CAUTION: This email originated from outside of West Midlands Police. Do not click links or open attachments unless you are sure the content is safe.

Steph,

The date for the hearing has been set for Wednesday 3rd June at 10am.

As you state below we can, however, discuss.

I am proposing the following to enable you to withdraw your representation:

CIZ – We understand the venue is with the CIZ.
Sun-Thurs opening hours – The business plan includes opening until 3am, 7 days a week.
Female door staff – The Prince Albert Premises License states that a female should be used ‘when practically possible.’ This license will mirror.
Requirement for police to provide medium to download CCTV footage - Happy to amend that (as long as mediums are returned.)
Link radio – It is not part of our business plan due to cost but can be added if required
Informing WMP licensing of events – The venue will not be holding ‘events’ as it is not a club.
Off sales – We will remove the ‘off sales’ part
Last entry time – Neither of our other venues has a ‘last entry time’ however I am willing to insert 02:30 for new customers if it helps.

I believe we have gone a long way and hope you will reciprocate.

With best wishes,

Shaun

Subject: New Premises Licence Application

Shaun,

As we have been unable to successfully mediate to a satisfactory outcome for both parties, then formal representations have been submitted to the Licensing Authority today, which was the last day for them to be submitted.

This does allow a further 28 days to continue with mediation before any scheduled hearing date.

I have detailed the following as issues not detailed/resolved.

CIZ

Sun-Thurs opening hours

Female door staff

Requirement for police to provide medium to download CCTV footage

Link radio

Informing WMP licensing of events

Off sales

Last entry time

Regards

Steph Reynolds
