Recommendation for decision:

The Regulatory Committee is recommended to:

1. Approve the proposed fees and charges for General Licensing as set out in Appendix 1 with effect from 1 April 2022.

1.0 Purpose

- 1.1 To submit for consideration proposed fees and charges for 2022-2023 in relation to certain licences and licensed activities that are regulated by the Licensing Committee.

2.0 Background

- 2.1 The Council is empowered under statute to levy fees for the issue of local licences and permits.
- 2.2 The Council policy is to review its fees on an annual basis and introduce increases or decreases in line with the cost of providing the service. There is a requirement to pay due regard to the Council's social and economic policies.

3.0 Proposals for 2022-2023

3.1 General licensing

- 3.2 Certain licences, permits and registrations are subject to local control for fees and charges.
- 3.3 The additional fees and charges for acupuncture, tattooing, electrolysis, semi-permanent skin colouring and cosmetic piercing were approved by Councillor at the 10 July 2019 Licensing Committee. It is proposed that the existing fees and charges for acupuncture, tattooing, electrolysis, semi-permanent skin colouring and cosmetic piercing remain unchanged. These are detailed at Appendix 1.
- 3.4 It is proposed that the existing fees and charges for General Licensing for the current year 2021-2022 remain unchanged for the coming year 2022-2023. These are detailed at Appendix 2.
- 3.5 The scrap metal fees included at the end of Appendix 2 are for information only as the setting of those fees are an executive function.
- 3.6 It is proposed that the Animal Welfare fees agreed by Councillors at committee on 28 November 2018 remain unchanged for the coming year 2022-2023. These are detailed at Appendix 3.

4.0 Financial implications

- 4.1 It is proposed that the existing fees and charges for General Licensing for the current year 2021-2022 remain unchanged for the coming year 2022-2023.
- 4.2 Should the Licensing Committee agree with the recommendations in this report it is anticipated that the proposed discretionary fees and charges in Appendix 1 will ensure a cost-neutral service.

5.0 Covid implications

- 5.1 The premises and businesses that hold these types of licences have been adversely affected by Covid-19 including lockdowns and restrictive business practices. However, the costs involved with providing a licence have not reduced. It is however recognised that many businesses will experience financial difficulties during the pandemic and recovery period. It is therefore proposed to allow the cost of licence renewals to continue to be spread over a 3-6 month period, where necessary.

6.0 Legal implications

- 6.1 Generally, the Council is able to recover the cost of issuing and administering a licence. Unless controlled by statute, the Council will set fees and this will normally be on a cost recovery basis only. This will have been considered in previous reports.
- 6.2 Dependent on appropriate legislation, there is often a requirement to publish a change in fees, and it is deemed reasonable to publish before any changes are to take effect.
- 6.3 Section 6(1)(b) of the Safety of Sports Grounds Act 1975 (the Act) enables the Secretary of State to make regulations authorising Local Authorities to determine fees for safety certificate applications and these regulations include The Safety of Sports Grounds Regulations 1987 (the Regulations).
- 6.4 Regulation 8 provides that “a local authority may determine the fee to be charged in respect of an application for the issue, amendment, replacement or transfer of a safety certificate but such a fee shall not exceed an amount commensurate with the work actually and reasonably done by or on behalf of the local authority in respect of the application.”
