Bantock park

Objection details

Reason for objection

Prevention of public nuisance

Further details

I see there is another event planned for Bantock Park next June 16th and 17th TWO DAY'S OF NOISE POLLUTION instead of the one we suffered September this year

I gave the council the benefit of the doubt this year as we were told the noise would be at an acceptable level, well I can tell you it was not, it made for a very stressful 10 hour's not being able to be at home without the VERY LOUD BASE MUSIC my and my neighbours stress levels were through the roof even with the tv turned up all we could hear was boom boom boom

Now you want to repeat it for 2 day's this year, you are very aware this is a highly residential area and is not suitable

for such a event on a regular basis

As soon as it was brought to my attention yesterday my stress levels were up, this will affect my mental health in the build up and during the event if allowed to happen,

This year we were not given the correct information about the noise level from over the speakers it definitely was not acceptable even from here, I dread to think how loud it was on Broad Lane and Finchfield road

A reply would be appreciated

I strenuously object to the licence being approved
