Performance Report

June 2016

(data as at May 2016)

Key Points to Note

Demographics

A considerably lower proportion of LAC are from BME backgrounds compared to the Wolverhampton CYP population.

The number of Looked After Children continues to decrease although considerable further reduction is required to bring Wolverhampton in line with our comparators.

Placements

In-house Foster Carers trend data shows that numbers of children placed with in-house foster carers continues to increase with the percentage now also increasing.

The proportion of LAC placed more than 20 miles from home, has remained at 17%.

The indicators that look at placement stability have fallen again in the month, this is likely to be due to reducing LAC numbers and increased adoptions. However, stability generally continues to show positive results and demonstrates that Looked After Children in Wolverhampton benefit from stable placements.

Routes into Care and Ofsted Ratings

This is a new page that has been added to the report which shows which proportion of LAC were known to children's services in the 30 days prior to becoming looked after and the proportion of LAC that are asylum seekers and UASC (unaccompanied asylum seekers). Please note that children are classed as CiN if they are in the process of being assessed and may not have been CiN for very long or the subject of formal CiN plans. Ongoing work is being undertaken to identify how many children were also known to Early Help services and it is anticipated that this will be available by the end of the year.

The report now also shows the number of children placed in children's homes and the Ofsted ratings of those homes - of the 35 children currently placed in children's homes, 26 (80%) are in homes that are rated good or outstanding.

Assessments and Reviews

Assessments and Reviews of Looked After Children in Wolverhampton remain generally up to date. The percentage of children that participated in their reviews remains lower at 93% compared to a 2014/15 result of 98%. This figure has increased slightly over recent months but remains lower than expected although this is likely be due to more accurate recording.

Education

The 2015 KS2 results show that performance of Wolverhampton LAC has deteriorated compared with 2014 across reading, writing and maths. 2015 comparator data has now been updated and shows that Wolverhampton performed slightly worse in KS4 but better in GCSEs.

GCSE performance is more positive compared with last years out-turn - with 20% of LAC achieving 5 GCSEs grade A-C including English and Maths compared to 17% last year.

Please noted that small numbers can make these measurements volatile. For further information about the education attainment of LAC in Wolverhampton please refer to the Virtual School Head teacher annual report.

Health

The percentage of children with up to date dental checks was 86% at the end of May. This result remains significantly higher than the 60% of children in the general Wolverhampton population that have seen a dentist in the past 2 years which is falling.

The percentage of health checks that are up to date has remained at 83% at the end of May, a slight improvement on the year end out-turn 2014/15 of 82% but lower than 2015/16 out-turn if 88%. The majority of children who do not have up to date health checks are placed outside of the city.

Leaving Care

Adoption - Adoption timeliness in 2016/17 have shown a promising start with all 4 adoptions within A1 timescales.

The adoption pipeline shows that there are currently 74 children with a plan of adoption, 48 of which have placement orders or are currently placed for adoption. The placements and plans for some of the children are currently being reviewed and not all of the children will be adopted.

62 children were adopted in 15/16 compared to 51 in the previous year. This is extremely positive.

Care Leavers - The percentage of Care Leavers in Employment Education and Training cohort has changed to include all children and young adults who turn 17 to 21 in the year.

At the end of May 55% of 17-21 year olds were in Education, Employment or Training. NALM (not available for the labour market) data has now been included and shows that out of 153 care leavers in the cohort, 81% of care leavers are available for work with 19% (29 young people) not available due to pregnancy or young motherhood, illness or disability or because they are in custody.

Work continues in this area to ensure that education, employment and training information is recorded and updated.

The proportion of care leavers currently deemed to be in suitable accommodation is also included and shows that 83% of the cohort are currently in suitable accommodation.

