The Licensing Manager pointed out a typographical error on page 203 of the report and confirmed that West Midlands Private Hire Drivers Association had not been invited to respond to the consultation.

He stated that twenty one responses had been received from drivers requesting that they be allowed to work for multiple Private Hire Vehicle Operators and that given the number of requests, this was to be determined by Members of the Non-Statutory Licensing Committee.

Members considered the request and although they acknowledged the importance of worker's rights, they had great concerns for the impact it could have on public safety. It was noted that drivers could move Operator, giving the prescribed notification.

It was therefore agreed that the current policy should remain unchanged and Private Hire Vehicle Drivers should only work for one operator at a time.

The new conditions would be applicable for licences granted after 1st February 2020.

4 Application for a Private Hire Vehicle Driver's Licence - SS

The Chair invited Elaine Moreton, Section Leader Licensing, Bronee Davies, Senior Licensing Officer, and the Applicant (SS) into the Hearing. SS was accompanied by his wife and Solicitor, Mr Anthony Schiller. The Chair led round-table introductions and outlined the procedure to be followed.

The Section Leader, Licensing, outlined the report regarding an application for a Private Hire Vehicle Driver's Licence, which had been circulated to all parties in advance of the meeting. The matter had been referred to the Sub-Committee by an authorised employee of the council for further consideration to be given as to whether SS was a fit and proper person to hold a Private Hire Vehicle Driver's Licence due to the information outlined in the report.

All parties were invited to question the Section Leader on the report. Elaine Moreton provided responses to questions asked.

The Chair invited SS to make representations.

Mr Schiller made representations on behalf of his client. He detailed the circumstances that led to his client's convictions and stated that SS had been an excellent taxi driver for a long time and had no penalty points on his driving licence. He stated that SS no longer drank alcohol, for which he had medical evidence, and had sought professional help and guidance on the matter. He stated that SS had learnt from his mistakes and was now older and wiser.

Mr Schiller advised that SS had additional supporting documents with him and wished for them to be considered by the Sub-Committee. The Sub-Committee agreed to the request (copies filed with these minutes).

In response to questions asked, Mr Schiller elaborated further on the situations that led to his client's convictions and stated that SS underwent regular blood tests confirming that he no longer drank alcohol. SS, his wife, Mr Schiller, the Section Leader and Senior Licensing Officer left the room to allow the Sub-Committee to determine the matter.

All parties were invited back to the meeting.

The Chair advised them of the decision of the Sub-Committee, which was explained in full by the Solicitor.

Resolved:

That having considered all the evidence both written and oral, provided at the hearing, the Sub-Committee was not satisfied that SS was a fit and proper person and therefore, in accordance with Section 51 of the Local Government (Miscellaneous Provisions) Act 1976, a Private Hire Vehicle Driver's Licence was not granted. This decision was made in accordance with paragraph 5.1.4(b) of the guidelines relating to the relevance of convictions and breaches of licence conditions agreed by the Licence Committee on 20 March 2019.

The Solicitor detailed the applicant's right of appeal to the Magistrates' Court against the decision of the Sub-Committee, within 21 days of receipt of the decision, and the potential costs of doing so.

All parties were invited back to the meeting.

The Chair advised them of the decision of the Sub-Committee, which was explained in full by the Solicitor.

Resolved:

That having considered all the evidence both written and oral, provided at the hearing, the Sub-Committee was not satisfied that SH was a fit and proper person and therefore, in accordance with Section 51 of the Local Government (Miscellaneous Provisions) Act 1976, a Private Hire Vehicle Driver's Licence was not granted. Recommendations for noting:

The Non-Statutory Licensing Committee is asked to note:

1. Licensing Services' response to the consultation on taxi ranks.
2. The proposed traffic regulation order.

1.0 Purpose

- 1.1 To present a proposed traffic regulation order (TRO) resulting from the review and consultation on taxi ranks.

2.0 Background

- 2.1 A six-week public consultation requesting feedback on taxi ranks ran from 22 October – 6 December 2019. Every hackney carriage licence holder at the beginning of the consultation period was informed of this in writing.

3.0 Licensing Services' Response to Consultation Feedback

- 3.1 Consultees provided feedback in several areas for consideration. The issues have been summarised and responded to below:
- Feedback that the ranks are being used by vehicles other than Wolverhampton licensed hackney carriages.
 - Licensing Services will be utilising automatic number plate recognition (ANPR) cameras to monitor taxi ranks. Enforcement action will be taken against violators.
 - Request for a new rank in Bilston Street, eastbound.
 - The requested area is a bus stop. Bus stops are in force 24/7, therefore cannot be made into taxi ranks.
 - Request for a new rank in Broad Street, westbound.
 - A 3 vehicle rank between 18:00 - 06:00 is proposed in the westbound loading bay. The area will be loading only between 06:00 - 18:00.
 - The westbound parking bays are used by customers visiting businesses and the eastbound area is double yellow lines, apart from a bus stop. Double yellow lines are in force to prevent obstructions and bus stops are in force 24/7, therefore cannot be made into taxi ranks.
 - Request for a new rank in Cleveland Street, outside City of Wolverhampton Market.
 - The parking bays are used by customers visiting businesses.
 - Request for a new rank in Lichfield Street, westbound.
 - A 4 vehicle rank between 18:30 - 06:00 is proposed by the post box from the bollards to the beginning of the bus stop.
 - Should there be an obstruction to traffic or other compelling reason, public service vehicles (such as coaches with passengers for Wolverhampton Grand Theatre) are permitted to wait for so long as is reasonably necessary for the taking up or setting down of passengers on taxi ranks.
 - Request for a new rank in Market Street, northbound.
 - The two disabled parking bays on the left-hand side of the road before the existing taxi rank are needed for passenger-side loading into wheelchair accessible vehicles.

