are no human resource implications associated with this report.

12.0 Corporate Landlord Implications

- 12.1 There are no corporate landlord implications associated with this report.

13.0 Health and Wellbeing Implications

- 13.1 The complaints element of the social care and corporate procedure is part of a wider assurance process supporting quality in service delivery standards. This can then be a positive experience for customers and contribute to their health and well-being. For those occasions where the experience which has led to a complaint is a less positive one, then there is an opportunity for appropriate action or redress so that the health and

well-being of the complainant and/or relevant others is secured. The compliments process allows customers to note great practice by the Council; positive experience of officers working in many different settings will support improved experience of health and well-being for individuals as well as for staff who can be satisfied that their work is appreciated.

14.0 Covid Implications

- 14.1 Customers who contacted the customer feedback team during 1 April 2020 to 31 March 2021 were notified that the Council was focusing its attention on addressing the challenges of the pandemic and therefore may not be able to meet the corporate complaint deadline of a reply within 21 calendar days or statutory complaint deadline of a reply within 10 working days. The team also confirmed that the Council may only be able to send out a response in electronic format, so where feasible customers were asked to provide an email address along with their request. If this was not feasible the team ensured information was provided in a physical manner. The Local Government and Social Care Ombudsman (LGSCO) and Housing Ombudsman (HO) also confirmed the need for flexibility. The LGSCO paused casework and did not accept new complaints for three months between March and June 2021 to allow local authorities to focus on Covid19; customers were also sign posted to their guidance. Covid 19 pandemic government restrictions and revised working procedures, which were put in place to protect staff and customers, impacted on waste service delivery and resources; these revised working procedures were not received well by some customers. All changes to service delivery for waste were implemented across the service and outlined on the council's website. Response timescales in some service areas has also been impacted across the complaints function; this is due to complexities of cases and Covid19 influences on service delivery; customers were notified of any delays and provided with response timescales and updates on cases. It should be noted, however, that all concerns and enquiries received by the customer feedback team were logged, actioned and responded to accordingly, with the focus of achieving the best outcome for the customer.

SECTION 1:

Children’s Services, Adult Services and Public Health Complaints Activity 1 April 2020 to 31 March 2021

1.0 Children’s Services – Complaint Activity

1.1 Informal Complaints

The complaint regulations provide an opportunity for young people/children, parents, advocates and carers to raise issues of concern without those matters being treated as formal complaints, as long as they are effectively addressed and resolved in a timely manner. These are referred to as informal complaints; 42 informal complaints were received during 1 April 2020 to 31 March 2021 compared to 48 informal complaints received during 1 April 2019 to 31 March 2020; a decrease of six cases.

1.2 Stage One Complaints

During 1 April 2020 to 31 March 2021 the council received 33 stage one Children’s Services complaints compared to 58 during 1 April 2019 to 31 March 2020, a decrease of 25 cases. The 33 complaints received during this period refer to 12 separate service areas. The highest figure of five cases referred to Fostering Services. In some cases, this has followed extensive but unsuccessful attempts to resolve some of those complaints informally.

1.3 Timescales

Overall, 33 complaints were logged and investigated during 1 April 2020 to 31 March 2021. One complaint was responded to within 10 working days, 10 complaints within 11-20 working days, and the remaining 22 in just over 21 working days. Cases responded to 21 days or over timescale are due to various reasons for example, complex cases, availability of resources. In these circumstances, complainants are regularly updated on the progress of their complaint and provided with realistic timescales.

1.4 Out of the 33 complaints investigated during this period 4 complaints were dealt with in accordance with the Children’s Act, with an average timescale of 40 working days; 29 complaints were dealt with in accordance with the corporate complaints policy and procedure (Non-Children’s Act) which states complaints should be responded to within 21 calendar days; the average timescale was 30 days. The customer feedback team has worked with Children’s Services to improve these response times; improvement strategies have been implemented and are reviewed by the service on a regular basis.

