To whom it may concern ,

After reading an article I came across on the internet the week end , let me tell you how shocked I was ,
A public house that has gone from being a ' drug hole ' no go area to a fantastic pub where you can now take
children with out worrying, a pub that is so involved with the community including Children's Halloween party's ,
Christmas party's , Easter egg hunts and the decoration of the island opposite, what that pub does for bringing the
community together is unbelievable, no pub in the area does this (all for free too)

I have no small children but I do use the pub regularly, and to hear that you are taking their licence has super
shocked me Wayne & [REDACTED] have worked wonders in that pub , for what ? For you to take their license for it to be
the local coke hole or for it to be bulldozed and another pub be gone .

After a few complaints from neighbours who have nothing better to do than complain about noise , come on
committee do the right thing here !
