Schedule 1 The Project

Introduction and Context

The Net Zero Neighbourhood (NZN) Programme is aiming to develop a replicable financial and delivery model for creating low carbon energy communities on a street-by-street or neighbourhood-by-neighbourhood basis. The Energy Capital team at West Midlands Combined Authority (WMCA) is working closely with the 7 constituent local authorities to identify and develop NZN projects.

To help the Net Zero Neighbourhoods progress to delivery, detailed plans need to be formed:

- to understand the local assets in a neighbourhood
- to understand the people and the community
- to design the capital investment plan
- to design the community engagement plan
- to identify the project delivery and phasing with available funding

A grant of £50k is available to each local authority for the development of their NZN plan upon receipt of an Expression of Interest form, outlining the detail of the area selected for the NZN.

Net Zero Neighbourhood Plan Specification

City of Wolverhampton Council have elected to appoint a 3rd party supplier to deliver the requirements to create the final deliverable – the Net Zero Neighbourhood Plan. The detailed requirements of the plan can be found in the Net Zero Neighbourhood Plan Specification document. The plan structure is outlined in the table below:

Section	Description
Understanding the Local Area	Identification of the housing, transport, energy use in the area. This can also include analysis to support opportunities for energy infrastructure (heat network, solar PV, etc) Understand community in the area and past engagement activities. This may also take the form of customer segmentation to understand how best to engage individual groups across the Community Engagement Plan and Project Delivery Plan.
Capital Investment Plan	The indicative investment in the area required to help the neighbourhood meet Net Zero. The scope of the Capital Investment Plan should focus on domestic emissions but opportunities for business should also be considered.

	Detailed, immediate investment opportunities will be identified from the overall Capital Investment Plan and matched with the funding available to help the neighbourhood transition. This may include public as well as private investment.
Project Delivery Plan	<p>Drawing on the overall Capital Investment Plan to identify the first phases of delivery alongside the available funding streams.</p> <p>The project management and delivery approach should be outlined alongside the funding sources.</p>
Community Engagement Plan	Long term plan of engagement to develop the Net Zero Neighbourhood with the community. Opportunities to adapt and replicate the engagement approach and scale should be taken into consideration.

It is a requirement of the grant award that the Net Zero Neighbourhood plan follows the structure outlined in the Net Zero Neighbourhood Plan Specification.

There is £1.65million funding available from WMCA to invest in a Net Zero Neighbourhood. To access the £1.65mill available from WMCA, plans need to be completed and sent to the Net Zero Neighbourhood Delivery Manager by 29th July 2022. There will be opportunities for review and comments as the plan develops by the Net Zero Neighbourhood Delivery Manager and SMART Hub team.
