**Please state the ground(s) for review (please read guidance note 1)**

The local weights and measures authority has "responsible authority" status under the Licensing Act 2003 by virtue of the Licensing Act 2003 (Premises Licences and Club Premises Certificates) Regulations 2005.

In December 2021, the local weights and measures authority (also known as the Trading Standards Service) received a complaint alleging that illegal cigarettes are being sold from Phoenix Express and International Food on Parkfield Road.

On 23rd September 2022, officers from Trading Standards, supported by officers from West Midlands Police, officers from Home Office Immigration Enforcement, and a detection dog handler, inspected the licensed premises for the presence of illicit tobacco under powers afforded by the Consumer Rights Act 2015.

Upon arrival, as asylum seeker without entitlement to work in the UK was behind the shop counter. This matter was addressed by colleagues from Home Office Immigration Enforcement. A male was also found to be living in the retail premises. Neither the Designated Premises Supervisor nor the Premises Licence Holder were present, but the owner, [REDACTED], arrived during the inspection.

Illicit tobacco products and nicotine containing vapes were discovered in the shop, concealed behind a mirror in makeshift living quarters, and in a car registered at the premises being used as a storage container.

Consequently, more than 8,000 cigarettes and a kilo of hand-rolling tobacco were seized for various reasons, including: suspicion of being counterfeit, duty evasion, and failure to bear statutory health warnings. In addition, 44 disposable vapes were

seized as the tanks held more than the permitted amount of e-liquid.

Collectively, the products seized breach various pieces of legislation including:

- Trade Marks Act 1994
- Tobacco and Related Products Regulations 2016
- Standardised Packaging of Tobacco Products Regulations 2015

Furthermore, to knowingly keep or allow to be kept on relevant premises, goods such as cigarettes and hand rolling tobacco, which have been imported without payment of duty or which had otherwise been unlawfully imported is a criminal offence as per section 144(1) and (3) of the Licensing Act 2003.

During the inspection it was also noted that neither the Licence Summary nor the statutory tobacco notice were displayed, contrary to Section 57(4) Licensing Act 2003 and Section 4 Children and Young Persons (Protection from Tobacco) Act 1991 respectively.

Separate consideration will be given by the Trading Standards Service as to whether legal proceedings should be instituted for the breaches identified.

By virtue of his role as Premises Licence Holder, Idris HAMID, has engaged in activities which have breached the licensing objectives namely 'the prevention of crime and disorder' and 'the protection of children from harm'.

**Please provide as much information as possible to support the application**  
(please read guidance note 2)

The Home Office has published guidance under section 182 of the Licensing Act 2003, with the following paragraphs being particularly relevant:

11.27 "There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These [include] the use of the licensed premises for the sale or storage of smuggled tobacco and alcohol."

The guidance goes on to state that:

11.28 "...Where reviews arise and the licensing authority determines that the crime prevention objective is being undermined through the premises being used to further crimes, it is expected that suspension or revocation of the licence – even in the first instance - should be seriously considered."

Additionally, it is acknowledged, that the sale of illicit tobacco:

- contributes to the shadow economy
- undermines the City's public health activity which aims to deter residents from smoking, especially young people
- drives down the cost of tobacco to pocket money prices, thereby counteracting Central Government's attempts to use price as a disincentive
- poses a safety risk to the consumer.

To clarify the latter point, legitimate cigarette brands are required to comply with British Standard EN 16156 which relates to ignition propensity. In short, legitimate brands have a band of fire-retardant chemical added to the cigarette paper during manufacture to slow down the burn rate at the point where the retardant chemical has been added. If a smoker were, for example, to fall asleep whilst holding a genuine cigarette, the reduced burn rate would increase the likelihood of the cigarette simply going out. Counterfeit and illicit cigarettes, such as those seized from Phoenix Express and International Food, would not comply with the burn rate safety requirement imposed by the British Standard.

With regards to vapes, Part 6 of the Tobacco and Related Products Regulations 2016:

- sets minimum standards for the safety and quality of all e-cigarettes and refill containers (otherwise known as e-liquids)
- ensures that information is provided to consumers so that they can make informed choices
- promotes an environment that protects children from starting to use these products.

Dear Mrs Craner,

**Application for a review of a Premises Licence under the Licensing Act 2003 -  
PRE1306 - Phoenix Express and International Food, 715 Parkfield Road, WV4 6EE**

I write on behalf of the Licencing Authority, as a responsible authority, in support of the above review application made by Trading Standards. Representations are made in relation to the licensing objective of 'Prevention of Crime and Disorder, Protection of Children from Harm and the failure of the current management of the premises to promote and uphold these objectives.

On 29 September 2022, Trading Standards submitted an application to review the Premises Licence. The issues raised by Trading Standards relate to the prevention of crime and disorder and the protection of children from harm.

The Licensing Authority has concerns over the Premises Licence Holder, Mr Hamid Idris and Designated Premises Supervisor, Kerry Joanne Eskandari, as the evidence provided by Trading Standards within their application indicates that they are not upholding the licensing objective of 'Prevention of Crime and Disorder, Protection of Children from Harm and therefore putting the public at risk.

The evidence shows a blatant disregard of the law and for public safety by the Premises Licence Holder, Designated Premises Supervisor and the management.

If Councillors are satisfied that illegal activities have taken place at the premises, in breach of upholding the licensing objectives, the Licensing Authority requests that the Statutory Licensing Sub-Committee ensure these issues are addressed in accordance with Section 52 of the Licensing Act 2003 and guidance issued by the Secretary of State under 182 of the Act, together with City of Wolverhampton Council's Statement of Licensing Policy.

Councillors may conclude from the evidence, given within the review application and at the hearing, that in order to promote the licensing objectives it is not a suitable option to remove

the current management of the premises and that there is no alternative but to revoke the Premises Licence.

The Licensing Authority fully supports the review application brought by Trading Standards and concludes the above issues must be resolved in order to promote the licensing objectives of Prevention of Crime and Disorder, Protection of Children from Harm. I shall be in attendance at the hearing, should Councillors have any questions or require any further assistance.

Yours sincerely,

Dear Anita,

**Review - Phoenix Express and International Food, 715 Parkfield Road, WV4 6EE - PRE1306**

Thank you for your email dated 29<sup>TH</sup> September 2022 in reference to the request made by Trading Standards to review the premises license for Phoenix Express and International Food.

I write on behalf of Public Health as a Responsible Authority to submit supporting formal representations to the above application under the licensing objectives of the Prevention of Crime and Disorder, and the Protection of Children from Harm.

Public Health have very serious concerns regarding the significant amount of illicit tobacco, vapes and cigarettes seized on 23 September 2022.

As a Responsible Authority we would expect any business licensed to sell alcohol to act responsibly at all times and promote the key objectives of the Licensing Act 2003.

With several breaches of the licensing conditions reported, Public Health is not reassured that the business is operating in adherence to the Licensing Act and therefore supports Trading Standards request to review the current licence.

I, or a suitable representative from Public Health, will be available to attend the hearing and provide further information as required.

Yours sincerely,

Nilusha Sahni
