MERRIDALE ROAD - NEW APPLICATION [PROTECT]

Dear Anita

I am making formal representations on behalf of the Licensing Authority to the above application for a premises licence under the prevention of crime and disorder, public safety, the prevention of public nuisance and the protection of children from harm licensing objectives as there is insufficient information within the operating schedule to promote the four licensing objectives. I understand there is street drinking and anti-social behaviour issues within the immediate vicinity of the premises which also gives reasons for concern.
