Subject Pendulum Pub License Review. I am a resident at [REDACTED] and strongly object to this Pub being given another license . This establishment has had no concern for local residents and has constantly caused noise nuisance and anti social behaviour over many years now , causing many of the local residents including myself to lose sleep and ruin weekends . The noise anti social behaviour carrying on into the small hours of the morning and often carrying on outside after pub has shut At the very least the hours they are allowed to open into the evening needs to be drastically reduced and then enforced by yourselves when we the residents complain if this can't be done then I can't see how a license can be granted as the licensee will certainly push the boundaries as he has demonstrated many times including serving during lockdown which they were prosecuted for a clear indication at to the scant regard he holds laws and regulations in !! Kind Regards [REDACTED]
