# FEHW Mission

An innovative and inclusive learning and research community  
working in productive partnerships with  
students and organisations to  
improve life outcomes, quality and wellbeing for people locally,  
nationally and internationally.

# Strategic Priorities

- Enhance student experience, built on high quality learning, teaching and research
- Harness our own expertise by releasing talents of our staff
- Enable all members of the Faculty to play their part in achieving success
- Model our culture on shared values and new integrated ways of working
- Develop a reputation for partnership working, locally, nationally, internationally
- Grow our sphere of influence nationally and internationally
- Develop a sustainable financial model to support growth
- Develop, communicate and celebrate our USPs