- A rank in the loading bay on the right-hand side of the road would require a feeder rank, which would restrict traffic flow on Castle Street, which is an existing bus route.
- Request for a new rank in Piper's Row, southbound.
 - A 3 vehicle rank between 18:00 - 06:00 is proposed in the loading bay. It will remain a loading bay between 06:00 - 18:00.
- Request for a new rank in Princess Street, northbound.
 - A 3 vehicle rank between 18:00 – 06:00 in front of the electric vehicle charging bay is proposed. The area will be loading only between 06:00 - 18:00.
 - It was originally proposed that this would be a 24-hour taxi rank, however loading provision is required for the adjacent business premises, which are currently unoccupied. This provision is required to attract future tenants.
- Request for a new rank in Stafford Street, southbound.
 - Taxis waiting here would obstruct the view from the pedestrian crossing.
- Request for a new rank in Queen Street, eastbound.
 - A 4 vehicle rank between 18:30 - 06:00 is proposed in the loading bay. It will remain a loading bay between 06:00 - 18:30.
- Request for a new rank in Victoria Street, northbound.
 - This area will be pedestrianised as part of the Westside Link development. New taxi ranks will be created near the Westside development once plans are confirmed.

4.0 Proposed Traffic Regulation Order

- 4.1 As a result of the review, new rank space for 17 taxis has been identified.
- 4.2 The creation of taxi ranks is an executive function, requiring the approval of the proposed TRO (Appendix 1) by the Cabinet Member for City Environment through the individual executive decision procedure.
- 4.3 The existing rank at Bailey Street, which is used as a feeder rank for the train station, will also be included on the TRO.
- 4.4 Permission has been obtained by the landowner, the highways authority, for the creation of the taxi ranks in this proposed TRO.
- 4.5 The Council will be required to give notice to the Chief Constable of West Midlands Police. Notice must also be given to the public by advertisement in at least one local newspaper circulating in the district. Should any written objections or representations be made within 28 days of the first published advertisement, the Council will consider them before deciding on the final TRO for implementation.
- 4.6 Once the TRO has been implemented, automatic number plate recognition cameras will be used to monitor the ranks. Unauthorised drivers entering the taxi ranks without

reasonable excuse are committing an offence under Section 64 of The Local Government (Miscellaneous Provisions) Act 1976.

5.0 Financial implications

- 5.1 The cost of this work was included in the financial implications of the report to Licensing Committee on 6 June 2018 and the approved budget remains in place.

[NC/06032020/Q]

6.0 Legal implications

- 6.1 Section 63 of The Local Government (Miscellaneous Provisions) Act 1976 provides that a district council may from time to time appoint stands for hackney carriages.
- 6.2 Before appointing any stand for hackney carriages a district council shall give notice to the chief officer of police for the police area in which the stand is situated and shall also give public notice of the proposal by advertisement in at least one local newspaper circulating in the district and shall take into consideration any objections or representations in respect of such proposal which may be made to them in writing within twenty-eight days of the first publication of such notice.
- 6.3 The power to appoint stands for hackney carriages shall include power to revoke such appointment and to alter any stand so appointed.
- 6.4 A Traffic Regulation Order (TRO) is used to appoint, revoke or alter a hackney carriage stand. The power and procedure for the making of such an Order is contained within The Road Traffic regulation Act 1984 and The Local Authorities Traffic Orders (Procedure)(England and Wales) Regulations 1996.
- 6.5 The taxi ranks/stands will be marked in accordance with the Traffic Signs Regulations and General Directions 2016.
- 6.6 Parking Services and Licensing Compliance will be responsible for enforcement under the TRO.

[SH/06032020/A]

7.0 Equalities implications

- 7.1 An equalities analysis was undertaken on the proposals. The primary group affected is those with disabilities, particularly wheelchair users. The traffic regulation order does not affect any disabled parking bays, however as hackney carriages are used heavily by those with mobility issues, the proposals improve accessibility for this group.
- 7.2 The proposed rank on Market Street will be unable to load wheelchair passengers from the pavement, due to the rank being on the right-hand side of a one-way road. Without

changing the direction of traffic flow, which would negatively affect the disabled parking and taxi ranks on the left-hand side of the road, this is unavoidable.

8.0 Climate change and environmental implications

8.1 The proposed taxi ranks will assist in ensuring the safe and efficient operation of the highway, resulting in fewer greenhouse gas emissions.

