

The City Centre: Interchange

Mixed retail, office and leisure development opportunities

Why choose Interchange?

- A new mainline railway station at the heart of the UK's high speed rail network, serving 4.75 million passengers a year
- A fully-operational bus station serving local, regional and national operators
- A new link to the Midland Metro light rail network
- The opportunity to develop over 300,000 sq ft of mixed Grade A office space, retail and leisure provision, building on the success of the first phase
- The chance to put your own unique stamp on one of the city's most important gateways

What we offer you

At the heart of Wolverhampton's offer is first-class support, including:

- A dedicated account manager to help your company through the 'landing' process
- A streamlined planning process
- Help with master planning and cost appraisal
- Introductions to the local business community
- Support to maximise your local supply chain development opportunities
- Continuing support
