# Audit Services Counter Fraud Report @ December 2021

## 1 *Introduction*

The counter fraud agenda is one that continues to hold significant prominence from Central Government who are promoting a wide range of counter fraud activities. The purpose of this report is to bring the Audit and Risk Committee up to date on the counter-fraud activities undertaken by the Counter Fraud Unit within Audit Services.

The Council is committed to creating and maintaining an environment where fraud, corruption and bribery will not be tolerated. This message is made clear within the Authority's Anti-Fraud and Corruption Policy, which states: "The Council operates a zero tolerance on fraud, corruption and bribery whereby all instances will be investigated, and the perpetrator(s) will be dealt with in accordance with established policies. Action will be taken to recover all monies stolen from the Council."

## 2 *The Counter Fraud Team*

The Counter Fraud Team, which sits within Audit Services, is continuing to develop and lead in raising fraud awareness across the Council and in promoting an anti-fraud culture. The team carries out investigations into areas of suspected or reported fraudulent activity and organises a series of Council wide pro-active fraud activities, including the targeted testing of areas open to the potential of fraudulent activity. The team maintains the Council's fraud risk register, implements the counter fraud plan and leads on the Cabinet Office's National Fraud Initiative (NFI) exercise.

The team also provide a tenancy fraud investigation service to Wolverhampton Homes under a service level agreement.

During the Covid-19 Pandemic members of the Counter Fraud Team have supported the due diligence activities undertaken before and after the award of the various support grants introduced by Central Government to reduce the risk of fraud.

## 3 *Counter Fraud Update*

### *Counter Fraud Plan*

The latest status of progress against the counter fraud plan is shown at Appendix 1

### *Fraud Risk Register*

The Counter Fraud Team maintains the Council's fraud risk register. The register is used to help identify areas for testing and to inform future audit assurance plans by focusing on the areas with the 'highest' risk of fraud. The latest fraud risk register is included at Appendix 2.

### *Covid-19 Business Support Grants*

To support Local Authorities in the administration of these grants, the Department for Energy & Industrial Strategy (BEIS) Counter Fraud Function developed a toolkit that included a range of measures that could be used to reduce the risk of fraud and error in these schemes. Where appropriate these tools were used by the Council when assessing each application and prior to payment.

Type of applicant:	Upfront low-friction controls										Post-event assurance				
	Existing data sets	Data specification	Claw back agreements	Fraud clause	Privacy notice	GOVUK Verify	Spotlight	AppCheck	Account verification	Existing bank account data	GOVUK Verify	National Fraud Initiative	Account verification	Spotlight	Data analytics
Individuals	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗
Businesses	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗
Charities	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗	⊗

While BEIS placed an emphasis on speed of payment the Council completed due diligence checks in accordance with the BEIS Counter Fraud toolkit. These checks were designed to reduce the risk of fraud and error in the grant schemes. BEIS also agreed to stand behind any erroneous grant payments subject to Local Authorities taking reasonable and practicable measures to minimise the risk of errors and/or fraud, avoid making payments to those not entitled and to take reasonable and practicable steps to recover any over-payments

### Business Grants Paid April to September 2020

The total number of Small Business Grants, Retail, Leisure and Hospitality Grants and Discretionary Grants paid was:

Small Business Grants paid	3,255	£32,550,000
Retail, Hospitality and Leisure Grants paid	724	£12,620,000
Discretionary Grants paid	296	£2,275,000
<b>Total number of grants paid</b>	<b>4,275</b>	<b>£47,445,000</b>

Following a series of post payments checks on the above 4,275 grants, invoices were raised to recover payment for ineligibility, as follows:

Small Business Grants found to be ineligible and an invoice raised for recovery	24	£255,000
Retail, Hospitality and Leisure Grants found to be ineligible and an invoice raised for recovery	4	£100,000
Discretionary Grants	3	£15,000
<b>Total grants where invoices were raised for recovery</b>	<b>31</b>	<b>£370,000</b>

Of the above 31 invoices fourteen grants have been fully repaid and a further eight part repaid totalling a recovery of £185,000. Recovery action for the remaining invoices is continuing and further progress will be reported to future meetings of this Committee.

### **Business Grants Paid October 2020 onwards**

Since October 2020 BEIS has introduced a series of additional local and national restrictions support grants designed to provide financial support to businesses and individuals affected by the ongoing Covid-19 measures. These grants are subject to similar due diligence checks to those applied to the previous rounds of grants and this process will remain a significant piece of work. As at the end of October 2021 the following grants had been awarded.

