Subject: REF PRE 841 THE PHEASANT PUB.

Follow Up Flag: Follow up
Flag Status: Flagged

Hello,

I'm writing you this because i cant see where on the web site of Wolverhampton council can i see where i can put my comments **in full support of the Pheasant Pub** and staying open..

I'm shocked and horrified that someone or people have had to complain about the Pub....which i live not to far away from the pub in question along with several other Pubs in the area and most noise comes from the RED LION AMOS LANE and the FOOTBALL CLUB and certainly the noise from so called travelling fair which you seem to grant blaring music to happen all day long.....but you don't seem to want to do anything about them at all but for some reason have it in for the Pheasant pub and its landlord/lady..

lets look at the Positives.

1. reopened after the Pub was closed for several years and was looking into dis-repairnow look at it a vibrant/clean and well lit Pub
2. family Pub he welcomes the families and offers a large garden which is open to all ages along with free bouncy castle and keeps the children off gadgets and phones and socialising the future of the area again only 1 entrance to come in and there is security so everyone feels safe.
3. supports all local businesses in every way any work done on the pub the local businesses benefit
4. Community what a spirit there is dressing up the local island at there cost to bring a smile after what weve all been through.
5. local charities have benefited along with local clubs all paid for by the Pub by offering the pub to use along with money donations to there causes..
6. closes the doors when told and the singers are a good standard and the surrounding walls are high to help with noise created from the beer garden children playing which we all love to hear lets face it.
7. his supported and backed the local Conservative MP. and visited by.
8. offers a full menu to suit all and not just normal food its good food restaurant quality.

Lets look at the Negatives

1. if you remove the premises licence the Pub will be closed and vandalised and the local travelling community will move on there and become a dumping ground ...an eye sore...will the neighbours liek this??

2. The local businesses will suffer with work and support

3. the local clubs and community will not be able to meet or be supported by the Pub and its landlord..

The pub the Pheasant was built well before some houses in the area and people need to support the businesses and what it brings to the community.

my name is below and I'm happy to stand in front of panel and tell them these points....as a [REDACTED] of local secondary school we need these premises to remain open for all ages to socialise with there family and friends and it helps long term with the futures and not been controlled which i think is what your trying to do long term.