9.0 Human Resources implications

9.1 There are no Human Resources implications.

10.0 Corporate Landlord implications

10.1 Licensing Services has worked in conjunction with Highways Services on this project and has its permission, as landowner, to create the proposed taxi ranks on the highway.

11.0 Covid Implications

11.1 There are no Covid implications arising from the recommendations of this report.

12.0 Schedule of background papers

12.1 Support for City Centre Taxi Rank Review and Consultation - Licensing Committee (6 June 2018).

Recommendation for decision:

The Non-Statutory Licensing Committee is recommended to:

1. To approve the extension of the Mystery Shopper Exercise in relation to private hire and hackney carriage licensed vehicles.

Recommendation for noting:

The Non-Statutory Licensing Committee is asked to:

1. Note the evaluation of the Mystery Shopper Scheme at Appendix 1.

1.0 Purpose

- 1.1 To inform Councillors of the findings of an evaluation report into the operation, usage, accessibility and equal access provided to people who are physically disabled when using Hackney Carriages and Private Hire Vehicles.
- 1.2 To obtain endorsement from Councillors for the extension of the Mystery Shopper Exercise to include individuals who identify as having a protected characteristic as defined under the Equality Act 2010.

2.0 Background

- 2.1 In 2008, as a result of feedback from members of the public and complaints received, Licensing Services and Public Protection undertook an exercise to evaluate the provision of Hackney Carriage Services to disabled customers within Wolverhampton.
- 2.2 The evaluation of the Taxi Mystery Shopper Scheme in 2008 highlighted that many Hackney Carriage Drivers were unaware of the appropriate understanding or techniques to assist passengers with physical disabilities. As a result, Licensing Committee resolved to endorse the proposal for the training of drivers of Hackney Carriages in respect of disability awareness.
- 2.3 On 1 October 2010 the Equality Act 2010 came into force bringing together 116 separate pieces of legislation, including the Disability Discrimination Act 1995. The Equality Act included many of the taxi and private hire vehicle provisions which were in the Disability Discrimination Act 1995, but it also includes some important changes.
 - Sections 160 to 173
Relate specifically to disabled persons and taxis and private hire vehicles.
 - Sections 165 and 167 (came into effect on 6 April 2017).
Section 165 imposes legal duties on the driver of a designated hackney carriage and private hire vehicle which has been hired by or for a disabled person in a wheelchair, or by another person who wishes to be accompanied by a disabled person who is in a wheelchair.
 - Section 167 allows licensing authorities to maintain a list of “designated vehicles”, that is, a list of wheelchair accessible taxis and private hire vehicles licensed in their area. The consequence of being on this list is that the driver must undertake the duties in section 165. Licensing Services does maintain a list of designated vehicles.
 - Section 168 of the Equality Act 2010 imposes duties on the drivers of Taxis and Private Hire Vehicles when their vehicle has been hired by either a disabled person who is accompanied by an assistance dog, or by another person who wishes to be accompanied by a disabled person with an assistance dog.

- Section 170 of the Equality Act 2010 states that an operator of a private hire vehicle commits an offence by failing or refusing to accept a booking for the vehicle if the booking is requested by or on behalf of a disabled person or a person who wishes to be accompanied by a disabled person and the reason for the failure or refusal is that the disabled person will be accompanied by an assistance dog.

2.4 Considering the provisions of the Equality Act 2010 and the length of time since the last evaluation exercise, Licensing Services, between December 2019 and February 2020, carried out a new exercise to evaluate the provision of Hackney Carriage and Private Hire Services to disabled customers within Wolverhampton.

3.0 Mystery Shopper Exercise

3.1 The evaluation took place through a 'Mystery Shopper' exercise across all areas of Wolverhampton. This involved volunteers from local disability groups, Council employees and an Officer from West Midlands Police undertaking journeys in Hackney Carriages and Private Hire Vehicles. The method of booking the journeys included telephone and App bookings for Private Hire Vehicles and selecting vehicles from the Hackney Carriage ranks.

3.2 At the end of each journey the volunteers completed a questionnaire to ascertain their views on the journey in order that the Council could evaluate whether the level of service was of an appropriate standard.

3.3 The evaluation of the Taxi and Private Hire Services Mystery Shopper Scheme is attached at Appendix 1 of this report.

4.0 Recommendations

4.1 That Councillors note the evaluation of the Taxi and Private Hire Services Mystery Shopper Scheme.

4.2 That Councillors approve the extension of the Mystery Shopper Exercise to evaluate the operation, usage, accessibility and equal access provided to individuals who identify as having a protected characteristic as defined under the Equality Act 2010.

5.0 Financial implications

5.1 Approval to extend the Mystery Shopper Exercise will incur costs in order to cover the price of the taxi and private hire journeys undertaken by the volunteers. This is business as usual and therefore no additional budget is required.

[NC/10032020/Y]

6.0 Legal implications

- 6.1 The law governing the licensing of Hackney Carriage and Private Hire vehicles is largely contained within The Town Police Clauses Act 1847, as amended and the Local Government (Miscellaneous Provisions) Act 1976.
- 6.2 Hackney Carriage and Private Hire Vehicle drivers fall into the category of a “service provider” under the Equality Act 2010. Service providers are prohibited from discriminating against, harassing and victimising persons who possess protected characteristics.
- 6.3 Hackney Carriage and Private Hire licensing is a non-executive function and it is therefore the responsibility of Licensing Committee to determine the policy and procedures in respect of this matter.

