I have seen there is a premises licence on the pheasant pub, me and my parents have lived at [REDACTED], for the last 2 years, and its only about 50 yards away from the pub, [REDACTED] and we haven't been hearing any noise from the pub and we are regularly in the garden, we moved there because its close to the shops and if we fancy a pint or a meal its ideal for us being elderly , we wish the pheasant pub not to close.

Thank you
