Dear Licensing,

The agent has signed the mediation document attached. Therefore, acting in my capacity as Responsible Authority for the Licensing Authority, my concerns raised in my representations have been allayed and subject to the amendments being made to the operating schedule, this should negate the need for a hearing, subject to no further representations from any other person or Responsible Authority.

Please see below for conditions to be added:

**To add the following:**

- Sealed containers: Any supply of alcohol for consumption off the premises must be within a sealed container.
- Super strength: Sales of alcohol are not to include any super strength lagers, beers or ciders where strength exceeds 6.5% ABV (alcohol by volume).
- Training: All staff to receive training before their first shift when the premises is open to the public and refresher training every six months on their responsibilities with regard to licensing legislation, underage and proxy sales. Training will also cover Challenge 25, conflict management, recognising signs of drunkenness, how to refuse service, the premises' duty of care, safe evacuation of the premises, company policies and reporting procedures, action to be taken in the event of an emergency, including the preservation of a crime scene and reporting an incident to the emergency services, the conditions in force under this licence. This training must be documented and produced to an officer of a responsible authority upon request.

Kind regards