[RP/06032020/A]

7.0 Equalities implications

- 7.1 No Equalities Impact Assessment has been produced for this initiative, however the findings of the scheme will be used in future to assist with reviews of existing Equalities Impact Assessment for Hackney Carriage and Private Hire policies.

8.0 Climate change and environmental implications

- 8.1 There are no direct climate change and environmental implications arising from this report.

9.0 Human Resources implications

- 9.1 There are no Human Resources implications.

10.0 Corporate Landlord implications

- 10.1 There are no Corporate Landlord implications.

11.0 Covid Implications

- 11.1 The mystery shopper exercise was undertaken prior to the Covid-19 pandemic. Any future exercises will be undertaken only when it is safe to do so, with the appropriate infection control measures in place.

12.0 Schedule of background papers

- 12.1 Licensing Committee - 19 November 2008. Evaluation of Taxi Mystery Shopper Exercise.

1.0 Introduction

2.0 Details of the Mystery Shopper Scheme

3.0 Data Analysis

4.0 Survey Results

1.0 Introduction

- 1.1 The purpose of this report is to inform Councillors of the findings of an evaluation into the operation, usage, accessibility and equal access provided to people who are disabled.
- 1.2 Considering the provisions regarding taxi and private hire services contained within the Equality Act 2010 and the length of time since the last evaluation exercise carried out in 2008, in December 2019 Licensing Services began its Taxi and Private Hire Services Mystery Shopper scheme to evaluate the current provision of Hackney Carriage and Private Hire Services to disabled customers within Wolverhampton.
- 1.3 To identify users of this service, appropriate external groups were contacted to gather a wide range of disabilities in which we could fully establish and recognise any flaws in the taxi service provided by drivers and vehicles licensed by Wolverhampton City Council.

