

**Premises Licence Application  
Crazy Gin Ltd**

**Wolverhampton City Council  
Licensing Sub-Committee  
16 October 2019**

---

**Documents lodged on behalf of the applicant**

---

Acting for the applicant, we have liaised extensively with Licensing Authority as a Responsible Authority, as the sole objector to this application.

We have a meeting scheduled with the Licensing Authority to discuss the operating schedule, hours and conditions within the operating schedule.

We believe we will offer a comprehensive suite of conditions within the operating schedule, which will fully uphold the licensing objectives, and rebut the presumption for the CIZ. We do not believe that this type of premises will add to any cumulative effect of any of the licensing objectives, and all bar one of the Responsible Authorities agreed this.

The following documents are being used in support of the application and for mediation:

- Premises Licence and Site Operations Training Manual
- Challenge 25
- Incident log book
- Refusals register
- Staff Training documentation
- Signage {consideration to neighbours & use of beer garden}
