13 **Motions on Notice**

The Leader of the Council, Councillor Stephen Simkins moved a motion on Household Support Fund.

“Whilst we welcome the six-month extension by the Chancellor in the Spring Budget, it still falls well short of the 2-year extension ask from charities who are dealing with the impact of the cost of living crisis across the country.

This decision will have a long-lasting effect on our struggling families in Wolverhampton and across the country, who now face an uncertain future – one where they are at risk of falling into financial crisis, destitution, and homelessness. These families will be looking to the Council for as much assistance to help with their daily living costs.

As we've seen in the Spring Budget, no such assistance will be given to local councils after the 6 months. This will be a damning testament of an uncaring government.

Council therefore calls upon the Conservative government to recognise the need of struggling families and extend the Household Support Fund for at least another 2 years.

Furthermore, Council calls upon the government to improve its wider cost of living support offer to ensure it is adequate in meeting the needs of families struggling with cost of living pressures in our city.”

The Leader of the Council, Councillor Stephen Simkins outlined the rationale for the motion. The Deputy Leader for City Housing, Councillor Steve Evans, seconded the motion and outlined the rationale for supporting the motion.

Councillor Ellis Turrell moved the following amendment to the motion:

“Council welcomes the six-month extension to the Household Support Fund by the Chancellor in the Spring Budget, which is the latest in a series of measures to support those most in need.

Council notes that across the country, the Government is providing an additional £500 million of funding to enable this extension to the Household Support Fund, bringing the total funding to £3 billion since October 2021.

This is on top of the Universal Credit uplift of 6.7% (which is above inflation), and the basic State Pension, new State Pension, and Pension Credit standard minimum guarantee all increased in-line with average earnings growth at 8.5% - again above inflation.

Notwithstanding the National Living Wage – which is set to rise by 9.8% next month, meaning an extra £1,800 a year for a full-time worker – these packages of support will go a long way to helping Wolverhampton residents offset the cost of the latest council tax rise by this Labour-led council.

Council knows that the Conservative Government will continue to provide support for families well into the future, as they have demonstrated over the last 14 years. We would encourage the Government to extend the Household Support Fund beyond the confirmed six month period, while recognising that the money to pay for this commitment has to be found from somewhere.

Furthermore, Council acknowledges that the biggest threat to families in Wolverhampton is a Labour Government, which would throw away the billions of pounds of investment into our city since 2019 and make substantial cutbacks to local authority budgets.

Council therefore calls on the Government to extend its support for struggling families, when it is fiscally responsible to do so, to safeguard our residents' livelihoods and public services before a potential Labour Government bankrupts the country."

Councillor Ellis Turrell outlined the rationale for the amended motion. Councillor Andrew McNeil seconded the motion and outlined the rationale for supporting the motion.

Resolved:

1. That the amended motion on Household Support Fund be deferred to the 19 June 2024 meeting.
2. That the motion on Recycling Bin Collection be deferred to the 19 June 2024 meeting.

The Mayor expressed thanks to Councillor Anwen Muston, Councillor Ellis Turrell and Councillor Rohit Mistry's who would be retiring from the Council in May. He reported that he too would also be standing down following the elections and expressed thanks.

The Mayor wished Councillor Paul Singh a happy birthday on behalf of the Council.
