Dear Sir/Madam,

**Objection to application by Alisha Supermarket for Premises License at 116-126 Steelhouse Lane, Wolverhampton, WV2 2AW**

I am an ASAN (All Saints Action Network) board member and have lived in All Saints for over 20 years and consequently know the area and community very well. I am objecting to this proposal in my own personal capacity. The premises 116-126 Steelhouse Lane is unsuitable for a Premises License because of its location and the fact that it has no off-street parking. The area in the vicinity of this building is very congested during week days with school children and parents going to and from the two Primary Schools nearby in Caledonia Road. There is also a Nursery at the ASAN Workspace in All Saints Road. The elderly and infirm also add to the congestion in the mornings and afternoons visiting the Doctor's Surgery on the corner of Steelhouse Lane and Caledonia Road. Heavy goods vehicles travelling to and from the industrial units in Cable Street and Steelhouse Lane cause considerable congestion throughout the day. There are three junctions close together namely: Caledonia Road/Steelhouse Lane, Mills Road/Steelhouse Lane and Cable Street/Steelhouse Lane. The junctions Caledonia Road/Steelhouse Lane and Cable Street/Steelhouse Lane are particularly difficult to exit and enter safely because of the current level of road traffic and pedestrians. An additional hazard is caused by two bus stops (on either side of the road) in the proximity of this property. At weekends, the religious establishment on the corner of Cable Street and Steelhouse Lane has a considerable number of vehicle borne visitors. The proposed store applying for a Premises License would require substantial on-street parking to make it viable. Such on street parking would be a major hazard in this area particularly for school children and the elderly.

Yours faithfully,

Daljit Sidhu

To the Licensing Department, Wolverhampton City Council

**Application for a Premises License at 116-126 Steelhouse Lane,  
Wolverhampton, WV2 2AW by Malwina Anna Podsiadla for Alisha  
Supermarkets.**

**Objection to this application.**

I am a frequent user of this area. The junctions at Cable Street and Steelhouse Lane, Caledonia Road and Steelhouse Lane are particularly awkward and difficult to use. These are very congested with traffic comprising commuters, residents, industrial vehicles and school children. I have had some near misses using these two junctions and any further parking and increase in traffic will cause considerable increase in risk of accidents. The supermarket by its nature will cause a considerable increase in traffic and also noise and pollution for nearby residents.

I note that the premises has no significant (if any) off street parking and will require HGVs (delivering supplies) to the supermarket and customers to park on street near two bus stops and two very congested junctions.

As far as I am aware, the premises in question used to be an industrial warehouse with a limited number of visitors. It has never been used as a supermarket.

Yours Sincerely,

R Singh
