I refer to the representation made by the Fire Authority regarding the application for the Grant of a Premises licence made in respect of the above premises.
The applicant has supplied a voluntary undertaking to complete works to the appropriate standards and/or restrict the use of the premises. (As attached).
The Fire Authority considers this undertaking is sufficient, to show that the Public Safety Objective (as it relates to Fire Safety), will be adequately promoted and confirms that there will be no need for a hearing, providing there are no other relevant representations.
Any voluntary undertaking that the applicant gives to the Fire Authority does not constitute Licence Conditions and should not be treated as such.
You should be aware however that failure to act in accordance with the undertaking may result in the Issue of an enforcement notice under the Regulatory Reform (Fire Safety) Order 2005 and/or a review of the premises licence.

Should you require any further information or clarification, please do not hesitate to contact me.

LICENSING ACT 2003

Voluntary undertaking- Supplement to Application

NAME OF PREMISES: Shisha Point

ADDRESS: Sunbeam Street Wolverhampton WV2 4PF

Before signing this document, you should be aware that failure to comply with this undertaking may result in a review of the premises licence and/or enforcement action under the Regulatory Reform (Fire Safety) Order 2005

PUBLIC SAFETY
1) Artificial decorative effects (such as plants, leaves, etc) will be suitably fire retardant or removed from the premises.
2) The Occupancy of the premises (both inside and outside combined) will be limited to a safe capacity of no more than 60 persons, in total . Suitable management procedures will be adopted to ensure that the safe capacity is not exceeded.
3) A suitable Fire Risk Assessment will be undertaken as soon as possible. This will be carried out by a competent person. An action plan will form part of the fire risk assessment and any recommendations of the action plan will be carried out within a suitable time frame. One feature of the fire risk assessment will be the safe capacity as detailed in item 2 above.
4) The emergency lighting will be subjected to a suitable testing and maintenance regime. This will include a monthly test in accordance with BS5266-1 and an annual inspection by a competent engineer.
