Audit Services Counter Fraud Report @ July 2022

1 *Introduction*

The counter fraud agenda is one that continues to hold significant prominence from Central Government who are promoting a wide range of counter fraud activities. The purpose of this report is to bring the Audit and Risk Committee up to date on the counter-fraud activities undertaken by the Counter Fraud Unit within Audit Services.

The Council is committed to creating and maintaining an environment where fraud, corruption and bribery will not be tolerated. This message is made clear within the Authority's Anti-Fraud and Corruption Policy, which states: "The Council operates a zero tolerance on fraud, corruption and bribery whereby all instances will be investigated, and the perpetrator(s) will be dealt with in accordance with established policies. Action will be taken to recover all monies stolen from the Council."

2 *The Counter Fraud Team*

The Counter Fraud Team, which sits within Audit Services, is continuing to develop and lead in raising fraud awareness across the Council and in promoting an anti-fraud culture. The team carries out investigations into areas of suspected or reported fraudulent activity and organises a series of Council wide pro-active fraud activities, including the targeted testing of areas open to the potential of fraudulent activity. The team maintains the Council's fraud risk register, implements the counter fraud plan and leads on the Cabinet Office's National Fraud Initiative (NFI) exercise.

The team also provide a tenancy fraud investigation service to Wolverhampton Homes.

3 *Counter Fraud Update*

Counter Fraud Plan

The latest status of progress against the counter fraud plan is shown at Appendix 1

Fraud Risk Register

The Counter Fraud Team maintains the Council's fraud risk register. The register is used to help identify areas for testing and to inform future audit assurance plans by focusing on the areas with the 'highest' risk of fraud. The latest fraud risk register is included at Appendix 2.

Covid-19 Business Support Grants

To support Local Authorities in the administration of these grants, the Department for Energy & Industrial Strategy (BEIS) Counter Fraud Function developed a toolkit that included a range of measures that could be used to reduce the risk of fraud and error in these schemes. Where appropriate these tools were used by the Council when assessing each application and prior to payment.

While BEIS placed an emphasis on speed of payment the Council completed due diligence checks in accordance with the BEIS Counter Fraud toolkit. These checks were designed to reduce the risk of fraud and error in the grant schemes. BEIS also agreed to stand behind any erroneous grant payments subject to Local Authorities taking reasonable and practicable measures to minimise the risk of errors and/or fraud, avoid making payments to those not entitled and to take reasonable and practicable steps to recover any over-payments

Business Grants Paid April to September 2020

The total number of Small Business Grants, Retail, Leisure and Hospitality Grants and Discretionary Grants paid was:

Small Business Grants paid	3,255	£32,550,000
Retail, Hospitality and Leisure Grants paid	722	£12,620,000
Discretionary Grants paid	343	£2,280,000
Total number of grants paid	4,320	£47,450,000

Following a series of post payments checks on the above 4,320 grants, invoices were raised to recover payment for ineligibility, as follows:

Small Business Grants found to be ineligible and an invoice raised for recovery	20	£210,000
Retail, Hospitality and Leisure Grants found to be ineligible and an invoice raised for recovery	3	£75,000
Discretionary Grants	3	£15,000
Total grants where invoices were raised for recovery	26	£300,000

Of the above 26 invoices raised £155,858 has been recovered. Recovery action for the remaining outstanding amounts is continuing and further progress will be reported to future meetings of this Committee.

Business Grants Paid October 2020 onwards

Since October 2020 BEIS introduced a series of additional local and national restrictions support grants designed to provide financial support to businesses and individuals affected by the ongoing Covid-19 measures. These grants are subject to similar due diligence checks to those applied to the previous rounds of grants. As at June 2022 the following grants had been awarded.

Total number of grants paid (all types)	10,423	£33,259,024
--	---------------	--------------------

To assist with managing the grants awarded since October 2020 the Council has used third party software to manage the application, checking and award process.

Following a series of post payments checks on the above, invoices were raised to recover payment for ineligibility, as follows:

Total Local and National Restrictions Support Grants (all types)	23	£102,528
---	-----------	-----------------

Of the above 23 invoices raised £22,585 has been recovered. Recovery action for the remaining invoices is continuing and further progress will be reported to future meetings of this Committee as appropriate.

Reporting Potentially Fraudulent Business Grants

Grants where an invoice has been raised to recover the payment, plus several other applications where a payment was not made but potential fraud was suspected, have been reported to the National Anti-Fraud Network (NAFN). BEIS has appointed NAFN to collate details of all potentially fraudulent activity in relation to the Covid-19 Business Grants. The information is also used by Crime Agencies to identify potential criminal activity and organised crime.