<b>Total number of grants paid (all types)</b>	<b>10,714</b>	<b>£31,589,484</b>
--	---------------	--------------------

To assist with managing the grants awarded since October 2020 the Council has used third party software to manage the application, checking and award process.

Following a series of post payments checks on the above 10,714 grants paid, invoices were raised to recover payment for ineligibility, as follows:

<b>Total Local and National Restrictions Support Grants (all types)</b>	<b>25</b>	<b>£107,945</b>
---	-----------	-----------------

Of the above 25 invoices six grants have been fully repaid and a further three part repaid totalling a recovery of £19,198. Recovery action for the remaining invoices is continuing and further progress will be reported to future meetings of this Committee.

### **Reporting Potentially Fraudulent Business Grants**

The Council will continue to complete pre and post payment checks for all business grants awarded and take recovery action where necessary. Further action may also be required due to fraudulent activity. It is anticipated that BEIS will provide the Council with further advice and guidance on any recovery or legal action required to be taken.

Grants where an invoice has been raised to recover the payment, plus several other applications where a payment was not made but potential fraud was suspected, have been reported to the National Anti-Fraud Network (NAFN). BEIS has appointed NAFN to collate details of all potentially fraudulent activity in relation to the Covid-19 Business Grants. The information is to be used by Crime Agencies to identify potential criminal activity and organised crime.

### **BEIS Business Grant Post Payment Assurance**

Following completion of the first three business grant schemes, in September 2020, the Council was required to provide evidence of the pre and post payment checks completed for fifteen applications randomly selected by BEIS. A similar process will now be required for each of the Business Grant schemes introduced since October 2020. BEIS will assess the evidence to determine whether the Council has followed a satisfactory process when awarding the grants.

BEIS has indicated that they are to provide further guidance on business grant debt recovery and counter fraud activities. Once details are known the Council will determine the impact and report any outcomes to future meetings of this Committee.

#### *National Fraud Initiative Exercise 2020/21*

The Counter Fraud Unit co-ordinates the investigation of matches identified by the Cabinet Office's National Fraud Initiative (NFI) data matching exercises. Where matches are identified, the ensuing investigations may detect instances of fraud, over or underpayments, and other errors. A match does not automatically mean there is a fraud. Often there is another explanation for a data match that prompts bodies to update their records and to improve their systems. The NFI exercise also provides assurance to management that systems are working effectively where fraud and error is not present.

The latest NFI exercise commenced in January 2021 and a total of 10,184 matches have been released. Work is progressing to investigate the various categories of matches based on those deemed to be the highest risk. Over 1,100 matches have been processed, including 298 Blue Badge Parking Permits that have been cancelled following identification that the holders are deceased. As further matches are processed details of the progress made will be brought before the Committee.

#### *Counter Fraud Team - Tenancy Fraud*

During the Covid-19 pandemic the Counter Fraud Team has continued to provide a Tenancy Fraud Service. Potential fraud referrals have been recorded and investigated where possible. Due to the restrictions imposed by the lockdown and social distancing measures it was not possible to visit premises or to interview suspects.

As the Covid 19 restrictions have been eased investigations, into potential tenancy fraud have been progressed, including cases that had been on hold. Since April 2021 the following outcomes have been achieved:

- 4 properties recovered for subletting and non-residency.
- 2 property assignment or successions refused.

#### *National Anti-Fraud Network Intelligence Notifications*

The National Anti-Fraud Network (NAFN) issues regular alerts which provide information on fraud attempts, trends and emerging threats. The information provided in the alerts has been notified to NAFN by other local authorities from across the country. These alerts are checked to the Council's systems to verify whether there have been any instances at Wolverhampton. Alerts which either involve suppliers used by the Council or are applicable to all Councils, are notified to appropriate sections of the Council. The most common alerts relate to Covid-19 Business Rates Relief Grant frauds, Bank Mandate fraud, Council Tax Refund fraud, cyber fraud including ransomware and email interception.

#### *Midland Fraud Group*

This group consists of fraud officers from across the Midland's local authorities. The purpose of the group is to identify and discuss the outcome of initiatives being used to tackle fraud. At the last meeting in October 2021 discussions were held on:

- Business Grant NFI Matches
- Post verification of Covid-19 grants
- Other cases of interest.