Demographics

57658 children aged 0-17 live in Wolverhampton
22.8% of the total population

ONS 2014 mid-year estimate

48.8% of the CYP population and 42.2% of LAC are female

51.2% of the CYP population and 57.8% of LAC are male

41.6% of the CYP population and 36.1% of LAC are BME

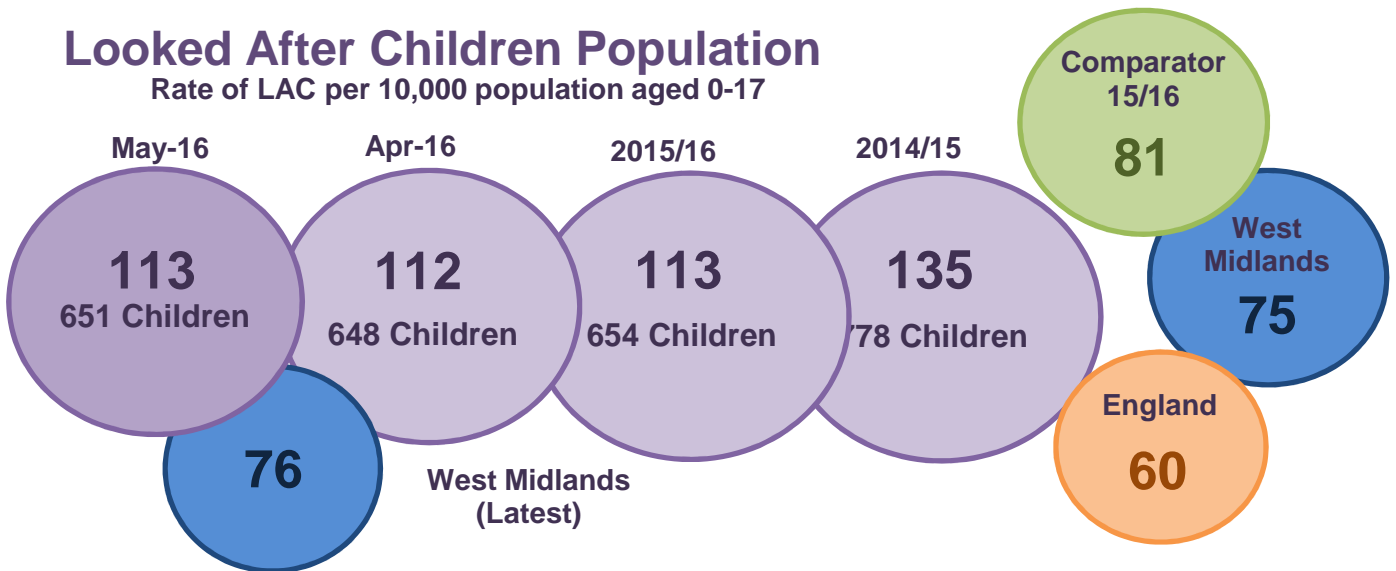

58.4% of the CYP population and 63.9% of LAC are white

Inner circle represents the LAC population, the outer circle is the CYP population

Looked After Children Population

Rate of LAC per 10,000 population aged 0-17

Placements

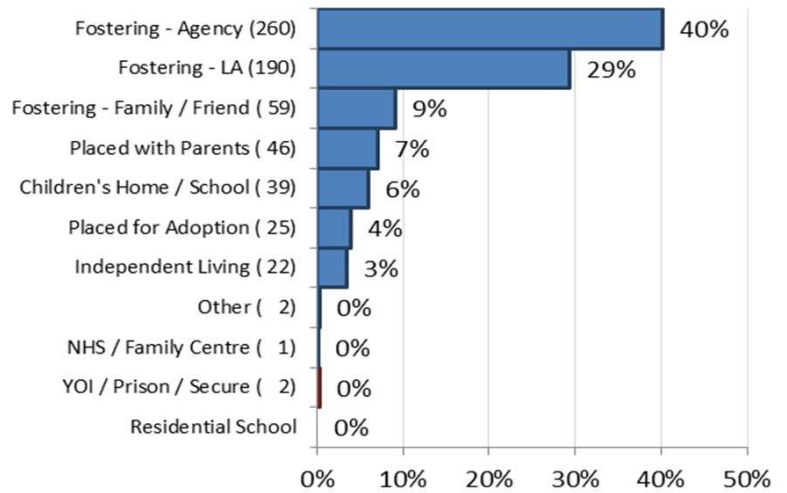

% LAC Placed 20 miles + from home

2014/15 Out-turn = 16%
2013/14 Out-turn = 13%
2013/14 Comparator = 15%
2013/14 England = 13%