BEIS Business Grant Post Payment Assurance

The Council continue to be required to provide evidence of the pre and post payment checks completed for a sample of these payments as selected by BEIS. BEIS has confirmed that the evidence provided of the checks completed so far to date against the grant schemes was satisfactory.

In the case of later grants schemes the Council used third party software to manage the application and payment process and this has enabled BEIS to be allowed access to the information directly to complete their checks.

BEIS has indicated that they are to provide further guidance on business grant debt recovery and counter fraud activities. Once details are known the Council will determine the impact and report any outcomes to future meetings of this Committee.

National Fraud Initiative Exercise 2020/21

The Counter Fraud Unit co-ordinates the investigation of matches identified by the Cabinet Office's National Fraud Initiative (NFI) data matching exercises. Where matches are identified, the ensuing investigations may detect instances of fraud, over or underpayments, and other errors. A match does not automatically mean there is a fraud. Often there is another explanation for a data match that prompts bodies to update their records and to improve their systems. The NFI exercise also provides assurance to management those systems are working effectively where fraud and error is not present.

The latest NFI exercise commenced in January 2021 and a total of 10,407 matches have been released. The matches are graded with over 1,500 classed as the highest quality of match, these are prioritised for investigation. Work is progressing to investigate the various types of matches with over 1,551 matches checked. As further matches are processed details of the progress made will be brought before the Committee. Examples of the progress made are shown below:

Description	*Current value (£)
Pensions and Pension Gratuities to DWP Deceased	65,521
Housing Tenants to Housing Tenants	186,000
Blue Badge Parking Permit to Blue Badge Parking Permit	575
Blue Badge Parking Permit to DWP Deceased	171,350
Total	423,446

*These figures are based on methodology and calculations produced by the Cabinet Office in support of the National Fraud Initiative. The figures include:

Social housing tenancy fraud – Notional £93,000 per property recovered

Blue Badge – Notional £575 per badge cancelled

Counter Fraud Team - Tenancy Fraud

The Counter Fraud Teams Tenancy Fraud results for the financial year 1 April 2021 to 31 March 2022 and the first quarter 2022/23 are shown in the following table:

Type of fraud and / or error	1 Apr 2021 – 31 March 2022		1 April 2022 – 30 June 2022	
	Cases	*Value £	Cases	*Value £
Social Housing Application fraud – offers withdrawn and/or applicants excluded from waiting list	8	25,920	-	-
Tenancy sub-letting – Illegal subletting of properties which were recovered	1	93,000	3	279,000
Succession/Assignment – applicant prevented from obtaining a tenancy to which they are not entitled.	4	372,000	-	-

Right to buy – preventing fraudulent RTB applications	2	130,000	-	-
Non-occupation – not using the property as a residence.	4	372,000	1	93,000
Total	19	992,920	4	372,000

*The savings figures for tenancy fraud are based on methodology and calculations produced by the Cabinet Office in support of the National Fraud Initiative. The figures include:

Social housing tenancy fraud – Notional £93,000 per property recovered based on average four year fraudulent tenancy and an estimate of the duration that the fraud may have continued undetected. This includes temporary accommodation for genuine applicants; legal costs to recover property; re-let cost; and rent foregone during the void period between tenancies.

Social housing application fraud – Notional £3,240 per applicant removed from the waiting list, based on the annual cost of temporary accommodation, the likelihood that individuals on the waiting list would be provided a council property, and the duration for which fraud or error may continue undetected.

Right to Buy fraud – Notional £65,000 per application withdrawn based on average house prices and the minimum right to buy discount available

National Anti-Fraud Network Intelligence Notifications

The National Anti-Fraud Network (NAFN) issues regular alerts which provide information on fraud attempts, trends and emerging threats. The information provided in the alerts has been notified to NAFN by other local authorities from across the country. These alerts are checked to the Council's systems to verify whether there have been any instances at Wolverhampton.

Alerts which either involve suppliers used by the Council or are applicable to all Councils, are notified to appropriate sections of the Council. The most common alerts relate to Covid-19 Business Rates Relief Grant frauds, Bank Mandate fraud, Council Tax Refund fraud, cyber fraud including ransomware and email interception.

Midland Fraud Group

This group consists of fraud officers from across the Midland's local authorities. The purpose of the group is to identify and discuss the outcome of initiatives being used to tackle fraud. At the last meeting in June 2022 discussions were held on:

- Blue Badges.
- Money Laundering.
- Sanctions
