There have been many developments and achievements during this reporting period, with this, it is hoped that you will find the annual report interesting and useful and urge you to share it far and wide so that more and more people become aware of who we are, what we do and, critically, speak to us about how we can improve the lives of our children. In Wolverhampton, we advocate that Safeguarding is Everyone's Responsibility, this is the case whether you are a professional, a parent, a volunteer or none of those we all have a responsibility to ensure that children have the best possible start in life, growing up happy, healthy, safe and have the opportunity to access the right level of service and support, at the right time, to be able to achieve their full potential. The job of the Board is to ensure that the efforts of those agencies and groups who have contact with children work individually and collectively to ensure that children are helped, supported and protected.

Wolverhampton is the home town to approximately 56,353 children and young people under the age of 18 years, or approximately 20% of the total population in the area.

The annual report details the Boards role and function to safeguarding children in line with Section 13 of the Children Act 2004 which required each local authority area to establish a Local Safeguarding Children Board (LSCB); it also specifies the organisations and individuals that should be represented on the LSCBs. The membership of Wolverhampton Safeguarding Children Board (WSCB) complies with this requirement. Information relating to the Boards membership can be found within the appendices of the full report.

LSCB's have a range of roles and statutory functions, for the purpose of this years' annual report, the full objectives, role and functions are outline in the statutory guidance; Working Together to Safeguard Children (2013).

The current business priorities covering a three year period (2013-2016) were agreed by members' at the annual development day 2013 to help drive improvements against the core functions and requirements of the Board. These support the key objectives of the Business Plan priorities and themes which offers the underpinning framework for the work throughout this period

On the basis of all of the above, the work of the Board is informed by a set of clear priorities that is underpinned by an up to date and well-structured Business Plan.

Child Death Overview Panel (CDOP)

During 2014/15, 19 children died in our area, the CDOP reviewed each circumstance to identify any issues that could require a Serious Case Review (SCR); any matters of concern affecting the safety and welfare of children in the area; or any wider public health or safety concerns arising from a particular death or from a pattern of deaths in the area; and make specific recommendation to the Board.

Serious Case Review

During 2014-15, 9 cases were brought to the attention of the SCRC. These cases were purely Wolverhampton children, one of which met the criteria for a serious case review. There is a delay in publication that is due to pending court proceedings. But we have not delayed responding, as the committee has ensured that actions from this SCR are being implemented across all the relevant partner agencies.

Quality and Performance Functions

Quality of Performance has been a key priority for 2014/15. The Committee have throughout the year reviewed and scrutinised child protection activity performance data. Through the development of a more effective multi-agency dataset the Committee has provided written reports at each Board meeting on the analysis of data around safeguarding children.

The dataset has also been significantly improved during the year to a more multi agency tool to give the Board a picture of whether activities are making any differences to safeguard children and to adequately alert the Board of any risks in the system. Other subject areas monitored and reported on through this Committee; includes **Section 11 Audits, Private Fostering, and Management of Allegations.**

This Committee has also led on 3 Multi-Agency Case File Audits (MACFA) over the year. The themes; **Children Missing, Self Harm and Adolescent Neglect**, are summarised and findings disseminated through the partnership to frontline staff. Some of the findings from these exercises offered the assurance that practice was generally effective, there was evidence of good engagement from relevant agencies and that plans led to change in families and improvement in children's lives.

Whilst progress has been made in respect of the Quality and Performance functions of the Board, this area remains under further improvements for the Board.