LAC Placements

In - House Foster Placements

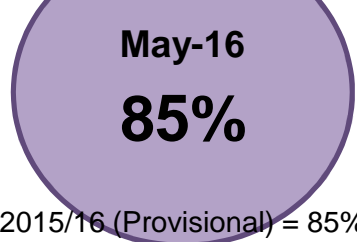

The proportion of LAC Placed with in-house foster carers remains high due to decreases in other placements. The number of in-house foster care placements has increased to 190 in the month.

Placement Stability

LAC with fewer than 3 placements in the last 12 months

2015/16 (Provisional) = 85%
2014/15 Out-turn = 88%
2014/15 Comparator = 89%
2014/15 England = 89%

% of children in same placement for 2 years or more or placed for adoption (when looked after for more than 2.5 years)

2015/16 (Provisional) = 67%
2014/15 = 67% 2013/14
Comparator = 67% 2013/14
England = 67%

Performance shows that Looked After Children in Wolverhampton benefit from largely stable packages.

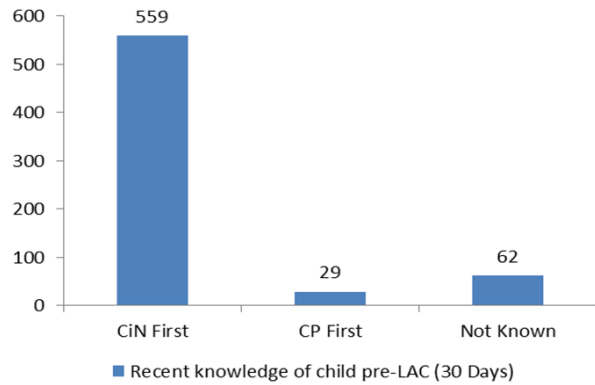

Routes into Care and Ofsted Ratings

% of LAC know to LA 30 days prior to becoming LAC

90%

Assessments & Reviews

Average caseload of LAC children for LAC social workers

19

32% of young people who have been looked after for more than a year and 22% who have been looked after for less than a year have had 3 or more social workers in the past 12 months

This is an improving picture

Looked After Children with up to date assessments

An up to date assessments is one that has been authorised within the last 6 months.

Looked After Children whose reviews have been completed on time

First Review is within 20 working days. Second review within 3 months. Third and subsequent reviews every 6 months

Number of Social Workers LAC have had in the past 12 months

2015/16 Out-turn = 97%

2014/15 Out-turn = 96%

2015/16 Out-turn = 90%

2014/15 Out-turn = 91%

97% of LAC assessments are currently up to date, a decrease in the month from 99% in April 2016

Since 1st April 2016, 271 reviews have been completed with only 17 not completed within timescales.

The proportion of LAC reviews where the child was present or contributed by other means since 1st April 2015

93%

May-16

There has been a decline in LAC participation in reviews since year out turn 14/15. This is likely to be due to better recording

