NOT PROTECTIVELY MARKED

Hello

Environmental Health has objections to this TEN.

Environmental Health has received 3 noise complaints about loud music and shouting late at night and in the early hours of the morning from the premises since August 2016. These were received on 12.08.16, 30.09.16 and 5.10.16. These were all from separate complainants. At least one of these complaints relates to a TEN held at the premises. Officers from Environmental Health have not witnessed the noise.
