	Email	mike.hastings@nhs.net
Report to be/has been considered by	NHS Wolverhampton CCG Governing Body	12 July 2016

Recommendation(s) for action or decision:

The Health and Wellbeing Board is recommended to:

1. Approve the Wolverhampton Local Digital Roadmap

1.0 Purpose

- 1.1 NHS England has set out a number of criteria for the approval of Local Digital Roadmaps one of which is local approval at the Health and Wellbeing board. This will then allow the organisations within the LDR (Wolverhampton CCG, Wolverhampton City Council, Royal Wolverhampton Trust and Black Country Partnership Foundation Trust) to access technology enablement funds.

2.0 Background

- 2.1 In September 2015, a three-step process began to allow local health and care systems to produce Local Digital Roadmaps (LDRs) by 30 June 2016, setting out how they will achieve the ambition of 'paper-free at the point of care' by 2020.

The first step was the organisation of local commissioners, providers and social care partners into LDR footprints.

The second step was for NHS providers within LDR footprints to complete a Digital Maturity Self-assessment. Both of these steps have now been completed and each LDR footprint has been asked to develop and submit its own Local Digital Roadmap by the deadline of June 2016.

3.0 Current Situation.

- 3.1 NHS Wolverhampton CCG is the lead organisation for the Wolverhampton LDR. The other organisations involved are Royal Wolverhampton Trust, Black Country Partnership Foundation Trust, Wolverhampton City Council and West Midlands Ambulance Service.

The CCG has been working with our partner organisations to develop the Digital Roadmap based on the Universal Capabilities and the results of the Digital Maturity indexes that were completed by our partner organisations.

Wolverhampton CCG will present the Wolverhampton LDR to the NHS Local Area Team on the 20 July 2016 with representation from our partner organisations for review and sign off. A signed off LDR will be a condition for accessing investment for technology enabled transformation funds.

The Universal Capability Delivery Plan, Wolverhampton Information Sharing approach and the Wolverhampton Capability Trajectory are attached to this report, below overview of the key projects linked to the programme.

- The development of a shared care record across the whole health a social care economy within Wolverhampton
- The rollout of patient online services to Patients so they can access their own records, book appointments and order repeat prescriptions.

- The Continued development of e-referrals and the addition of referring to the mental health trust electronically formatting of electronic discharges along Royal College headings and the introduction of electronic discharges from BCPFT.
- The expansion of e-referrals to social care.
- The inclusion of Child Protection information within unscheduled care settings.
- A project to initially populate Graphnet with Patients end of life preferences which will then look to develop a shared end of life plan that can be accessed by clinicians linked to a patient with read and write access.
- Continued development of the existing EPS project to increase utilization within Wolverhampton.

4.0 Financial implications

- 4.1 The scale and scope of the programme of work will be dependent on the allocation of funds from NHS England. The organisations have committed to carry out a number of projects from existing resources additional projects will be dependent on Central funds becoming available.

5.0 Legal implications

- 5.1 There are no Legal and Policy Implications at this present time.

6.0 Equalities implications

- 6.1 Equality Impact Assessments will be carried out for all of the projects within the LDR Programme.

7.0 Environmental implications

- 7.1 There are no anticipated environmental implications and any that arise will be dealt with on a project basis

8.0 Human resources implications

- 8.1 There are no anticipated Human resource implications and any that arise will be dealt with on a project basis

9.0 Corporate landlord implications

- 9.1 There are no anticipated corporate Landlord implications and any that arise will be dealt with on a project basis
