Further details

McDonalds Cannock Road does not have the car park capacity to cope with customers and home delivery vehicles. It is sited in a residential area and there is already noise nuisance and disturbance with vehicles parking fully on the pavement. It would be unfair on local residents to have to put up with this up until midnight. As you will be aware most customers at McDonald's are families, I find it difficult to believe that by extending hours from 11pm till midnight will benefit any families in the local area.
