Prevention of public nuisance

Further details

To whom it may concern

I have walked into my local establishment for food and a unwind after a busy weeks work and I was shocked to see a summons had been issued to the landlord this made a bad week even worse

I have been using the public place for many years and can say from person experience and how close to the establishment I live I have never heard any over powering music/entertainment in my 12years of living [REDACTED] so as you can imagine this has come as a shock because the landlord does so much for the community with fund raising and decorating the island for the kids and to bring community spirit back

So with this being said I would like you to review this application as so many people rely on having social interactions with each other weather they lonely just feeling down and just want a friendly face to talk about there weekly episodes such a family friendly pub and amazing food not just me but the whole community would be saddened if it was to close

Regards