2.0 Details of the Mystery Shopper Scheme

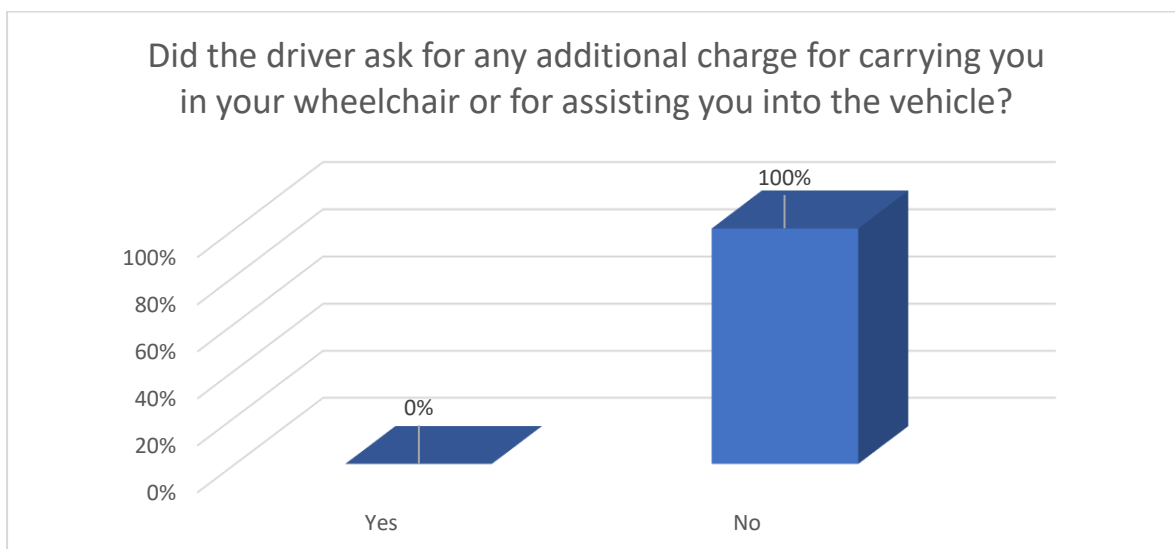

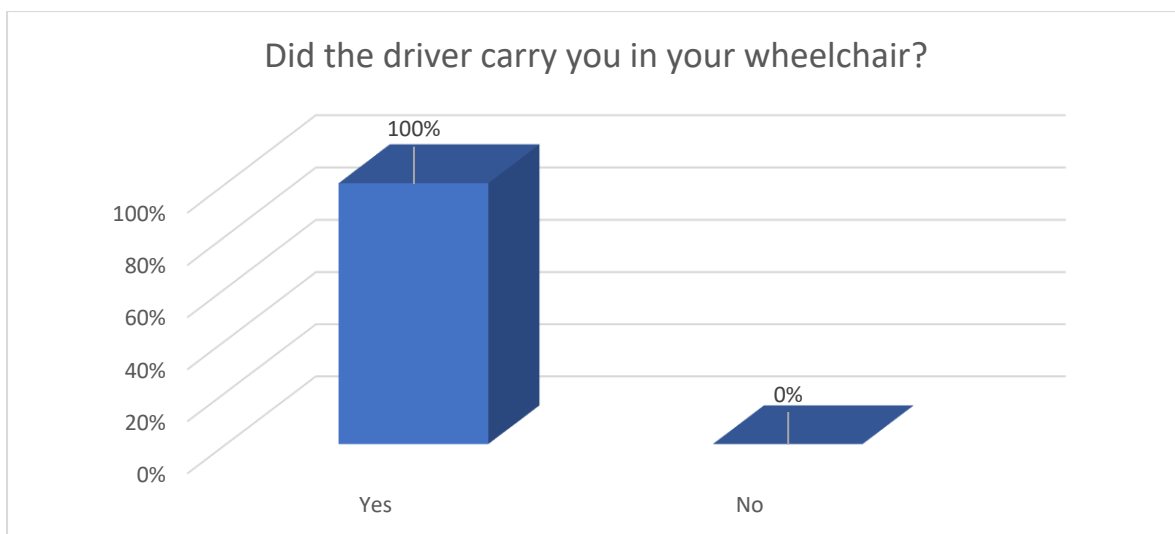

- 2.1 Contact was made with Disability groups informing them of the mystery shopper scheme. The scheme consisted of a set questionnaire surrounding the provisions and duties contained within the Equality Act 2010, issues of safety, accessibility, the driver's attitude, the comparison to other transport facilities and anything they thought was particularly good or bad.
- 2.2 The mystery shopper was required to hire a taxi from a taxi rank in the City Centre to a particular destination and then book a private hire for a return journey. If physically possible, the mystery shopper was asked to travel alone. All visits and questionnaires completed were anonymously to ensure that accurate and efficient results were collated.
- 2.3 Licensing Compliance Officers observed the start of the hiring from a concealed location so that they could take down the vehicle registration number and the Hackney Carriage/Private Hire licence number.
- 2.4 Every mystery shopper was accompanied beforehand and met afterwards to ensure their physical wellbeing and safety in locations they were not familiar with or areas that could be potentially busy.
- 2.5 Council staff involved were fully informed of the individuals' physical disability and how to further assist them in making their journey more comfortable.

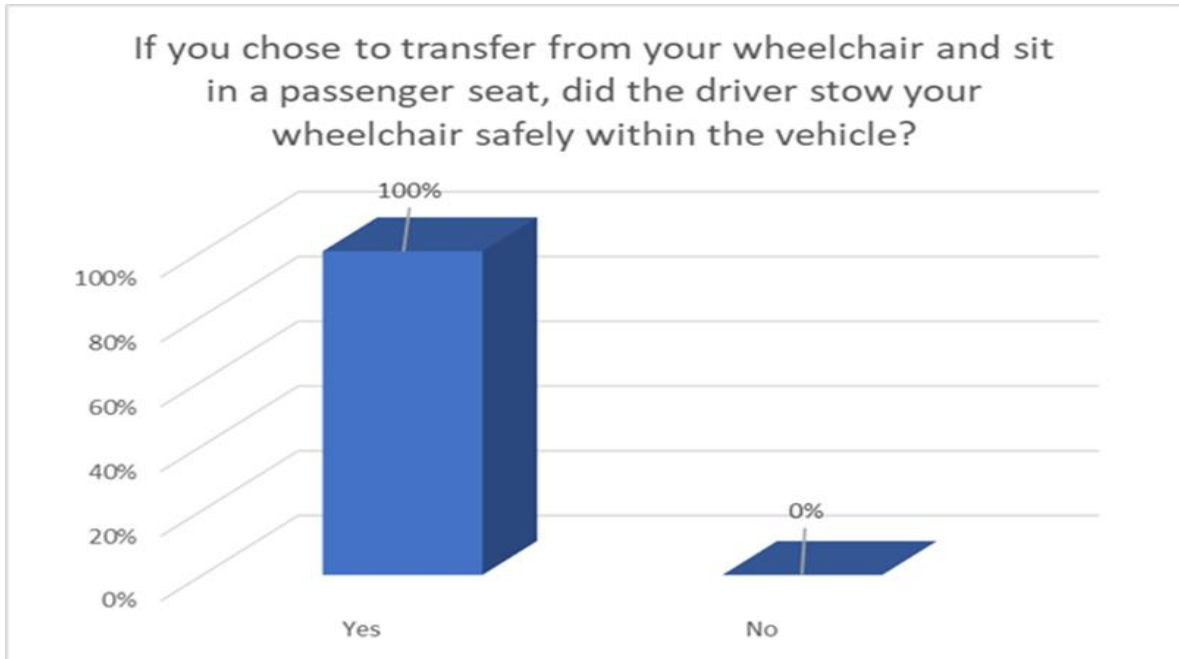

3.0 Data Analysis

- 3.1 A total of 19 journeys were undertaken during December 2019 and February 2020, using both Hackney Carriages and Private Hire Vehicles. 13 journeys were undertaken in a Private Hire Vehicle and six in a Hackney Carriage.
- 3.2 10 journeys were taken by a volunteer in a wheelchair. Seven journeys were taken by a volunteer that was blind or partially sighted and accompanied by an assistance dog. Two journeys were taken by volunteers who were blind/partially sighted and also had difficulties with their mobility due to hip replacements and osteoarthritis.

