3. The Fund's Annual Report and Accounts which have been published on the Fund's website in accordance with the statutory deadline of 1 December 2023.

1.0 Purpose

- 1.1 To provide the Pensions Committee with an update on the work of the Fund to deliver a well governed scheme.

2.0 Risk Register

- 2.1 The Risk Register captures the potential for impact in the Fund's service delivery as a forward-looking review, together with horizon scanning for changes which may impact or require change to the Fund's processes and delivery model. As such, the risks are refreshed each quarter and the directional arrows therefore reflect the trend on the risk assessment pre and post actions and mitigations (as opposed to quarter-by-quarter comparison).
- 2.2 This quarter the Fund continues to be alive to the current business change and transformational program and the impact this is having on the Fund's customers, working with suppliers to monitor and prioritise workloads to ensure the calculation and payment of pension benefits.
- 2.3 Ongoing national and regulatory change with the published outcomes of anticipated consultations together with the increased reporting and oversight has the potential to disrupt focus on value added activity where there is a lack of consistency in approach.
- 2.4 Resource risk continues to be a focus for the Fund with the Fund's ability to attract and retain key knowledge and skill in an ever-competitive market.
- 2.5 The risk register is attached at appendix A.

3.0 Key Performance Indicators (KPIs)

- 3.1 Further to the transition to the new administration system, work is being undertaken to develop comparator reporting from the previous quarter (reporting from the previous system). Details outlining workload management during the transition period, workload volumes and delivery for the current period are covered in separate reports to the Committee. The Governance and Assurance team are working with Operation Managers to build comparator reporting as understanding of the data and process mapping in the new system develops.
- 3.2 The Governance and Assurance team are satisfied that there is effective workload monitoring and due diligence in place at this time to monitor and ensure timescales for current work are being monitored in the assessment and identification of workload priorities.