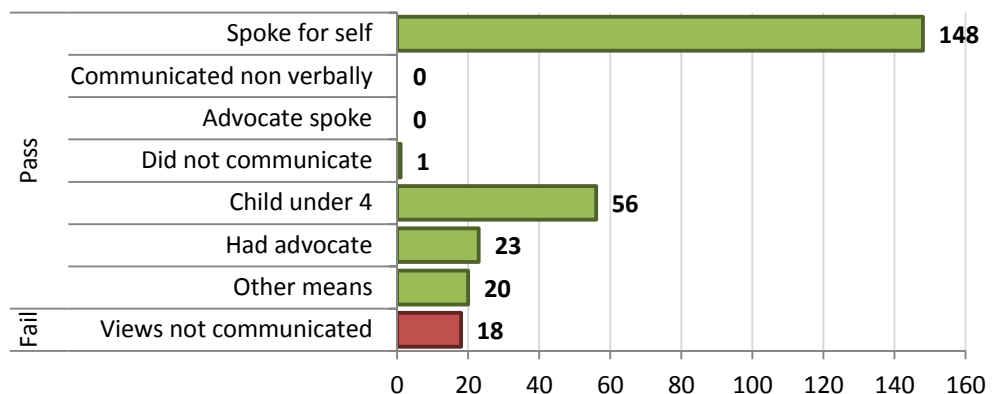

93%

Education

KS2 Level 4	Maths	Reading	Writing	Reading, Writing and Maths	GCSEs	5+ GCSE A* - C inc Eng & Maths
Wolverhampton LAC 2015	60%	67%	53%	50%		20.0%
Wolverhampton 2015	86%	89%	86%	80%		51.6%
Wolves LAC 2014	74%	78%	81%	70%		17.0%
West Midlands 2015	63%	69%	58%	51%		14.3%
Statistical Neighbours 2015	61%	68%	55%	51%		16.7%
England 2015	64%	71%	61%	52%		13.8%

PLEASE NOTE: Small numbers in the cohort reaching each key stage can cause results to be volatile making comparison difficult.

National results show that looked after children reaching KS2 level 4 in Maths, Reading and Writing in 2015 performed worse than in 2014. However, performance in GCSE's was better.

Detailed analysis of LAC educational performance was presented to the Panel via the Virtual School Head teacher report. Please note that there is some discrepancies when nationally published data is compared with locally held data - it is the national data that is presented here.

The proportion eligible LAC with an up to date Personal Education Plan (PEP)

90%
2015/16 Out-turn

89%
2014/15 Out-turn

81%
PEPS (Years 12 and 13)
- May-16

LAC Absence from School - 2014
(taken from nationally published data)

* Children looked after for 12 months or more

Unauthorised Absence *

1.2%

West Midlands - 0.90%
Statistical Neighbours - 0.97%
England - 1.00%

Overall Absence *

4.0%

West Midlands - 3.70%
Statistical Neighbours - 3.69%

LAC Persistent Absence

5.0%

West Midlands - 4.20%
Statistical Neighbours - 4.58%
England - 4.70%

There has been a strong improvement in the number of PEP's in the month in both indicators that see results slightly above year out turn 14/15.

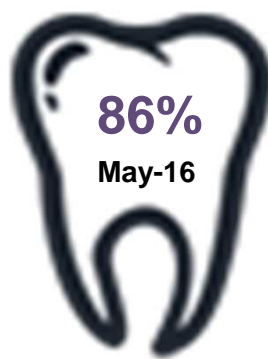

FURTHER DEVELOPMENT: Work is continuing to develop a detailed, local, virtual schools report. As that work progresses, further information will be reported here.

LAC Health

60% of children in the
Wolverhampton Local Authority
Area have seen a dentist in the last
two years

Dental Checks

2015/16 Out-turn = 89%

2014/15 Out-turn = 81%

Health Checks

2015/16 Out-turn = 88%

2014/15 Out-turn = 82%

There has been a slight decrease in
performance since year out turn however
results in this area remain strong as a
result of improved working with the CCG
and RWT

