Recommendation for decision:

The Audit and Risk Committee is recommended to:

1. Undertake a review of the terms of reference for the Committee in line with recognised best practice.

1.0 Purpose

- 1.1 The terms of reference for the Audit Committee were last reviewed and approved by the Audit Committee in March 2017, in order to reflect CIPFA's position statement: Audit Committees in Local Authorities. It is recognised best practice that such terms of reference are reviewed on a regular basis to ensure they remain fit for purpose.

2.0 Background

- 2.1 The terms of reference have been updated in order to incorporate new additions to the model terms of reference provided by CIPFA in the latest 2018 edition of their Practical Guidance for Local Authority Audit Committees, in the following areas:
- To review the governance and assurance arrangements for significant partnerships or collaborations.
 - To consider any impairments to independence or objectivity arising from additional roles or responsibilities outside of internal auditing of the head of internal audit. To approve and periodically review safeguards to limit such impairments.
 - To provide free and unfettered access to the audit committee chair for the head of internal audit, including the opportunity for a private meeting with the committee.
 - To support the independence of external audit through consideration of the external auditor's annual assessment of its independence and review of any issues raised by PSAA or the authority's auditor panel as appropriate.
 - To publish an annual report on the work of the Committee.
- 2.2 Where appropriate and where not already actioned, these additions will be incorporated into the work of the Committee.
- 2.3 The previous reference to receiving additional assurance reports from the Corporate Assurance team (Insurance and Health and Safety) has been removed. Instead, if there are areas of concern in these areas that impinge upon control matters, they will be reported through the regular internal audit progress reports.

3.0 Progress, options, discussion, etc.

- 3.1 The terms of reference will continue to be presented to the Audit and Risk Committee on a regular basis for review, in order for the Committee to determine their continued suitability.

4.0 Financial implications

- 4.1 There are no financial implications arising from the recommendations in this report.
[GE/25022019/N]

5.0 Legal implications

5.1 There are no legal implications arising from the recommendations in this report.

Audit and Risk Committee - Terms of Reference

Statement of purpose

Our Audit and Risk Committee is a key component of the Council's corporate governance. It provides an independent and high-level focus on the audit, assurance and reporting arrangements that underpin good governance and financial standards.

The purpose of our Audit and Risk Committee is to provide independent assurance to the members of the adequacy of the risk management framework and the internal control environment. It provides independent review of the governance, risk management and control frameworks and oversees the financial reporting and annual governance processes. It oversees internal audit and external audit, helping to ensure efficient and effective assurance arrangements are in place.

Governance, risk and control

- To review the Council's corporate governance arrangements against the good governance framework and consider annual governance reports and assurances.
- To review the annual governance statement prior to approval and consider whether it properly reflects the risk environment and supporting assurances, taking into account internal audit's opinion on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control.
- To consider the Council's arrangements to secure value for money and review assurances and assessments on the effectiveness of these arrangements.
- To consider the Council's framework of assurance and ensure that it adequately addresses the risks and priorities of the Council.
- To monitor the effective development and operation of risk management in the Council.
- To monitor progress in addressing risk-related issues reported to the committee.
- To consider reports on the effectiveness of internal controls and monitor the implementation of agreed actions.
- To review the assessment of fraud risks and potential harm to the Council from fraud and corruption.
- To monitor the counter-fraud strategy, actions and resources.
- To review the governance and assurance arrangements for significant partnerships or collaborations.

Internal Audit

- To approve the internal audit charter.
- To review proposals made in relation to the appointment of external providers of internal audit services and to make recommendations.
- To approve the risk based internal audit plan, including internal audit's resource requirements, the approach to using other sources of assurance and any work required to place reliance upon those other sources.
- To approve significant interim changes to the risk-based internal audit plan and resource requirements.
- To make appropriate enquiries of both management and the head of internal audit to determine if there are any inappropriate scope or resource limitations.
- To consider any impairments to independence or objectivity arising from additional roles or responsibilities outside of internal auditing of the head of internal audit. To approve and periodically review safeguards to limit such impairments.
- To consider reports from the head of internal audit on internal audit's performance during the year, including the performance of external providers of internal audit services. These will include:
 - Updates on the work of internal audit including key findings, issues of concern and action in hand as a result of internal audit work;
 - Regular reports on the results of the quality assurance and improvement programme;
 - Reports on instances where the internal audit function does not conform to the Public Sector Internal Audit Standards and Local Government Application Note, considering whether the non-conformance is significant enough that it must be included in the annual governance statement.
- To consider the head of internal audit's annual report:
 - The statement of the level of conformance with the Public Sector Internal Audit Standards and Local Government Application Note and the results of the quality assurance and improvement programme that supports the statement - these will indicate the reliability of the conclusions of internal audit.
 - The opinion on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control together with the summary of the work supporting the opinion - these will assist the committee in reviewing the annual governance statement.
- To consider summaries of specific internal audit reports as requested.
- To receive reports outlining the action taken where the head of internal audit has concluded that management has accepted a level of risk that may be unacceptable to the authority or there are concerns about progress with the implementation of agreed actions.
- To contribute to the quality assurance and improvement programme and in particular, to the external quality assessment of internal audit that takes place at least once every five years.
- To consider a report on the effectiveness of internal audit to support the annual governance statement, where required to do so by the Accounts and Audit Regulations.
- To provide free and unfettered access to the audit committee chair for the head of internal audit, including the opportunity for a private meeting with the committee.

External Audit

- To support the independence of external audit through consideration of the external auditor's annual assessment of its independence and review of any issues raised by PSAA or the authority's auditor panel as appropriate.
- To consider the external auditor's annual letter, relevant reports, and the report to those charged with governance.
- To consider specific reports as agreed with the external auditor.
- To comment on the scope and depth of external audit work and to ensure it gives value for money.
- To commission work from internal and external audit.
- To advise and recommend on the effectiveness of relationships between external and internal audit and other inspection agencies or relevant bodies.

Financial reporting

- To receive detailed training in respect of the process associated with the preparation, sign off, audit and publication of the Council's annual statement of accounts.
- To monitor the on-going progress towards publication of the Council's annual statement of accounts, ensuring the statutory deadlines are achieved.
- To obtain explanations for all significant variances between planned and actual expenditure to the extent that it impacts on the annual statement of accounts.
- To review the annual statement of accounts. Specifically, to consider whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statements or from the audit that need to be brought to the attention of the Council.
- To consider the external auditor's report to those charged with governance on issues arising from the audit of the accounts.

Accountability arrangements

- To report to those charged with governance on the committee's findings, conclusions and recommendations concerning the adequacy and effectiveness of their governance, risk management and internal control frameworks, financial reporting arrangements, and internal and external audit functions.
- To report to full Council on a regular basis on the committee's performance in relation to the terms of reference, and the effectiveness of the committee in meeting its purpose.
- To publish an annual report on the work of the Committee.
