Subject: FW: Review of Premises Licence- PRE1047, Diamond Banqueting Suite, Skinner Street, Wolverhampton, WV1 4LD
Attachments: Review App.doc; Officer Taylors Statement.docx

Sensitivity: PROTECT

Afternoon

I write on behalf of Environmental Health as a Responsible Authority to submit formal representations in support of the review applied for by the West Midlands Police - Licensing, as a Responsible Authority, due to failing to uphold the licensing objective of Prevention of Crime and Disorder due to the fact that a substantial cannabis cultivation was found inside the premises. This illustrates a blatant disregard to the law and therefore my confidence in Management at the premises to comply with any of the other licensing objectives, or conditions on the premises licence, is completely undermined. I fully support this review.

Regards
Sarah