4.0 Survey results

- 4.1 The survey consisted of both qualitative and quantitative questions in order to gather further information and identify possible reasons and issues that would otherwise not be recognised.
- 4.2 The Equality Act 2010 places clear duties on drivers when carrying a passenger in a wheelchair or when carrying a passenger accompanied by an assistance dog.
- 4.3 The Mystery Shopper was asked to confirm if the drivers complied with these duties, the following charts show the level of compliance that they experienced.

4.4 During two journeys undertaken in hackney carriages by wheelchair volunteers, the drivers failed to secure the wheelchair users correctly. As a result both drivers have attended a review hearing and have been sent on a Wheelchair Training and Assessment Course.

Did the driver give you such mobility assistance as is reasonably required?

Did the driver carry your assistance dog and allow it to remain with you during the journey?

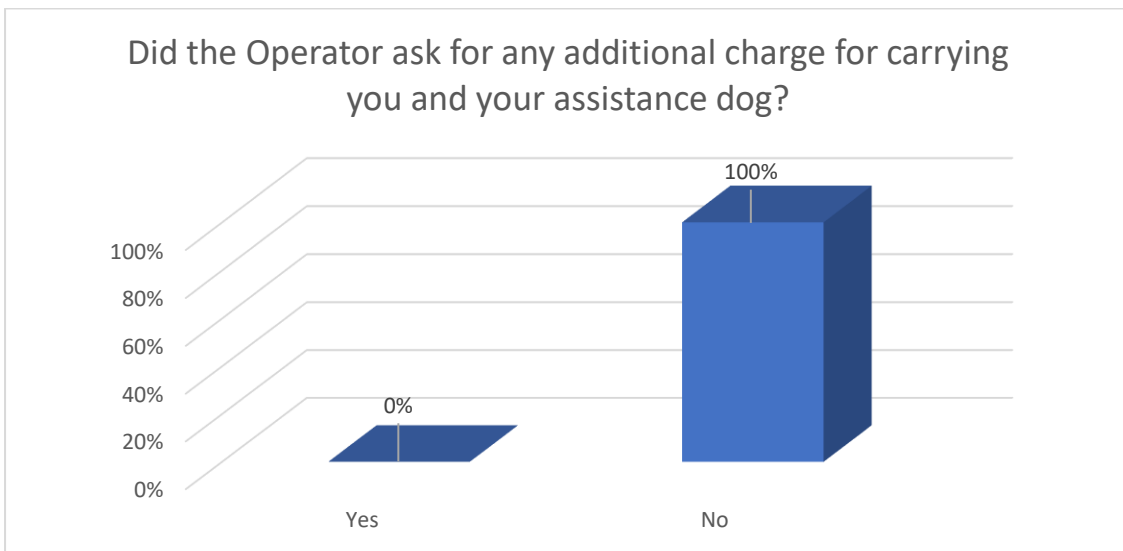

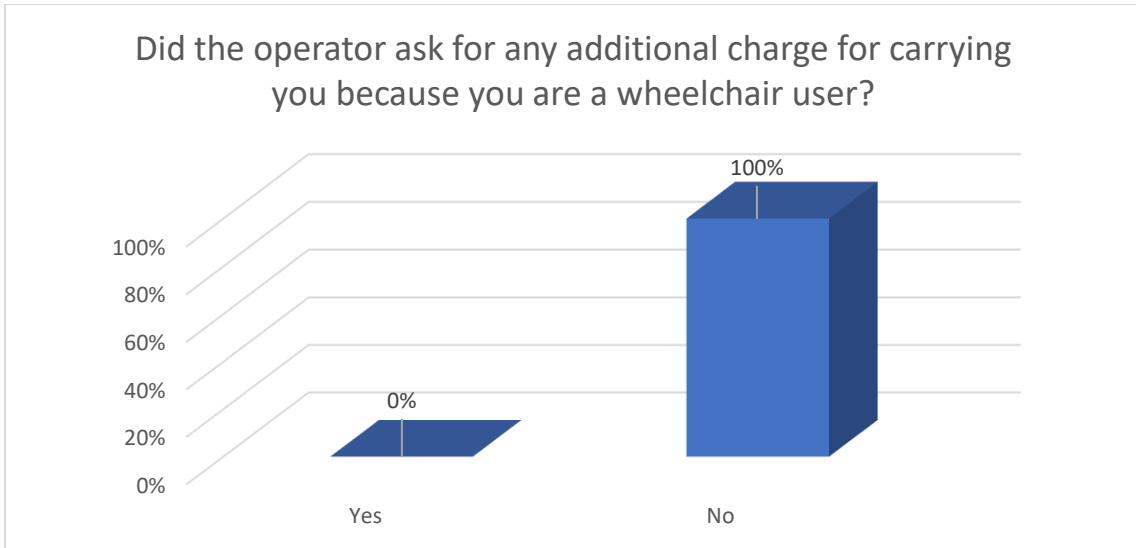

Did the driver ask for any additional charge for carrying you and your assistance dog or for assisting you into the vehicle?

