premises is the old Bargain King supermarket, so is single storey pavement facing, long frontage, rear loading bay suitable for outdoor secure smoking area. We operate members only, 18 minimum age. We obtained planning last year as an LGBTQ + social bar, so although it is not to be a private members club licence, it is operated as members registrations to restrict entry. So there is a reception on entry for checking of details and membership enrolment, but inside like a normal bar with soft drinks, alcoholic drinks and snacks. All covid rules enforced and active.

If 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

SIA doorstaff plus our own club stewards in attendance when required. Amplified music for live bands, but the main lounge is double inner walled ie. inside the main building between two outer walls, so sound will not carry directly to street. We have done sound tests, and we can dampen any sound, and will restrict Master Slides on PA mixer system, and can guarantee we can keep sound to acceptable levels up to midnight and lower levels after midnight.

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

Continued from previous page...

List here steps you will take to promote all four licensing objectives together.

The bar does have a name that we will implement, Purity. Or Purity Club.

Control of entry to the premises via membership, age restriction, dress code, higher price structure and door control. By CCTV monitoring of outside and inside areas, with SIA door staff when required, and our own stewards patrolling the premises. Risk assessments carried out and implementation of policies including search and controls, age verifications and persons state of mind and capabilities. Myself, Clive Thomason has been running clubs and bars continuously for the past 18 years, and currently owns the Bottle & Cork in Dudley, a cocktail bar similar to Parisian in Wolverhampton, and in 18 years have never had a serious fight or needed to call the police. This new bar will be upmarket 380 different spirits and champagne etc., so will be membership entry only, and all members checked out for I.D. so we will know who is in the premises, where they live and how to get hold of them if required. Anyone attending the premises will need photo I.D. and proof of age and address to obtain their membership. Then all information is loaded onto the membership mojo app so we have full reference for entry and history.

b) The prevention of crime and disorder

membership entry only and is restricted on age, dress code, appearance, actions, search and door controls. On entry people may be subject to search if certain events are taking place, and inline with Wolverhampton Police Policy for evening entrance after 8pm, and for live music events. Attention will be paid to the detection of weapons and drugs, with SIA door staff, whereby 2 of our bar staff are SIA holders, plus we have 8 stewards who are risk assessed and trained for door supervision and looking for signs of any drug abuse, dealers, passing on etc.. The doors are locked 2 hours before closing, so no late night persons ejected from other clubs or drunk are getting memberships or getting in. We will liaise with the local police and any forums for city centre controls, or pub watch etc..

Also anyone who appears to be controlled by others, or under the influence of drugs or drink will be refused entry. If those refused appear to be under age or suspected sex trafficked, then the police will be informed as they will be on our doorway CCTV system.

At our reception desk, for the use of our doorstaff is radio walkie talkies, body cams, stab vests (only if requested) security badged jackets for identification purposes and CCTV viewing screen. The doorway is double entry, electronic lock, CCTV monitored. Queueing disturbance to other businesses is to a minimum as we have a large entry lobby and the frontage of our premises is 120 feet, without infringing on anyone else's property. Also, membership can be done online prior to arrival to keep entry waiting to a minimum. Toilet checks, security checks, outside area checks are logged on our daily control sheets and carried out every hour to assist with detection of any substance or person abuse. All altercations are logged, and we have secure locked rooms on the premises. All staff will be required to carry out risk assessments, and a weekly meeting for reviews of safety procedures, security measures and monitoring, all recorded and filed. The same extends to stock safety, food safety and staff safety.

c) Public safety

Again, entry is restricted to members over the age of 18, and to the capacity as assessed for each event, and within any restrictions advised by the council or police, such as during public emergencies, protests, pandemics or disasters. Our capacity is 320 as our premises are 4800 sq ft, but of course during COVID 19 is at 80 seated allowing for social distancing. We can easily limit numbers allowed in due to our membership system, and then a one in/one out system. For function rooms we operate a wrist band system, so anyone using internal function rooms are restricted by the number of wrist bands issued, and a staff steward is allocated to the door of the function room for monitoring purposes. We also sell tickets on social sites, which again can be restricted by numbers of tickets allowed to be sold. We do have 3 ladies toilets and 2 gents on the premises, so avoiding bottle necks. CCTV covers the outside entrances, rear car park, smoking areas, reception and double entry area, bar area, lounge area, entry to toilets, rear exit passageway, stage area and stock rooms. SIA staff will be in use on main events for live music, which of course may not be for 3 to 18 months in the current situation, and at all other times, we have our reception staff and club stewards to monitor membership entry. We currently have 3 trained first aiders, and will have another 3 taking the course by November, but in addition to that, as we have been running our membership system prior to this club for a few years, we have quite a few of our regular members who are ex military and nurses, who have training in situations where first aid may be required. We will be in close contact with police groups with regard to Wolves football matches and supporter activities, and procedures we need to implement on such days, plus any planned marches, protests or other concerns. There will be risk assessments regarding our events and security measures available for inspection in the reception files area.

I would add that although I, (Clive Thomason) now lives in Oldbury, I am from Wolverhampton and am aware of the town centre and demographics as I lived through the Cowsheds (North Bank), Lafayette, Gondolier and The George pub days, so

Continued from previous page...

am not new to the area. There is of course, a full fire alarm system covering the bar, and fire exit illuminated signs and door exit ways, and all required fire extinguishers throughout the building.

d) The prevention of public nuisance

The front area for entry to the premises will be kept as quiet as possible, as there is no permitted parking there or designated smoking area. All parking is 100 metres away at the old market car park, or the ringway car park. Our rear car park is for staff only, and smoking area and there is no residential there at all or nearby. Signage will be on display at all exits asking members to be respectful of local residents and to keep noise to a minimum. Music within the bar is enclosed and not facing the main street, and has been tested and does not pose a threat, as it has two walls and air space of 3 metres to pass through and reception area, so does not bleed out as is usual in bars right onto the high street. There are other bars in the area and taxi ranks available, and plenty of room for taxis to pull up by our premises. No glasses can be taken onto the main street, as the reception area is one way, and electronic lock, so no one can get past reception. The rear smoking area is an enclosed gated space, as we cannot allow people to gain entry from the rear due to our membership control for entry to the club.

e) The protection of children from harm

We are an over 18's bar and Challenge 25 will be implemented, with signs stating as such. Also as we operate a members controlled entry system, proof of age has to be shown and accepted to get a membership, without which, no entry is allowed. No windows can be viewed into the bar, and the reception is double entry and monitored so no children can sneak in or rush the door. Our door staff also monitor and check outside the premises, to make sure nothing is taking place regarding children hanging around or with adults that may raise concerns. As an LGBTQ+ club we are more aware of the need for protection and control for our premises, and as such have much tighter entry controls than is usual for a bar. In reality we do not encourage anyone under 21 from becoming members, and prefer persons over 28, which in our eyes, is the watershed age for causing trouble. We also operate safe signs and secure staff areas, for discussions with anyone under duress or in fear of their safety, and measures can include isolating the person, escorting them to a taxi or calling the police if appropriate.

 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