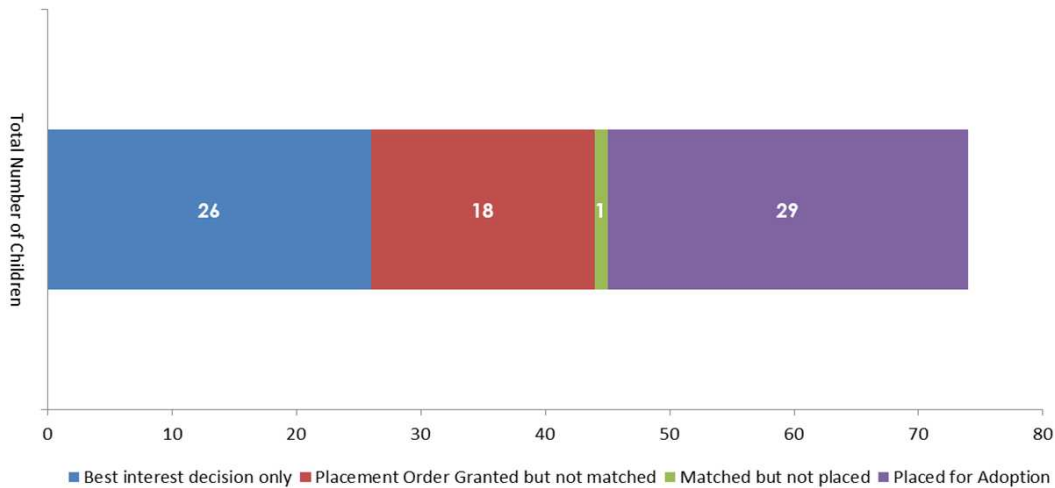

Leaving Care

Children Adopted	2013/14	2014/15	2015/16	2016/17 (to date)
	50	51	61	4

Adoptions

Number of children awaiting adoption 31/03/2016

Adoption Scorecard Results

The adoption scorecard is calculated using results and performance over a three year period

A1 - Average time between a child entering care and moving in with their adoptive family

627 Days

3 Year avg 2014-2017

(734 days 2012-2015)

Target - 428 days

A2 - Average time between receiving court authority to place and finding a match

235 Days

3 year avg 2014-2017

Target - 121 days

A10 - Average time between a child entering care and moving in with their adoptive family (stopped at point of fostering for foster carers adoptions)

467 Days

3 year avg 2014-2017

(488 days 2012-2015)

Target - 428 days

Single year performance (2015/16 - Provisional)

A1 - 652 days with 64% of children adopted within timescales

A2 - 238 days

A10 - 518 days

Single year performance (2016/17 as at 31st May)

A1 - 380 days with 100% of children adopted within timescales

A2 - 134 days

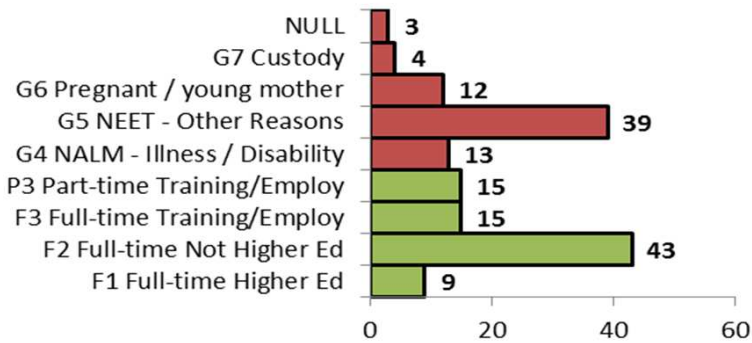

A10 - 380 days

The adoption scorecards for 2012-15 were published in March 2016. Wolverhampton were once again rated 'double red' in the two key indicators, however, performance around adopting hard to place children including those over the age of 5 and from BME backgrounds continues to be better than performance nationally.

Detailed analysis of the results has been undertaken and is available.

Care Leavers

5.4 Context: Number EET Statuses

Care Leavers in Education, Employment and Training 2015/16

Wolverhampton - 60%
West Mids (14/15) - 41%
Statistical Neighbours (14/15) - 46%
England (14/15) - 48%

May 2016:
55%

% of Care Leavers in Suitable Accommodation

83%

% of Care Leavers available to work

81% Available
19% NALM

(29 Care Leavers are NALM (not available for the labour market) due to illness / disability, pregnancy or young mothers or being in custody)

The percentage of children and care leavers in education, employment or training (EET) has improved significantly due to a change in the cohort which now measures 17-21 year olds (previously 19-21 year olds).

The current result is an improvement to 56% of 17 to 21 year olds in education, employment or training. No comparator data is currently available based on the new cohort.

A large part of the improvement has been due to on-going work by the leaving care team in identifying and recording EET status for all children and young adults in the cohort. Work continues to ensure data quality is high.
