Dear Sirs,

I wish to make my representation in relation to the licencing application for the above new premises on several points.

The Provision of Entertainment in the form of Boxing and Wrestling in particular concerns me since such full contact sports appear to me to encourage partisan rivalry which, if also fueled by alcohol can often spill over into raucous and boisterous behaviour, potentially leading to public disorder breaking out.

The potential for alcohol consumption over spilling into the car park and the grater surrounding areas, particularly late at night at the end of a function is also concerning since the Pheonix Park to the rear is an alcohol prohibited area and the Pheonix Health and Urgent Treatment Centre to the other side. This concern also tend to generate loud and extended periods where guests continue to pursue banter and heightened exuberance causing a general nuisance, which additionally extends to the disturbance of local residents and their children in particular living in the flats immediately opposite the venue. The inevitable departure of parties of guests in cars appear to also inevitably lead to loud last goodbyes, accompanied by the use of car horns.

The Non Standard Timings attached to the application expatiates each of the above concerns, particularly in relation to the extended opportunity for alcohol consumption effecting all local residents but again more especially the children who will no doubt be restless with the expectation of Christmas approaching.

As such I oppose the application for the provision of Alcohol in particular and also the range of Entertainment suggested for such large numbers of guests not experienced in the area before, unless of cause the construction of the Hall has been vetted for exceptional high levels of noise control.

Regards

David Ryley

Local Resident