Out of the 33 complaints investigated during this period, no cases were upheld (at fault), 19 cases were partially upheld (partially at fault) and 14 cases not upheld (not at fault).

1.5 Stage Two Complaints

During this period 1 April 2020 to 31 March 2021, we have received one statutory stage two complaint which has been investigated in accordance with the Children’s Statutory complaints procedure; this is in comparison to no cases received during 2019/20. The stage two statutory children’s complaint case received is as follows:

APPENDIX 3

- One complaint for Children and Young People in Care in relation to a young person's experience whilst in foster care and actions of the council; due to the volume and complexities of this case some elements were upheld, partially upheld, not upheld and no findings established. The appropriate remedy, actions and learning have been implemented in line with the outcome of the independent investigator's (IO) complaint report.

During this period 1 April 2020 to 31 March 2021, we have received four children's stage two complaints which were dealt with in accordance with our corporate complaints policy and procedure. This is in comparison to five cases received during 2019/20. Out of the four stage two cases received during this period two cases were upheld and two cases not upheld. The corporate children's stage two complaints received are as follows:

- One complaint for Strengthening Families in relation to actions/process and procedure of Children's Services and child protection conference; outcome not upheld
- One complaint for Strengthening Families in relation to non-attendance at a child protection conference and actions of a social worker; outcome upheld; appropriate remedy, actions and learning have been implemented
- One complaint for Strengthening Families in relation to child protection conference process/procedure, inaccuracies in reports and conduct of social worker; outcome upheld; appropriate remedy, actions and learning have been implemented
- One complaint for Children and Young People in Care in relation to actions and delays within the fostering team and conduct of social worker; outcome not upheld

Several other complaints that could have proceeded down this route were resolved after significant intervention, mediation meetings and problem solving with Children's Services, the complainant and customer feedback team.

1.6 Stage Three Complaints

Where a statutory children's stage two complaint investigation has been carried out and the complainant remains dissatisfied, they have the right to request matters proceed to the final stage of the statutory complaint procedure; a stage three Independent Complaint Review Panel. During 1 April 2020 to 31 March 2021 no complaints escalated to a stage three panel during this period; this is in comparison to no stage three cases during 1 April 2019 to 31 March 2020.

In relation to Public Health complaints, there has been one complaint received during 1 April 2020 to 31 March 2021 regarding WV Active membership fee; this is in comparison for one complaint received during 1 April 2019 to 31 March 2020 in relation to Bert Williams Leisure Centre.

Cases responded to 21 days or over timescale are due to various reasons for example, complex cases, availability of resources. APPENDIX 3

SECTION 2: Corporate Complaints Activity, Local Government and Social Care Ombudsman and Housing Ombudsman Complaints Activity 1 April 2020 to 31 March 2021

4.0 Corporate Complaints Activity, Local Government and Social Care Ombudsman and Housing Ombudsman

4.1 Informal complaint enquiries/service requests

The customer feedback team works alongside the service involved and the customer complaining to resolve the complaint informally, preventing it becoming a formal complaint. It should be noted that 1,054 informal complaints and service request enquiries were logged with the customer feedback team during 1 April 2020 to 31 March 2021, compared to 1,021 received during 1 April 2019 to 31 March 2020. These types of enquiries are varied, for example, missed bin collection, contaminated bins, appeals, parking, litter or enquiries that fall outside of the complaints procedure jurisdiction. All enquiries were logged and resolved informally or sign posted to the correct process without going through the corporate complaints policy and procedure; this provides a swift outcome and resolution for the customer by resolving concerns at service level.

