The report provided monitoring and progress on treasury management activity for the second quarter of 2017-2018 as part of the mid-year review, in line with the Prudential Indicators approved by Council in March 2017. The activity illustrated proactive treasury management which would provide a tangible benefit to Council tax payers.

6 **Capital programme 2017-2018 to 2021-2022 quarter two review**

Councillor Andrew Johnson sought Cabinet endorsement to recommend that Council approve the Capital Programme 2017-2018 to 2021-2022 Quarter Two Review. The report provided an update on the 2017-2018 financial performance of the General Fund and Housing Revenue Account capital programmes and the revised forecast for 2017-2018 to 2021-2022 as at quarter two of 2017-2018. The revised layout of the review report would provide greater transparency of the Council's financial performance.

Resolved:

That Council be recommended to:

1. Approve the revised medium term General Fund capital programme of £339.3 million, an increase of £9.2 million from the previously approved programme (paragraph 2.4 of the report), reflecting the latest projected expenditure for the medium term.
 2. Approve the net additional General Fund resources of £9.2 million identified for;

 2. That the Housing Revenue Account (HRA) virements totalling £14.6 million detailed at Appendix C to the report be approved for;
 - a. existing projects totalling £9.8 million (paragraph 3.25 of the report);

- b. new project totalling £4.8 million (paragraph 4.2 of the report).
3. That the updated schedules of works be approved for the capital projects under the following directorate (paragraph 3.26 of the report);

 4. That authority be delegated to the Cabinet Member for City Assets and Housing in consultation with the Head of Corporate Landlord to approve the allocation of the Energy Efficiency measures provision for future programmes budget, to individual capital projects suitably meeting set criteria, in order that they may be progressed in a timely manner (paragraph 3.27 of the report).

 11. That it be noted that there were three new projects requiring internal resources for Primary School Expansion Programme included in this report but which were subject to a separate detailed project report 'School Expansion Schemes' on this agenda. The inclusion of these projects is for budget approval purposes and is on the assumption that the approval to progress with each project is given today. As their progression is dependent on that decision, if the projects were not approved, the capital programme would be reduced accordingly. The names of the projects were:
 - Loxdale Primary;
 - Spring Vale Primary;
 - Stowlawn Primary.

Revenue Budget Monitoring Quarter Two 2017-2018

Councillor Andrew Johnson presented the Revenue Budget Monitoring Quarter Two 2017 – 2018 for approval. The report provided a projection of the likely revenue outturn position for the General Fund and Housing Revenue Accounts, compared with the Council's approved revenue budgets for 2017-2018.

Resolved:

1. That it be noted that, as a result of proactive financial management across the Council, all services have completed recovery plans which have identified efficiencies and mitigating actions to recover part of the overspend that was forecast as at quarter one of 2017-2018. The overall projected outturn for the General Fund for 2017-2018 is now forecast to be an overspend in the region of £1.0 million.
 2. That it be noted that projected redundancy costs, including the cost of pension strain, totalling £2.9 million were included in the forecast outturn. The projected costs were subject to change dependent upon the actual redundancies approved by year end. It is anticipated that Capital Receipts flexibility announced by the Secretary of State, would offset the cost of redundancies.

 7. That it be noted that a £17.0 million surplus on the Housing Revenue Account (HRA) is projected compared with a budgeted surplus of £16.8 million as shown at Table 10 of the report and in detail at Appendix I to the report. The projected increased surplus of £177,000 would be used to redeem debt in line with the HRA Business Plan.

10 **Adult Social Care Annual Report: The Local Account 2016-2017**

Councillor Sandra Samuels OBE presented the Adult Social Care Local Account for 2016 – 2017 for approval. It was considered good practice for councils to produce and publish an annual Local Account as they enabled councils to self-assess their performance, gather feedback on how they have done from people who have used services and set priorities for improvement. They were also seen as a way of demonstrating openness and transparency to citizens. The Local Account illustrated the challenges faced in the current financial climate and the successes that the Council had achieved despite this, and was also used as a way to involve local people with care and support needs in decisions about the priorities for the coming year.

Resolved:

That the Adult Social Care Local Account for 2016–2017 be approved for publication.

Councillor Paul Sweet presented the Faith Covenant for approval to adopt the Covenant and proposals for implementation. Resolved:

That the adoption of the Covenant and proposals for implementation be agreed.