4.5 Overall the compliance with the duties contained within the Equality Act 2010 in relation to drivers was very positive with the level of compliance being 100% in 6 of the 7 duties.

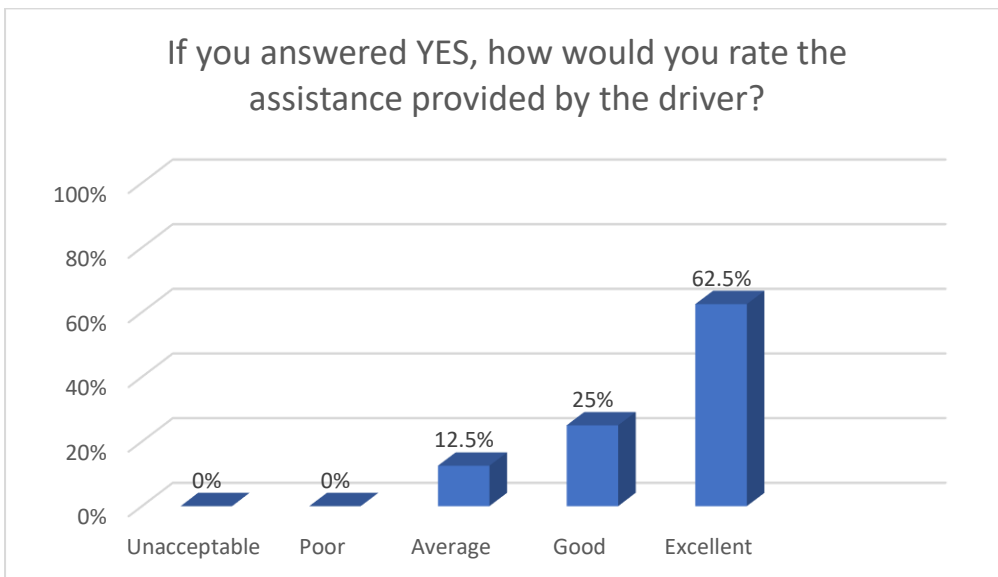

4.6 The Equality Act 2010 also places duties on Private Hire Operator's when receiving a request to book a vehicle to carry passengers / a passenger in a wheelchair or a passenger accompanied by an assistance dog. The results are shown below.

4.7 The Operators achieved 100% compliance with all the duties contained within the Equality Act 2010.

2. The schedule of employee decisions for 2019 - 2020 attached at Appendix 2 to this report in relation to new hackney carriage and private hire applications.

1.0 Purpose

- 1.1 To seek the endorsement and approval of a proposed decision-making process and the proposed delegations in relation to category 3 decision making powers to the Director for City Environment.
- 1.2 To draw Councillors' attention to the delegations document attached at Appendix 1 which includes proposed delegations from the Director for City Environment to officers within Place.

2.0 Background

- 2.1 The Non-Statutory Licensing Committee has responsibility for a wide range of licensing functions. These relate principally to the issue of licences, permits, registrations, consents and their enforcement.
- 2.2 Councillors will be most familiar with taxi related matters. However, there are many other matters that are only occasionally brought to Councillors' attention for consideration e.g. sex establishments.
- 2.3 The licensing system is configured to allow the proper discharge of functions and operates through the Non-Statutory Licensing Committee either taking decisions themselves or through the delegation of decisions to officers.
- 2.4 The aim of the delegation scheme is the achievement of a proper balance of responsibilities to enable the service to be delivered in an efficient and effective manner.
- 2.5 The current Non-Statutory Committee approval arrangements categorise decisions into three categories. See table below.

Current decision-making progress

Category	Who takes the decision?	Type of decision
1	Full Committee	Policy matters and those which have significant political, financial implications including fees and charges or service delivery issues
2	Sub Committee	Contentious applications for new and existing permissions/consents and licences to include suspensions and licence revocations, where appropriate and in accordance with agreed policy/criteria responsibility for any function as prescribed by statute
3	Delegated to Officers	Determination of consents, permits, registrations, licence applications and reviews, to include contentious applications for new and existing permissions/consents and licences, where relevant and in accordance with agreed policies/criteria

3.0 Delegation of category 2 and 3 decisions

- 3.1 On 30 May 2012 the Licensing Committee considered a report on the review of decision making.
- 3.2 This report set out a review process for officer delegations.
- 3.3 Licensing Services produced a policy document which included a list of current and proposed delegation to officers for a range of decisions.
- 3.4 The Non-Statutory Licensing Committee confirmed and endorsed category 2 and category 3 decisions and the continuation of the existing regime of officer delegations and approved delegation of category 3 decisions, to the Strategic Director for Education and Enterprise. This ensured the ongoing delivery of routine, non-contentious licensing functions in accordance with agreed policies and procedures.
- 3.5 Councillors agreed that an updated delegation report be presented to Non-Statutory Licensing Committee on an annual basis to the first meeting of the municipal year.
- 3.6 The Non-Statutory Licensing Committee are asked to endorse and approve the delegation of category 3 decision making to the Director of City Environment.
- 3.7 The delegations document attached at Appendix 1 has been updated throughout the year and includes proposed delegations from the Director of City Environment to officers within the Place directive.
- 3.8 Should Councillors agree with recommendations within this report the proposed delegations document will be authorised by the Director of City Environment.