4.2 Corporate stage 1 complaints

During 1 April 2020 to 31 March 2021 the council received 256 stage one corporate complaints compared to 185 during 1 April 2019 to 31 March 2020 an increase of 71 cases. Out of the 256 received, 97 were upheld (at fault). The 256 complaints covers 22 separate service areas, the highest figure of 170 complaints for 2020/21 refer to Waste Management; this is in comparison to 56 complaints received for 2019/20. Revenues and Benefits received 19, followed by Environmental Protection receiving 14. In some cases, this has followed extensive but unsuccessful attempts to resolve some of those matters at service level. It should be noted that Waste Management attend approximately 135,000 kerbside properties each week; an average of 585,000 collections each month; both household recycling centres, on average each day, receive between 300-500 visitors. The Customer Feedback Team has worked closely with Waste Management to ensure the areas of concerns are addressed whilst providing the best outcome for the customer.

4.3 Corporate Complaint Category

During 1 April 2020 to 31 March 2021 the main issue of complaint involved failure to provide a service (153), followed by dissatisfaction of council policies (37), failure to achieve standards/quality (25), conduct of employees (24), failure to consider relevant matters (9), delays in responding or administrative (7) and bias/unfair discrimination (1).

4.4 Corporate Timescales

The average response time for responding to each complaint is 14 days for this period; this is in comparison to 14 days for 2019/20 which is consistent. The response timescale for stage 1 complaints responding within 21 calendar days is 89%. Out of the 256 cases received during this period, 229 cases were responded to within 21 calendar days and 27 cases responded to outside of this timescale. The target of 95% response time has therefore not been achieved; the Customer Feedback Team will continue to monitor this

APPENDIX 3

response time and work with service groups to improve this timescale. Cases responded to outside of the timescale are due to various reasons for example, complex cases, availability of resources. In these circumstances, complainants are regularly updated on the progress of their complaint.

The Ombudsman publishes annual complaint statistics for each local authority in England. The Ombudsman received 41 complaints and enquiries in 2020/21 in relation to this council; this is in comparison to 61 complaints and enquiries received during 2019/20. This process involves referring complaints back to the council for local resolution, no further action, invalid/incomplete complaints, advice given and detailed investigations. Out of the 41 enquiries received from the Ombudsman, they carried out 11 detailed investigations of the complaints they received about the City of Wolverhampton Council for 2020/21; this is in comparison to 12 detailed investigations received for 2019/20. Out of the 11 detailed investigations carried out, the Ombudsman has recorded six cases (55%) findings of fault (upheld) for the council during 2020/21 (this compares to an average of 72% in similar authorities). The annual report confirms that the council is 100% compliant with carrying out the Ombudsman's upheld remedies and recommendations.

City of Wolverhampton Council's performance for 2020/21 can be compared with neighbouring authorities via the Ombudsman's interactive map; this interactive map shows annual performance data for all councils in England, with links to published decision statements, public interest reports, annual letters and information about service improvements that have been agreed by each council. This interactive tool assists the council to monitor the improvements they agree to make following the Ombudsman's investigations, as well as supporting scrutiny of local services. See link to interactive map as follows: <https://www.lgo.org.uk/your-councils-performance>

The Ombudsman has confirmed that the numbers of cases which they report will not necessarily match the complaints data that we hold as statistics are recorded by the Ombudsman in different annual year business periods.

APPENDIX 3

6.0 Learning/Action Plans

Customer Feedback Team and Directorates are committed to learning from customer feedback and require the completion of a tracking form/learning log from each complaint investigated at all stages. Where complaints highlight that things have gone wrong, heads of service, managers and the customer feedback team are required to identify these areas, implement remedies and review processes/procedures where necessary.

When a complaint is upheld (council at fault) and the findings of a subsequent investigation is for a financial remedy, change to policy or service delivery, the Customer Feedback Team produce an action plan report. Recommendations within these reports are agreed with appropriate Heads of Service and shared with the relevant Service Manager/Director to ensure appropriate remedies and changes to policy/service delivery are implemented. The Customer Feedback Team also attend regular quality assurance meetings for Adults and Children's Services and scheduled Waste Liaison Meetings to ensure they use the learning from complaints to drive service improvements.