4.0 Legal implications

- 4.1 The Licensing Authorities (Functions and Responsibilities) (England) Regulations 2000 Schedule 1 specifies a range of functions which are not to be an executive responsibility and this includes licensing and registration functions.
- 4.2 The Non-Statutory Licensing Committee has been appointed to exercise the Council's functions relating to the processing, determination and management of licensing. Specific powers and duties are listed in the Council's constitution and some can be delegated to officers.
- 4.3 One of the main principles of the constitution is the need to be able to ascertain who is responsible for any decision made by or on behalf of the Council and this is particularly so for officer delegations which must be comprehensive.
[SH/15052020/A]

Recommendations for decision:

The Non-Statutory Licensing Committee is recommended to:

1. Approve the proposed fees and charges for Hackney Carriage and Private Hire Vehicle Drivers as set out in Appendix 1 with effect from 1 June 2020.
2. Approve the proposed fees and charges for Hackney Carriage and Private Hire Vehicles as set out in Appendix 2 with effect from 1 June 2020.

1.0 Purpose

- 1.1 To gain approval for a mid-term reduction in application fees for licences relating to hackney carriages, private hire vehicles and drivers.

2.0 Background

- 2.1 The Council is empowered by statute to levy fees and charges in respect of licences for hackney carriages, private hire vehicles, drivers and their operators. The fees charged must be reasonable in relation to costs incurred in the issue, administration and enforcement of such licences. Council policy is that fees and charges should be reviewed annually and reflect the cost of providing the service.
- 2.2 A fees and charges report was presented to this committee on 22 January 2020 setting out the reasons for the setting of fees for the 2020-2021 period. Within that report there contained provision for schemes that were to soon be undertaken in the amount of an estimated £600,000. The report also indicated an overspend for the current financial year.
- 2.3 Due to the Covid 19 pandemic, and the lockdown, the schemes will not be undertaken in the time period suggested. Furthermore, there was no end of year overspend.

3.0 Proposals for 2020-2021 driver fees

- 3.1 The Local Government (Miscellaneous Provisions) Act 1976 Section 53 refers to the driver licence fees and states that the fee must be based on the cost of issue and administration of a driver licence. This includes staffing, accommodation, stationery and other such associated costs.
- 3.2 It is proposed to reduce the driver fees as shown below, commencing 1 June 2020
- Hackney Carriage/Private Hire 1 year renewal from £59 to £40
 - Hackney Carriage/Private Hire 2 year renewal from £110 to £75
 - Hackney Carriage/Private Hire 3 year renewal from £140 to £100

It is not proposed to change any other driver related fee. The proposed fees and charges for, Hackney Carriage and Private Hire, Vehicle Driver Licences, commencing 1 June 2020 is set out in Appendix 1.

4.0 Proposals for 2019-2020 Vehicle Fees

- 4.1 The Local Government (Miscellaneous Provisions) Act 1976 Section 70 refers to the vehicle and operator licence fees and states that the fee must cover:

- the reasonable cost of the carrying out by or on behalf of the district council of inspections of hackney carriages and private hire vehicles for the purpose of determining whether any such licence should be granted or renewed;
- the reasonable cost of providing hackney carriage stands; and
- any reasonable administrative or other costs in connection with the foregoing and with the control and supervision of hackney carriages and private hire vehicles.

4.2 It is proposed to reduce the vehicle licensing fees as shown below, commencing 1 June 2020.

- Up to 10 years old, 1 year from £185 to £135.

It is not proposed to change any other vehicle related fee. The proposed fees and charges for Hackney Carriage and Private Hire Vehicle Licences, commencing 1 June 2020 is set out in Appendix 2.

4.3 It is not proposed to change Operator fees.

5.0 Financial implications

5.1 Reducing the driver fee by £19 for 18,000 drivers will place a draw on the reserves of £342,000. Reducing the vehicle fee by £50 for 12,000 vehicles will place a draw on the reserves of £600,000.

5.2 Should the Licensing Committee agree with the recommendations in this report it is anticipated that overall income from the proposed fees and charges in Appendices 1 and 2 will cover the estimated cost of providing the service.
[C/11052020/V]

6.0 Legal implications

6.1 Section 53 of the Local Government (Miscellaneous Provisions) Act 1976 deals with drivers' licences for hackney carriage and private hire vehicles. It permits the Council to recover such a fee as they consider reasonable with a view to recovering the costs of issue and administration.

6.2 Section 70 of the 1976 Act provides that a district council may charge such fees for the grant of vehicle and operators' licences as may be resolved by them to cover the cost of providing stands and reasonable administrative or other costs in connection with the control and supervision of hackney carriage and private hire vehicles.

Section 70 (3)(a) provides that if the district Council determines that fees should be varied they should publish a notice in a local newspaper. A notice was published regarding the 22 January 2020 report and no objections were received. Fees are being reduced significantly and a further notice has not been published.

- 6.3 The fees charged must be reasonable in relation to costs incurred in the issue, administration and enforcement of such licences.
